The Idea of Expansion

The essence of successful expansion in an enterprise is a function of its readiness and its timing. Two years ago we embarked on a phase of rapid branch expansion in full knowledge of the capability and capacity of the management team for its implementation. Many thought it premature. As events have indicated, the process has been successful in its execution and results. The broader geographical reach is likely to embed retail growth into the future growth prospects of DCB Bank without which our 'steady state' growth path would have been severely impacted.

DCB Bank is now assured of continuous and steady growth in the years ahead.

CHAIRMAN'S STATEMENT FY 2017

This year has seen the major expansion of the Bank branch network according to the strategy we had set forth in October, 2015. I am happy to report that this has been successfully executed so far and our geographical expansion has begun to pay dividends. Returns from these branches will be more fully realised in the years ahead. Given this approach, this year's theme for the annual report is "The Idea of Expansion". The essence of a successful expansion in an enterprise is a function of its readiness and its timing. I do feel that we have got both right.

Given two successful years of adequate profitability, we are announcing our first dividend in thirteen years. This reflects a long and arduous task of rebuilding the Bank from first principles and developing a culture that is unique to ourselves. Last year's annual report described this culture in substantial depth. DCB Bank is on a path of profitable growth, with its NPAs under control and adequate provisioning. On almost all ratios, the Bank demonstrates sound banking practices and we are determined to ensure that this continues year by year into the future.

I am happy to report that DCB Bank's annual results for FY 2017 demonstrated the efficacy of our strategy. We have continued to grow as per plan in all parameters. Operating Profit was up 20% at ₹ 418 crore; PBT up 17% at ₹ 307 crore and PAT up at ₹ 200 crore. Our effective tax rate in FY 2017 was 34.90%. Our Balance Sheet grew by 26% to ₹ 24,046 crore and our NIMs improved to 4.04%. Our Gross NPAs increased by 29% to ₹ 254 crore and Net NPAs by 28% to ₹ 124 crore. The Net NPA ratio was 0.79% while

our Provision Coverage Ratio was 73.80%. This is an impressive outcome despite a very difficult year for the economy and especially the banking sector. It illustrates that DCB Bank's retail strategy is paying dividends and despite stormy seas the Bank is holding its course.

This year has not been an easy one. Industry saw muted growth and this reflected itself on the SME and MSME businesses which are our major area of concentration. Most companies were expecting a much more robust second half as the monsoons were evenly distributed and this suggested that consumer demand would return across industry classes. Unfortunately the demonetisation hit the economy in the short run. Of course in the long term it can benefit the country. DCB Bank was also impacted despite which it turned out results which were creditable. I was particularly proud that the unique culture that I spoke about was witnessed in action. The dedication of our staff to our clients was exemplary; not a single DCB Bank branch was closed even though cash was in such short supply. We tried our utmost to ensure that cash was distributed as evenly as possible. The many letters we received from our customers is a proud testament to our handling of this crisis.

The year also saw a number of achievements which were recognised. We won the Best Data Centre Design award for the Bank's Data Centre in the 2016 Data Centre Summit; the BSFI Digital Innovation Award for the Innovative usage of Emerging Technology and the Finnovity Award for the first Aadhaar based ATM. The culture and human resource areas also were recognised. During the year we conducted over 1,100 workshops

that covered 90% of our employees with 73% of employees participating in on line learning. DCB Bank has been certified as a Great Place to Work for building High Trust and High Performance Culture.

This all adds up to a process of continuous improvement which is a journey that will continue into the future. In a difficult year for the banking industry, DCB Bank as the small private sector bank has been able to avoid the pitfalls presented by the environment and to grow steadily maintaining a quality portfolio while enhancing its profitability. The Balance Sheet grew by 26% and is currently ₹ 24,046 crore. CASA did particularly well partly as a result of demonetisation but we intend to sustain its momentum in the coming year.

As we look to the future we face an environment that imposes challenges across industry. We need to

be mindful of the role of technology and the service support that our clients will expect in the months and years ahead. We are determined that DCB Bank will be ahead of the curve that this opportunity presents through the creativity culture that we have built up over the years and our constant emphasis on innovation. Simplicity is a major driver of innovation. Simplifying both internal processes and the customer interface combined with a problem solving capability which customers in the future will demand. Get things done quickly and efficiently will be the mantra of the future. The DCB Bank team is fully dedicated to this process and we hope to shape the possibilities that the future will bring.

INSTRUCTION FOR REMOTE E-VOTING

The Bank is pleased to offer Remote E-voting facility for its Members to enable them to cast their votes electronically. The procedure and instructions for the same are as follows:

- I. The Remote E-voting period begins on Monday, May 29, 2017 at 10.00 a.m. (IST) and ends on Wednesday, May 31, 2017 at 05.00 p. m. (IST). During this period, Members of the Bank holding shares either in physical form or in dematerialized form as on the cut-off date i.e. Thursday, May 25, 2017, may cast their votes electronically. The Remote E-voting module shall be disabled by CDSL for voting after 5.00 p.m. (IST) on Wednesday, May 31, 2017.
- II. The Members should log on to the Remote E-voting website: www.evotingindia.com.
- III. Click on the tab 'Shareholders/Members'.
- IV. Now Enter your User ID:
 - a. For CDSL: 16 digits beneficiary ID
 - b. For NSDL: 8 Character DP ID followed by 8 Digits Client ID
 - c. Members holding shares in Physical Form should enter Folio Number registered with the Bank
- V. Next, enter the Image Verification as displayed and Click on Login.
- VI. If you are holding shares in demat form and have earlier logged on to www.evotingindia.com and voted on an earlier voting of any company, then your existing password should be used.
- VII. If you are a first time user follow the steps given overleaf:

For Members holding shares in Demat Form and Physical Form	
PAN	Enter your 10 digit alpha-numeric *PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders) * Members who have not updated their PAN with the Company/Depository Participant are requested to use the sequence number, printed on Attendance Slip, in the PAN Field.
Dividend Bank Details OR Date of Birth (DOB) #	Enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy format) as recorded in your demat account or in the company records in order to login. #There are 2 fields provided. Any one detail to be entered. If both the details are not recorded with the depository or company, please enter the member id / folio number in the Dividend Bank details field as mentioned in instruction (iv).

- VIII. After entering these details appropriately, click on “SUBMIT” tab.
- IX. Members holding shares in physical form will then directly reach the Company selection screen. However, members holding shares in demat form will now reach ‘Password Creation’ menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for Remote E-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- X. For Members holding shares in physical form, the details can be used only for Remote E-voting on the resolutions contained in this Notice.
- XI. Click on the Electronic Voting Sequence Number (EVSN) of “DCB Bank Limited”.
- XII. On the voting page, you will see “RESOLUTION DESCRIPTION” and against the same the option “YES/NO” for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- XIII. Click on the “RESOLUTIONS FILE LINK” if you wish to view the entire Resolution details.
- XIV. After selecting the resolution you have decided to vote on, click on “SUBMIT”. A confirmation box will be displayed. If you wish to confirm your vote, click on “OK”, else to change your vote, click on “CANCEL” and accordingly modify your vote.
- XV. Once you “CONFIRM” your vote on the resolution, you will not be allowed to modify your vote.

- XVI. You can also take out print of the voting done by you by clicking on “Click here to print” option on the Voting page.
- XVII. If Demat account holder has forgotten the changed password, then enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.
- XVIII. Shareholders can also cast their vote using CDSL’s mobile app m-Voting available for android based mobiles. The m-Voting app can be downloaded from Google Play Store. Apple and Windows phone users can download the app from the App Store and the Windows Phone Store respectively. Explanatory Statement as required under Section 102(1) and any other applicable provisions of the Companies Act, 2013 annexed to and forming part of the Notice dated April 14, 2017:

ITEM NO.3

Mr. Amin Manekia was appointed as an Independent Director in the Annual General Meeting held on June 6, 2014. In the month of October, 2016, he has informed the change in his status from Independent Director to Non-independent Director and would thus be liable to retire by rotation. The Board has recommended that he be re-appointed as a director, liable to retire by rotation. Post change in status by Mr. Manekia, the Bank continues to comfortably meet the criteria set under the Companies Act, 2013 and SEBI (LODR) Regulations, 2015 for number of Independent Directors on the Board of the Bank.

The Bank has received a letter from a shareholder signifying his consent to propose Mr. Manekia as Director of the Bank along with a requisite deposit. Necessary details of Mr. Manekia are given in a separate annexure to the Notice.

None of the Directors except Mr. Manekia, or Key Managerial Personnel or their respective relatives are, directly or indirectly, concerned or interested financially or otherwise in the passing of the Resolution at Item No.3.

ITEM NO. 5

Raising of Funds by issue of bonds/ debentures/ securities on private placement basis

The Bank has been borrowing funds to meet the business requirements within the limits approved by the Members by way of issuance of various debt securities (bonds/debentures) as permitted by the Reserve Bank of India ("RBI") and in accordance with the provisions of Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008, as amended, and other applicable laws, from time to time.

In terms of Section 42 of the Companies Act, 2013 read with Companies (Prospectus and Allotment of Securities) Rules, 2014, the Bank is permitted to make a private placement of securities subject to the condition that the proposed offer of securities or invitation to subscribe securities has been previously approved by the Members of the Bank, by a special resolution, for each of the offers or invitations/subscriptions. In case of offer or invitation for subscription of non-convertible debentures, it shall be sufficient if the Bank passes a special resolution only once in a year for all the offers or invitation for subscription of such debentures during the year. While the shareholders had passed a special resolution in the last Annual General Meeting (AGM) held on June 1, 2016, it has validity of 1 year i.e. upto May 31, 2017. In case the Bank needs to or gets an opportunity to raise such funds post such validity, it will require shareholders' fresh approval at that time which could be time consuming. Hence it is proposed to seek approval of the members once again in this financial year so that the validity could be extended upto May 31, 2018.

Further, considering the features of the revised guidelines issued by RBI on issue of long term bonds/ Basel III Tier I /Tier II bonds and the fact that these bonds will also assist the Bank in reducing asset-liability mismatches, the Board of Directors has proposed to obtain the consent of the members of the Bank for borrowing/ raising funds in Indian/ foreign currency by issue of debt securities pursuant to the relevant provisions of the applicable circulars or guidelines issued by RBI, up to ` 450 crore (Rupees four hundred fifty crore only) in aggregate, for additional Tier I and Tier II capital, in one or more tranches in domestic and /or overseas market, as per the structure and within the limits permitted by RBI and other regulatory authorities, to eligible investors on private placement basis, on such terms and conditions as the Board of Directors or any Committee(s) thereof or such other persons as may be authorized by the Board, from time to time, determine and consider proper and appropriate for the Bank. This would form part of the overall borrowing limits under Section 180(1)(c) of the Companies Act, 2013. The Resolution under Section 42 of Companies Act, 2013 shall be valid for a period of one year from the date of passing of this resolution.

The pricing of the debt securities referred above depends primarily

upon the rates prevailing for risk free instruments, rates on other competing instruments of similar rating and tenor in the domestic or overseas markets, investor appetite for such instruments and investor regulations, which enable investments in such instruments.

Further, debt securities would be issued for cash either at par or premium or at discount to the face value depending upon the prevailing market conditions, as permitted under the Laws.

Accordingly, the approval of Members is being sought by way of special resolution as set out at in Item No.5 of this Notice for borrowing/raising funds in Indian/ foreign currency by issue of debt securities on private placement basis.

Your Board recommends the special resolution, as set forth in Item No.5 of this Notice for approval by the Members of the Bank.

None of the Directors or Key Managerial Personnel or their respective relatives are, directly or indirectly, concerned or interested financially or otherwise in the passing of the Special Resolution at Item No.5.

ITEM NO. 6

Increase in borrowing powers

In terms of Section 180(1)(c) of the Companies Act, 2013, borrowings by the Bank (apart from the deposits accepted in the ordinary course of business by the Bank, temporary loans repayable on demand or within six months from the date of the loan, and temporary loans, if any, obtained from the Bank's bankers, other than loans raised for the purpose of financing expenditure of a capital nature), in excess of the paid-up capital of the Company and its free reserves, require the approval of the Members by way of special resolution.

Under Section 180 of the Act, the aforementioned powers of the Board can be exercised only with the prior consent of the Members of the Bank by a Special Resolution. Such an approval from the members was last secured through Postal Ballot on March 21, 2016.

Considering the growth in business and operations of the Bank, opportunity to raise attractive borrowings as per the recent guidelines of the RBI on Issue of Long Term Bonds by Banks for financing including that of Infrastructure and Affordable Housing, relaxation in Basel III guidelines on limit of Additional Tier I and /or Tier II capital to be considered for Capital Fund purpose as well as opportunity to obtain refinance from term lending institutions, your approval is being sought to increase the borrowing limits to ₹ 2,200 crore (Rupees two thousand two hundred Crore).

Your Board recommends the resolution at Item No. 6 of the accompanying Notice for the approval of the Members of the Bank by way of Special Resolution.

None of the Directors or Key Managerial Personnel of the Bank or their respective relatives is concerned or interested in the passing of the Special Resolution at Item No.6.

ITEM NO.7

Ratification of Bonus paid to the Managing Director & Chief Executive Officer (MD & CEO) for FY 2015-16 and authorizing the Board to decide on increase in his remuneration inclusive of

Bonus on an ongoing basis

The Reserve Bank of India vide letter dated October 5, 2016 has based on the recommendation of the Bank, approved the payment of bonus of ₹ 1.15 crore to Managing Director & CEO of the Bank for the Financial Year 2015-16.

At the Annual General Meeting (AGM) held on June 1, 2015, the shareholders of the Bank, subject to approval from the Reserve Bank of India, had authorized the Board of Directors of the Bank (as per recommendation of the Nomination and Remuneration Committee of the Board) to decide on the increase in remuneration payable to Mr. Murali M. Natrajan, Managing Director & CEO (MD & CEO) of the Bank, during his tenure from April 29, 2015 to April 28, 2018 up to 15% per annum. Accordingly, the revision in remuneration for the FY 2016-17 was approved by the Board in its meeting held on April 15, 2016 which was within the aforesaid cap of 15% and paid to the MD & CEO during the year as detailed under 'Corporate Governance' section. However payment of bonus was not covered in the aforesaid approval of the shareholders and therefore the same has been recommended for shareholders' approval.

The Board now also wishes to obtain an enabling approval of the shareholders, authorizing it to decide on the annual increase in the remuneration of the MD & CEO and payment of bonus, subject to approval of Reserve Bank of India, up to 15% of the previous year's annual remuneration inclusive of the Bonus paid, if any, during the previous year

Your Board therefore, recommends passing of the Resolution as set out in Item No. 7 of the Notice ratifying payment of bonus to MD & CEO of the Bank for the FY 2015-16 and authorising the Board for consideration and payment of bonus for subsequent financial years, subject to necessary approvals being in place.

None of the Directors or Key Managerial Personnel other than Mr Murali M. Natrajan, or their respective relatives are, directly or indirectly, concerned or interested financially or otherwise in the passing of the Resolution at Item No.7.

MANAGEMENT DISCUSSION AND ANALYSIS

Vision

The Bank's vision is to be the most innovative and responsive neighbourhood bank in India serving entrepreneurs, individuals and businesses. In line with our vision, we began implementing a new strategy in FY 2010 which has now completed 7 years. The Bank continues to make steady progress and improvements are clearly visible in most areas of its business. In order to accelerate the business

momentum further, in October 2015, the Bank announced its plan to increase its network by 150 more branches in 24 months.

Target Market

Keeping in view its inherent strengths, branch network and expertise, the Bank's target market is mainly small business owners /self-employed / small business segment (traders, shop keepers, business owners, MSMEs and SMEs). The Bank has chosen to have limited presence in the salaried segment. The MSME / SME sector plays a very important role in the growth of the Indian economy.

MSME sector plays a pivotal role in the economic and social development of the country. Some important information on MSME sector is given below:

- Number of Working Enterprises – 49 million, Employment – 111 million
- Urban – 45%, Rural – 55%
- Manufacturing – 32%, Service – 68%
- Sole Proprietor – 94%
- Market value of Fixed Assets – INR 13,637 billion

(Source: Annual Report 2014-15 Government of India, Ministry of Micro, Small and Medium Enterprise)

Also, as per DNA survey, June 2013, the Indian workforce consists of 51% self-employed.

DCB Bank Customers

Your Bank deals with several types of business owners, self-employed / small businesses for example - Trader, Commodity, Gold Trader, Vegetable Trader, Commission Agent, Retailer, Restaurant Owner, Caterer, Baker, Vending Machine Supplier, Consultant, Doctor, Contractor, Interior Decorator, Software Designer, Salon, Beauty Parlour, Printer, Electrical Engineer, Saw Mill, Flour Mill, Rice Mill, Grocery Store, Brick Maker, Builder, Fabricator, Artist, Writer, Auto Repair, Ship Repair, Pharmacy, Computer Specialist, Furniture Maker, Uniform Maker, Garment Shop, Fashion Tailor, Hardware Shop, Agri Processor, Pesticide Dealer, Auto Dealer, Scrap Dealer, Stationery Supplier, FMCG Dealer, Tool Maker, Agri Input Dealer, Tractor Dealer, Plastic Manufacturer, Mattress Manufacturer, Water Supplier, Computer Classes, Internet Café, Coaching Classes, Tour Operator, Hotel Owner, Transporter, Ticketing Agent, C&F Agent etc. The list of Self Employed occupation is endless. The target market is essentially Micro, Small and Medium Enterprises both in Manufacturing and Services. (Please refer to MSMED Act, 2006). Majority of lending to MSME sector qualifies for Priority Sector Lending. It is estimated that over 80% of CASA accounts and 80% of Mortgage loans are in the self-employed segment for the Bank.

Credit Rating

The Bank continues to enjoy ICRA A+ (hyb)/(stable) rating for Long Term – Subordinated Debt, ICRA A1+ rating for Short Term Fixed Deposits, CRISIL A1+ rating for both Certificate of Deposits and Short Term - Fixed Deposits.

Awards

Your Bank received a number of awards and recognition in FY 2017:

- Best Data Center Design – Data Center Summit 2016
- Indian Express Award for Innovation – Aadhaar Based ATM

- BFSI Digital Innovators Award – Innovative Usage of Emerging Technology
- Finnoviti Innovation Award – Aadhaar Based ATM
- Best Prepaid Program – Drivers of Digital Awards 2016

Branch Expansion / ATMs

In October 2015, the Bank announced its intention to increase the number of branches by 150 in 24 months. Accordingly, in FY 2017, your Bank increased its branch network by 64 branches – 30 in Retail and 34 in Agri and Inclusive Banking (AIB). The year ended with 262 branches (150 in Retail and 112 in AIB) in 18 states and 2 union territories. Approximately 22 percent of the branches are in rural areas and 25 percent in semi-urban areas. Your Bank has created fair degree of standardization in terms of “look and feel” of the branches across India. Based on the business model adopted by the Bank, new branches generally “break even” between 18 to 22 months from the date of operation. Over time the Bank has been able to make step by step improvements in the execution of business model. The Bank believes in hiring suitable talent and ensuring proper grooming / mentoring through in-house training programs. In order to improve the overall performance, controls and customer service, the Bank strengthened the organisation structure of managing branch network. The concept of Cluster Services Operations Managers (CSOM) independent of the sales team was introduced in the previous year. The entire network is grouped into manageable clusters for closer supervision. One of the key focus areas for the Branch Operations team is to simplify the existing processes in order to provide better service to customers. Accordingly, the Branch Operations team simplified 42 processes in FY 2017. Simultaneously risk management and monitoring aspects were also strengthened. The Bank has increased its ATMs from 410 in FY 2016 to 515 in FY 2017. Unfortunately, during demonetisation there was not enough cash available and therefore, a large number of ATMs could not be operated. This resulted in customer inconvenience and loss of business to the Bank. While all ATMs have been re-calibrated and become operational, they will become fully functional in the coming months as cash availability is steadily improving.

RETAIL BANKING

Retail Banking offers comprehensive range of Deposits and Advances products. At the end of FY 2017, Retail Banking has 150 branches and has a multi-product approach with focus on productivity and service excellence. In the deposit side a number of new products were introduced to address the needs of institutions as well as individuals. A large part of the retail banking responsibility is to steadily increase CASA and Term Deposits in order to provide cost effective and stable funding for Advances. In FY 2017, CA balances grew by 30 percent and SA balances grew by 36 percent. Some part of the CASA growth was due to demonetisation that resulted in cash deposits into both existing and new accounts. CASA ratio was 24 percent at the end of FY 2017. Overall Term Deposits registered 29 percent growth. One of the highlights of FY 2017 is the launch of DCB Suraksha Deposit – a unique product where customers get insurance cover at zero cost if they opt for longer tenor term deposit (subject to conditions).

Mortgage and Micro Mortgage

Mortgage is the lead product of the Bank addressing primarily the self-employed segment offering tailor made solutions. It contributes approximately 43 percent of Advances of the Bank. Both home loans and business loans are offered. Almost all retail branches offer Mortgage/Micro Mortgage loans. In order to support business growth, dedicated sales teams are present in 76 locations across India. Micro or small ticket mortgage loans are most useful for customers in the Tier 2 to Tier 6 locations. Many in the rural and semi-urban areas are deriving incomes from unorganized sector. At times it becomes difficult to get proof of their capacity to repay. Therefore, the Bank needs to have the ability to assess the household income in order to determine eligibility. Personal discussion with the customer is an essential part of the credit assessment. The purpose of the loan, inter alia, may include home construction, home purchase, home repairs, business enhancement, marriage and education. In FY 2017, the retail Mortgages grew by approximately 22 percent as compared to the previous year.

Construction Finance (CF)

Construction of flats and providing housing is a critical part of a growing economy. India has a huge population which does not own flat/house. For banks, financing construction is a good opportunity. However, there are numerous risks that need to be taken into consideration. Demonetisation has impacted construction business. Therefore, the Bank needs to be very cautious in CF portfolio. The focus is on reputed builders with a strong track record who are targeting the end users with reasonably priced homes catering mainly to middle and lower incomes. The positive side effect of CF is growth in CA balances and providing home loans to home buyers. Real Estate (Regulation and Development) Act 2016 (RERA) is likely to bring about major changes in the Construction Business and consequently financing.

Commercial Vehicle (CV)

CV financing was restarted in FY 2013 and is now offered in 108 locations. The main objective behind re-entering the business was to improve the Bank's ability to achieve PSL. More than 85 percent of CV portfolio falls under PSL. Although economic conditions were weak, so far the portfolio quality has been maintained at an acceptable level. CV industry is an essential part of the Indian economy and in the coming years the Bank has a good opportunity to build a large CV portfolio. Overall CV business achieved growth of 54 percent in FY 2017 as compared to the previous year.

Loan against Gold

Loan against Gold is offered in almost all branches (Retail and AIB). In FY 2017, as part of process improvement initiatives the Bank further expanded "One hour loan approval / disbursal process" in many more branches. The Loan against Gold business slowed down during demonetisation. With the increase in branches your Bank hopes to steadily build a large Loan against Gold portfolio to provide further diversity to the overall business.

Debit Cards

In FY 2017, as compared to the previous year, Cards in Force (CIF) increased by 107 percent. The number of Point of Sale (POS) transactions increased by 149 percent in comparison to the previous

year. The number of e-commerce transactions increased by 60 percent in comparison to the previous year. The demonetisation initiative has been one of the key factors in rapid increase in digital transactions.

DCB Payless Cards

This is a unique product offered by the Bank and is a preferred card for those self-employed segment that are unable to provide sufficient income proof or do not have an acceptable credit track record. In FY 2017, as compared to the previous year, CIF increased by 32 percent, the number of transactions on POS increased by 45 percent and the number of e-commerce transactions increased by 46 percent.

DCB Janajeevan Prepaid Card

The Bank launched India's first co-branded prepaid card for disbursal of small loans by Janalakshmi Microfinance in FY 2014. The product is administered in association with Jana Urban Foundation. The program aims to provide cashless disbursal which has a major positive impact on financial inclusion. In FY 2017, the total cards issued crossed 57 lakhs. As mentioned in the earlier year report the program also won two prestigious awards – (a) "The Best Prepaid Product of the Year" at the 5th IMAI Digital Awards (b) "The Most Innovative Prepaid Card" at the Finnoviti 2015.

Distribution of Mutual Funds and Insurance

The Bank distributes Mutual Funds, Life Insurance and General Insurance products to new and existing customers. This helps in deepening relationship with Deposit and Advances customers.

Traditional Community Banking

With a vision of strengthening neighbourhood banking, the Bank set up a separate vertical in FY 2010 with the aim of providing personalized attention to the community customers and winning back lost relationships. In FY 2017, as compared to the previous year, Traditional Community Banking Deposits grew by 12 percent and Advances increased by 22 percent.

Non-Resident Indian (NRI) business

In FY 2017, NRI deposits contributed 8 percent of the Total Deposits. During the year approximately 1,683 new customers were acquired. The Bank has customers across 128 countries. The NRI deposits achieved growth of 16 percent in FY 2017 as compared to the previous year.

Collections

Collections is an important function for the Bank. It helps to provide timely reminders to customers and also ensure portfolio quality. The Bank's in-house Collections team is a common utility for all products and is present in 179 locations pan India. In the previous year, in order to assist field collections, the Bank introduced m-Collect, a smart phone based application that helps in providing system generated receipts on the field. The application also instantly provides real time updates to the loan system helping improve efficiency and provide customer convenience. Collections and recovery process was impacted by demonetisation. The Bank made extra efforts to ensure portfolio quality.

Strategic Alliances

One of the key strategies of the Bank is to look for alliances with

entities that may have similar business objectives. The idea is to improve the product benefits to customers that helps to improve fee income and loyalty.

The Bank is also working with many "Fintech" companies to introduce new products and or unique way of acquiring / servicing customers. The Bank has partnered with Niyopay to launch a unique salary account solution. In addition the Bank has partnered with Seynse technologies and Zest Money for digital lending solutions. DCB Bank is also amongst the first few banks to have gone live on Bharat QR code solution. The Bank also launched its own wallet during the year named as "Cippy".

MSME and SME

The importance of MSME and SME to India's economy and the Bank's strategy of targeting this segment have already been mentioned earlier

in this discussion. The Bank has created robust sales, underwriting and portfolio monitoring capability for growing the MSME/SME business, offering a wide range of products and personalized services including Foreign Exchange, Cash Management, Trade Finance and Internet Banking. The aim is to become the business partner of this vibrant entrepreneurial segment of the economy. The Bank targets largely small ticket size MSME / SME customers. In FY 2017, MSME/SME Advances grew by approximately 18 percent as compared to the previous year. Competition is intense and therefore the Bank put in place a special unit to ensure that quality customers are retained through constant relationship efforts. MSME / SME segment needs to embrace the digitisation agenda of the country. They also need to make appropriate adjustments to their business models to take advantage of Goods and Service Tax (GST) which is likely to be implemented in the coming months.

CORPORATE BANKING

Corporate Banking is present across India with regional offices in Ahmedabad, Bengaluru, Chennai, Delhi, Hyderabad, Kolkata, and Mumbai. The business objective is to provide a complete range of commercial banking solutions including Foreign Exchange, Trade Finance and Cash Management. In FY 2017, the Bank added 36 new relationships in Corporate Banking. The Bank has a robust underwriting and credit systems to address the inherent risks in Corporate Banking exposure. The emphasis is on building a secured advances portfolio and building long term relationships with high quality large and mid-corporate houses. Regular review of the existing exposure is done with the aim of initiating timely action in case of any emerging risks. In FY 2017, we had some slippages into NPA primarily on account of economic stress in some sectors. As a result of the early warning systems in place and timely management of risky exposures, Corporate Banking portfolio quality remained stable.

AGRI AND INCLUSIVE BANKING (AIB)

AIB is a separate business unit formed to achieve financial inclusion. At the end of FY 2017, this unit had 112 branches in 10 states. There are many opportunities to offer simple yet innovative products backed by superior technology in the rural and semi-urban areas of India. Many of the new branches are located in Tier 2 to Tier 6 locations. There is a constant endeavour to cater to under and unbanked population of the country through a wide range of products, for example, zero balance savings accounts, small recurring deposit account, small loans to match the income and cash flow cycle. AIB also coordinates the entire PSL efforts for the Bank and is primarily responsible for achieving the financial inclusion targets. In FY 2017, AIB Advances grew by approximately 25 percent as compared to the previous year.

Pradhan Mantri Jan-Dhan Yojana (PMJDY)

In FY 2017, your Bank actively participated in PMJDY and opened 26,306 PMJDY accounts as on March 31, 2017. The Bank has enabled Rupay Debit Cards for PMJDY account holders.

Pradhan Mantri Suraksha Bima Yojana (PMSBY), Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY), Atal Pension Yojana (APY)

The Bank successfully reached out to unbanked and economically

weaker population through PMSBY, PMJJBY and APY programs that are designed to bring social security. Your Bank had 7,597 customers under PMSBY, 10,952 customers under PMJJBY and 1,331 customers in APY as on March 31, 2017.

Basic Savings Bank Deposit Account (BSBDA)

BSBDA has replaced "No frills account". This is a wonderful product for achieving financial inclusion especially those who have limited transaction needs in the low income group and may not have proper identity, address, date of birth or signature proofs. Bank had 57,967 BSBDA accounts as on March 31, 2017.

Kisan Mitra

"Kisan Mitra" as the name suggests, is a liability product which fulfils the requirement and enhances the saving habit in rural areas. It is a product specially designed for members of co-operative institutions (example dairy co-operative, sugar co-operative). It is a modified Savings Account with zero account opening amount and no Average Quarterly Balance maintenance charges. Co-operative institution payments are routed through this account.

Warehouse Construction Loan

There is a huge need in the country to provide farmers with scientific storage so that wastage and stock deterioration can be reduced. Also, proper warehousing helps farmers to retain their produce and obtain fair pricing for their produce instead of selling in distress.

Retail Agriculture Loan and Kisan Credit Card

In order to meet the credit needs of the farmers, the Bank has several retail agri products namely Crop loans (example purchasing seeds, fertilizers, pesticides, manures, irrigation), Animal Husbandry loans, and loans for investment purpose like land improvement, irrigation and hi-tech agriculture.

Tractor Loans

Tractors form an integral part of the total agricultural equipment sector and is an indirect indicator of growth in the agricultural sector. The Bank has slowly built its business across Tier 2 to Tier 6 branches. Providing tractor loans helps the Bank to partly meet PSL targets for agriculture set by the RBI.

Microfinance Institutions (MFI) and Business Correspondents (BCs)

The Bank lends directly to MFIs who in turn lend to end borrowers. Over time, the Bank has created a strong network of MFI relationships across India. The Bank is also providing unsecured loans through BCs in a few states of the country. The loans are given to members of SHGs and JLGs for livelihood activities thereby enabling them to avail small loans from banking sector instead of high cost borrowing from informal channels. These loans are primarily provided to small farmers and weaker sections mainly in rural areas. In order to support the volume growth, your Bank introduced new software system for managing BC Loans. This software helps maintain adequate information about the borrowers under SHG, JLG and Microenterprises categories. It provides a common platform to both Bank and BC for smooth processing of loans and has added immense value by reducing the loan disbursal cycle time. In recent months there is some stress being faced by the entire industry in the MFI / BC business. The Bank has

always adopted a cautious approach towards this sector and it is taking measured steps to maintain portfolio quality.

Commodity Based Finance (CBF)

The Bank is engaged in lending to farmers and agri processors against agricultural produce stored in the designated warehouses. The Bank has a list of approved commodities against which the loans are given. Given the volatile market conditions the Bank has chosen to be cautious in pursuing CBF opportunities.

TREASURY, MONEY MARKET AND FOREIGN EXCHANGE

Treasury

Treasury actively manages liquidity, Fixed Income Securities Trading, Investment in Equity through Initial Public Offers (IPOs), FX Trading and Customer Sales. Treasury ensures compliance with regulatory requirements such as CRR and SLR. As the Bank's performance continues to improve, many reputed Financial Institutions (FIs) have started subscribing to Certificate of Deposits (CDs) issued by the Bank. In FY 2017, the Bank made cautious gains by utilizing the trading opportunities in G-Sec presented by declining interest rates. The Bank invested in a number of Equity IPOs and booked moderate listing gains. The Bank also invested in medium term AAA Corporate bonds, short term Commercial Papers and Certificate of Deposits of other banks in order to earn interest income on liquidity mismatches.

Money Market

The country reported Gross Domestic Product (GDP) growth of 7.1% in FY 2017. The Index of Industrial Production (IIP) growth was low mainly due to contraction in manufacturing because of decline in demand for Capital Goods. The Consumer Price Index (CPI) inflation declined to 3.81% in March, 2017 from a high of 6.07% in July, 2016 primarily driven by food and fuel prices. RBI conducted variable rate REPO and OMO in the market to maintain sufficient liquidity. Decline in global commodity prices and expectation of rate cuts by RBI led to softening of 10 year G-SEC yields. Demonetisation created excess liquidity and markets remained somewhat uncertain. The Monetary Policy Committee has targeted inflation at 4% and is likely to act accordingly with respect to monetary policy in the coming months.

Foreign Exchange

There were a few geo-political events in FY 2017 that affected the global and Indian markets. The two main events were Presidential Election in USA and Brexit in UK. Both British Pound vs US Dollars and Euro vs US Dollars were impacted by these massive events. In anticipation of large contracted outflow of FCNR funds, INR depreciated. However, sentiments improved towards later part of the year due the ruling party winning some crucial state assembly elections. This resulted in strengthening of INR vs US Dollars. Oil price remained range bound. Both domestic and foreign flows helped to liven up the Sensex.

TRANSACTION BANKING

Cash Management Services (CMS)

The Bank provides Corporates, MSME / SMEs and Retail customers sophisticated and cost effective CMS. This helps customer to manage

their payment logistics in a hassle free manner. In the last few years, the Bank has steadily increased CMS customers. At the end of FY 2017, the Bank had 4,379 active customers using the CMS facility.

Business Internet Banking (BIB)

The Bank offers state-of-the-art BIB features especially designed for MSME / SME customers. At the end of FY 2017, BIB facility was availed by 19,772 users. The BIB software is likely to be upgraded in FY 2018.

Credit Risk

The Credit Risk unit ensures alignment with the objectives of achieving growth while maintaining portfolio quality by making appropriate risk / reward trade-offs. The idea is to ensure long term sustainable performance across business cycles. Regular efforts are made to improve risk assessment and control processes. Credit Risk unit over time has developed capabilities to assess the risks associated with various products and business segments. As far as possible, efforts are made to standardize the entire process pan India while taking into account geographic nuances. The Bank has implemented a rating model that takes into account both quantitative and qualitative factors and produces a rating that becomes one of the key inputs to credit decisions. In FY 2017, the Credit Risk unit ably supported the business / branch expansion agenda of the Bank. One of the main focus areas for the Credit function was improving productivity and customer experience. In order to continuously improve the quality of the portfolio, the Credit Risk unit invested in SAS analytics and created several insightful analysis/models which helped in refining the product offering and collections/recoveries. Key processes in credit underwriting were examined and duplication was reduced to improve speed of processing and costs. Periodic portfolio reviews were conducted with business units which helped to improve customer targeting and profitability.

Concentration Risk

Concentration risk is monitored and managed both at the customer level and at the aggregate level. The Bank continuously monitors portfolio concentrations by segment, ratings, borrower, group, sensitive sectors, unsecured exposures, industry and geography. The Bank adopts a conservative approach within the regulatory prudential exposure norms.

Market Risk

Besides the usual monitoring of Structural Liquidity, Interest Rate Sensitive Gap limits and Absolute Holding limits, the Bank also monitors interest rate risks using Value at Risk limits. Exposures to Foreign Exchange and Capital Markets are monitored within pre-set exposure limits, margin requirements and stop-loss limits.

Country Exposure Risk

The Bank has established specific country exposure limits which is capped at 1.5% of Total Assets. The limit also depends upon rating of individual countries. The Bank uses the mitigant of insurance cover available through the Export Credit and Guarantee Corporation (ECGC), where appropriate.

Liquidity Risk

As part of the liquidity management and contingency planning, the

Bank assesses potential trends, demands, events and uncertainties that could result in adverse liquidity conditions. The Bank's Asset Liability Management (ALM) policy defines the gap limits for the structural liquidity and the liquidity profile is analysed on both static and dynamic basis by tracking cash inflow and outflow in the maturity ladder based on the expected occurrence of cash flow. The Bank undertakes behavioural analysis of the non-maturity products, namely CASA, Cash Credit and Overdraft accounts on a periodic basis to ascertain the volatility of balances in these accounts. The renewal pattern and premature withdrawals of Term Deposits and drawdowns of un-availed credit limits are also captured through behavioural studies. The liquidity profile is estimated on an active basis by considering the growth in Deposits, Advances and investment obligations. The concentration of large deposits is monitored on a periodic basis. Emphasis has been placed on growing Retail deposits and avoid as far as possible bulk deposits. The Bank periodically conducts liquidity stress testing.

Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people or systems, or external events. The Bank's operational risk management framework is defined in the Operational Risk Management Policy approved by the Board of Directors. While the policy provides a broad framework, Operational Risk Management Committee (ORCO) oversees the operational risk management in the Bank. The policy specifies the composition, roles and responsibilities of the ORCO. The framework comprises identification, assessment, management and mitigation of risks through advanced tools and analysis.

New products or services introduced are subject to a risk review and sign-off process so that relevant risks are identified and assessed independently from the unit proposing the product. There is a separate Management Committee for Approval of Process (MCAP) constituted to approve and review various processes in the Bank. The said committee consists of experienced bankers and subject matter experts. Internal Audit also reviews the processes that are implemented as part of the audit function.

Reputational Risk

The Bank pays attention to issues that may create a Reputational risk. Events that can negatively impact the Bank's position are handled cautiously ensuring utmost compliance and in line with the values of the Bank.

Implementation of Basel III guidelines

In accordance with RBI guidelines, the Bank has migrated to Basel III capital adequacy disclosures with effect from Q1 FY 2014. The Bank continues to review and improve on its risk management systems and practices to align them with international best practices. The Bank has successfully implemented Standardized Approach for Credit Risk, Standardized Duration Approach for Market Risk and Basic Indicator Approach for Operational Risk.

INFORMATION TECHNOLOGY (IT)

The Bank has been making good progress towards "digitisation". The demonetisation initiative has been a major impetus in moving

India rapidly towards a “less cash” economy. Smart phone is steadily becoming ubiquitous and customers want everything on their mobile phone. The Bank is on transformational journey to stay ahead of competition. Last year the Bank launched India’s first Aadhaar based ATM and has installed close to 91 Aadhaar based ATMs pan India. The Bank’s IT strategy has four pillars – 1) Core Applications – continuously upgrade to support digital transformation, 2) Mobile/Tab – create customer convenience by optimum use of mobile devices, 3) Payments – offer innovative solutions that are dynamic, secure and fast, 4) Infrastructure – modernize to support business growth in a cost effective and secure manner. In FY 2017, the Bank implemented many new applications/upgrades for example - a) Aadhaar IRIS based tab banking solution for instant verification of KYC, b) DCB Delight (Instakit) instant account opening for Savings Account customers, c) Online Foreign Exchange platform for retail customers, d) Loans on the Go mobility application for providing information on loans e) Automated trade finance inward remittances process through seamless integration of SWIFT and NEFT f) Successful migration to and certification of Information Security Management based on ISO 27001:2013 standard, g) Online Mutual Funds module for ease of buying and redeeming mutual funds. The Bank also participated in a two day event “Digi Dhan Mela” organized by Ministry of Electronics and Information Technology.

OPERATIONS

The Bank’s focus is on creating a cost effective scalable Operations unit that can deliver superior customer experience. The Bank intends to achieve optimum centralization of activities to National Processing Center (NPC) Chennai with the idea of creating a centre of excellence. The NPC faced enormous volume pressures during demonetisation period (November and December 2016). In FY 2017, Cheque Truncation System process was in-housed resulting in cost savings and reduction in potential errors. On a pilot basis, the printing of debit cards and PIN was also in-housed at NPC, Chennai.

INTERNAL AUDIT (IA)

IA has a team of professionals, experienced bankers, domain experts and new comers with audit and finance background. The Audit Committee of the Board (ACB) provides direction and monitors the effectiveness of the IA function. IA forms the third line of defence in the overall risk management framework of the Bank. IA is independent and continuously evaluates and tests the internal controls to identify gaps, inadequacies and residual risks. The IA function incorporates RBI guidelines, aims to embrace the best practices from the industry, professional bodies and strives to follow high standards. IA has put in a detailed risk assessment and audit planning process in place. IA approaches each audit with adequate preparation relying on analytics to help identify areas of focus. In FY 2017, IA conducted 216 branch audits, 12 periodic audits, 7 compliance audits, 7 information system audits and 8 snap audits. IA also undertook a special audit after the demonetisation exercise was completed. IA continues to appraise the Board, the ACB and the Management teams in terms of newer emerging control issues and recommend appropriate mitigating measures.

HUMAN RESOURCES

Your Bank has a dynamic and creative HR unit. In FY 2017, the HR unit continued people agenda of developing, caring, engaging and building a culture that supports performance and growth. The Bank’s headcount went up from 4,248 in FY 2016 to 4,979 in FY 2017. More than 90% of the new employees were covered by the HR induction program. The HR unit has a special focus on “new generation” employees. This is necessary in order to build a pipeline of supervisors and leaders for the future. In order to improve the quality of supervision and supervisors, an internal survey titled “Speak” was administered in which 96% of the employee strength participated giving feedback on 7 key dimensions of people management. The survey generated 557 supervisor scorecards. As part of the talent development initiative, ACE program was launched especially for staff identified as “Hi-potential” and “Critical”. The Bank improved its Great Place to Work score from 73% in FY 2016 to 75% in FY 2017. New program called Wizcom covering four “Cs” of communication was introduced in order to improve the skills of employees. Fun elements were added to Wizcom by introduction of informal “DCB Toastmasters Club” and “Adarsh” mascot. The Bank already has several signature development programs that have been in existence for more than 5 years namely Budding Branch Manager, ASPIRE, LEAP and RISE. DCB Allympics (staff sports event) which was introduced in FY 2016 became much bigger and more exciting. All major locations in India where the Bank has its offices / branches conducted DCB Allympics in FY 2017. In order to explain the employee benefits in a creative manner a unique concept called DCB Chaupal was organised in many locations providing an opportunity to directly connect with the staff and explain the employment benefits in the Bank.

STAFF PARTICIPATION IN CORPORATE SOCIAL RESPONSIBILITY (CSR)

The Bank has a unique concept whereby each employee is allowed 2 days paid leave every year for participating in the Bank’s CSR thrust areas. Over 300 employees participated in various activities across Bengaluru, Bhopal, Delhi, Hyderabad, Mumbai and Pune. For example the Bank staff organised delivery of water tankers for 25 days to severely drought affected Saarul (population of approximately 2,000) situated in Maharashtra. The village has only one well which had dried up. In Dongri area of Mumbai, the Bank staff joined hands with the local seniors and school children who went door to door to deliver garbage bins while conveying message of cleanliness. The event was attended by local MLA and senior BMC staff. A large contingent of the Bank staff visited Sanjay Gandhi National Park in Mumbai to learn about waste segregation and manure creation process. In Bengaluru, the Bank staff volunteered in de-weeding of Putenahalli lake. The Bank helped the Border Security Force at Wagah Border in providing visitor friendly facilities such as wheel chairs and garbage bins.

CUSTOMER SERVICE

Ensuring customer delight in every interaction remains the Bank’s core desire for growth and success. Customer complaints and satisfaction levels are monitored by the MD & CEO and Senior Management team. An independent Service Excellence team analyses

customer complaints, identifies the root cause, makes suggestions for process improvements and follows up with the respective units for rectification. The Bank has a "Centralised Complaint Management" system to ensure that customer queries and complaints are not missed out. Customer queries and complaints are followed up to ensure timely resolution and quality standards are imposed on the Bank's staff. The Bank continues to make steady progress on the concept of Power of Three - Empathy, Speed and Quality (ESQ) initiative launched 5 years ago. During demonetisation most of the branches dealt with huge walk-ins (existing and new customers). The Bank staff "lived ESQ" under volume pressure and many positive comments were received on Facebook, Twitter and media for the services rendered during demonetisation. The Bank is continuously working on the six pillars of Service Excellence – Voice of Customer, Service Recovery, Attrition Calling, Process Simplification, Service Culture and Measures & Metrics. The Service Excellence team regularly conducts customer complaint meetings, review of progress on six pillars with key stakeholders, weekly calls with frontline staff to obtain feedback, make surprise visits to branches, conduct customer meetings, focus groups with branch staff and mystery shopping to understand frontline service culture and competence. The progress on Service Excellence is regularly monitored by the Customer Service Committee (CSC) of the Board. In FY 2017, 105 individuals and 2 teams were recognised through ESQUIRE (in-house newsletter to celebrate ESQ). A special edition of ESQUIRE was issued to recognise 21 branches, 20 individuals and 2 teams for the hard work done during demonetisation period.

Non-Branch Channels

Your Bank provides customers the choice of accessing DCB 24 hour Customer Care Phone Banking, ATMs, Internet and Mobile Banking for completing their banking needs. The Bank strives to provide best-in-class technology and service platform and hence introduced the Missed Call Facility which enables customers to complete their basic banking by simply giving a missed call. The Bank's mobile banking platform "DCB on the Go" is periodically upgraded. The Bank provides instant fund transfer facility through Inter Bank Mobile Payment System (IMPS). In FY 2017, DCB Bank was amongst the first banks to offer Unified Payment Interface (UPI) a truly seamless and modern payment option on mobile phone. In FY 2017, the Bank's Customer Care Associates attended to almost 10.87 lakh calls. At DCB Bank's 24 Hour Toll Free Customer Care, customers directly get connected with the Bank officer (Customer Care Associate) without going through the pain of IVR. Thus, customers receive personal care. The Bank offers Phone Banking services in 9 languages of India (Hindi, English, Marathi, Gujarati, Tamil, Telugu, Odiya, Kannada and Punjabi) making it one of the best in the industry.

Marketing / Brand Awareness

Marketing unit works very closely with all the business units. The approach is on creating brand awareness in a cost effective manner across our footprint. Continuous micro marketing activities are conducted in almost every branch location throughout the year. This has helped achieve brand visibility, goodwill and new business. The Bank was the official partner - SunRisers Hyderabad (SRH) in IPL 2016. DCB Bank logo was prominent on the lead arm of the official jersey of all the players throughout the 2 month long tournament.

It was wonderful to witness SRH win the IPL 2016 tournament. On the eve of World Environment Day, the Bank was the title sponsor for "Ahmedabad Go Green Marathon 2016". The Bank's signature customer event "Ek Mulaquat Kuch Baatein" was conducted in a few locations. Large number of customers attended and the Bank Chairman, Directors and Senior Management were able to freely exchange ideas in the meetings. As part of encouraging "start-ups", the Bank once again tied up with BITS Pilani and presented "Conquest 2016", a prestigious competition where young new age entrepreneurs compete to show case their products / business. At Ajmer, the Bank sponsored the "Bikers" group of Royal Enfield (North) for propagating the message of safe driving and cleanliness. At Bengaluru, the Bank organised "Captain's Tankard Golf Tournament" at the prestigious Karnataka Golf Association. This event received overwhelming response from the club members. At Chennai, the Bank sponsored "TN Finance Conclave". The theme was "Gearing up for a changing environment". This event was attended by leaders from the finance function from various industries. The Bank was proud to be associated for the second time with the Indian Navy PSO Cup Golf Tournament at Ambience Golf Greens, Gurgaon. This was a unique night golf event graced by the Chief of Naval Staff and senior Navy Officers. The golf event was followed by gala dinner with music and singing by enthusiastic Navy and the Bank staff. An international boxing event at New Delhi called "Night of the Champions" was sponsored by the Bank. The match was live telecast in Star Sports and Hotstar. Your Bank was one of the sponsors for a wonderful event called "Jubilee Games" in Dubai. It was an extravagant show attended by the global community. More than 10,000 spectators and 2,500 athletes participated. Your Bank was also associated with musical events at Bengaluru, Surat, Vejalpur and Jaipur. A high profile seven day night cricket tournament in partnership with Jain Social Foundation was sponsored by the Bank at Jodhpur, Rajasthan.

EXTRACT OF THE ANNUAL RETURN

An extract of the Annual Return as of March 31, 2017 pursuant to

the sub-section (3) of Section 92 of the Companies Act, 2013 and forming part of the report is attached separately as ANNEXURE-III to this report.

CORPORATE GOVERNANCE

The Bank has been continuously observing the best corporate governance practices and benchmarks itself against each such practice. A separate section on Corporate Governance and a Certificate from the Statutory Auditors M/s. Deloitte, Haskins & Sells, Chartered Accountants (Registration No. 117365W) regarding compliance of the conditions of Corporate Governance as stipulated in Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 forms part of this Annual Report.

DIRECTORS

During FY 2017, Mr. Suhail Nathani, an Independent Director of the Bank, has ceased to be a Director of the Bank on January 28, 2017 after completing the term of eight consecutive years [the maximum permissible] as per the provisions of the Banking Regulation Act, 1949. The Board of Directors places on record its deep sense of appreciation of the valuable contributions made by Mr. Suhail Nathani during his association of 8 years as an Independent Director of the Bank.

A brief resume relating to Mr. Manekia who is to be re-appointed as Director is furnished in the notice of the 22nd AGM as well as in the report on Corporate Governance. Based on the Disclosures provided by him, Mr. Manekia is not disqualified from being appointed as a Director as specified in terms of Section 164 of the Companies Act, 2013.

None of the Directors of the Bank is related to each other per se.

A STATEMENT INDICATING THE MANNER IN WHICH FORMAL ANNUAL EVALUATION HAS BEEN MADE BY THE BOARD OF ITS OWN PERFORMANCE AND THAT OF ITS COMMITTEES AND INDIVIDUAL DIRECTORS;

1. The Chairman of the Nomination and Remuneration Committee of the Board sent draft parameterized feedback forms for evaluation of the Board, the Independent Directors and the Chairman.
2. Independent Directors at a meeting without anyone from the non-independent directors and management, considered/evaluated the Board's performance, performance of the Chairman and other non-independent Directors.
3. The Board subsequently evaluated performance of the Board, the Committees and Independent as well as Non-Independent Directors (without participation of the relevant director)

The members of the Board and committees evaluated the respective entity. Every individual Director evaluated every other Director. The results were collated and the Chairman informed that the performance of the Board as a whole and its Committees was satisfactory.

The Chairman also commented that individual performance of the Directors was also satisfactory.

THE DETAILS OF FAMILIARISATION PROGRAMME ARRANGED FOR INDEPENDENT DIRECTORS HAVE BEEN DISCLOSED ON WEBSITE OF THE BANK AND ARE AVAILABLE AT THE FOLLOWING LINK:

STATUTORY AUDITORS

M/s. Deloitte, Haskins & Sells, Chartered Accountants (Registration No. 117365W) were appointed as Statutory Auditors at the last Annual General Meeting. They are eligible for re-appointment for the FY 2017-18. Section 139 of the Companies Act, 2013 and the Rules made there under provide that a company can appoint a firm as auditor for maximum two terms of five consecutive years. In other words, company can make appointment of auditor for five years at a time. However the Bank is also governed by the provisions of Banking Regulation Act, 1949 and the circulars/notification/guidelines issued by Reserve Bank of India (RBI) from time to time. As per the extant provisions, RBI gives permission for appointment of auditor on year to year basis. Further as per RBI's directive, it is mandatory to rotate the Auditor after completion of four years. M/s. Deloitte, Haskins & Sells, Chartered Accountants (Registration No. 117365W) has already completed term of one year. Taking this into consideration, ratification of the appointment of the auditors has been recommended for financial year 2017-18.,which is also subject to prior approval of RBI. The Reserve Bank of India has been approached for their re-appointment. Your Board recommends ratification of their appointment as Statutory Auditors at the ensuing Annual General Meeting, subject to RBI approval.

SECRETARIAL AUDIT REPORT

Pursuant to the requirements of the Companies Act, 2013, the Bank has appointed M/s Ananthasubramanian & Co., Practicing Company Secretaries (COP 1774) as the Secretarial Auditor for FY 2017 and their report of April 7, 2017 is attached separately to this report.

ACKNOWLEDGEMENTS

Your Board wishes to thank the principal shareholder and promoters, the Aga Khan Fund for Economic Development S.A. (AKFED), and all the other shareholders for the confidence and trust they have reposed in the Bank. Your Board also acknowledges with appreciation the Reserve Bank of India (RBI) for its valuable guidance and support to the Bank. Your Board similarly expresses gratitude for the assistance and co-operation extended by SEBI, BSE, NSE, NSDL, CDSL, NPCIL, Central Government and the Governments of various States, Union Territories and the National Capital Region of Delhi where the Bank has its branches.

Your Board acknowledges with appreciation, the invaluable support

provided by the Bank's auditors, lawyers, business partners and investors. Your Board is also thankful for the continued co-operation of various financial institutions and correspondents in India and abroad.

Your Board wishes to sincerely thank all its customers for their patronage. Your Board records with sincere appreciation the valuable contribution made by employees at all levels and looks forward to their continued commitment to achieve further growth and take up more challenges that the Bank has set for the future.

	Mr. Jayaramn Vishwanath	EVP	80,000	83.45
b) any other employee who receives a grant in any one year of option amounting to 5% or more of option granted during that year	None			
c) identified employees who were granted option, during any one year, equal to or exceeding 1% of the issued capital (excluding outstanding warrants and conversions) of the Bank at the time of grant.	None			

(vii) A description of the method and significant assumptions used during the year to estimate the fair value of options including the following information:

(a) the weighted-average value of share price, exercise price, expected volatility, expected option life, expected dividends, the risk-free interest rate and any other inputs to the model;	(i) weighted-average value of share price- ` 83.45 (ii) weighted-average exercise price- ` 83.45 (iii) expected volatility- 53 % (iv) expected option life- 6 years (v) expected dividends- 5.00 % (vi) risk-free interest rate- 7.60 %
(b) the method used and the assumptions made to incorporate the effects of expected early exercise;	The method recognizes that employees' exercise behavior is correlated with the price of the underlying share. Pricing model assumes that option holder voluntarily exercises early if the stock price is greater than the exercise price. To incorporate the effects of expected early exercise, assumptions also include employee exit rate pre-vesting and employee exit rate post-vesting.
(c) how expected volatility was determined, including an explanation of the extent to which expected volatility was based on historical volatility; and	Expected volatility was determined based on historical volatility data; historical volatility includes data since listing.
(d) whether and how any other features of the option grant were incorporated into the measurement of fair value, such as a market condition.	As aforesaid, various features were incorporated into the measurement of fair value.

Disclosures in respect of grants made in three years prior to IPO under the ESOS: All the Options granted in the three years prior to the IPO have either been exercised or have lapsed.

CORPORATE GOVERNANCE

Report on Corporate Governance pursuant to Schedule V (C) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations) and forming Part of the Directors' Report for the year ended March 31, 2017.

The Bank has complied with the corporate governance requirements specified in regulation 17 to 27 and clauses (b) to (i) of sub-regulation (2) of regulation 46 of the Listing Regulations.

PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE

The Bank on an ongoing basis continues to believe strongly in adopting and adhering to the best corporate governance practices and benchmarking itself against the industry's best practices. It is the Bank's ongoing endeavour to achieve the highest levels of governance as a part of its responsibility towards the shareholders and other stakeholders. Transparency and integrity continue to be the cornerstones for good governance, and the Bank is strongly committed to these principles for enhancing the stakeholders' value.

BOARD OF DIRECTORS

The Bank, as on date of this Report, has a non-executive part-time Chairman, a Managing Director & Chief Executive Officer (MD & CEO), and ten (10) other directors on its Board. Except for the Chairman Mr. Nasser Munjee, Directors Mr. Amin Manekia, Mr. Shaffiq Dharamshi and the MD & CEO Mr. Murali M. Natrajan, who are 'Non-Independent' Directors, all the other 8 Directors are 'Independent'. As against the requirement of the Listing Regulations, for the number of Independent Directors to be more than 1/3rd of the total number of Directors, your Board has approx. 66.67 % of its directors in the 'Independent' category which also includes a 'Woman Director'. The day-to-day management of the Bank is entrusted to the senior managerial personnel under the leadership of the MD & CEO who operates under the superintendence, direction and control of the Board. The Board reviews and approves strategy and oversees the actions and performance of the management periodically for enhancing the stakeholders' value.

All the Directors of the Bank and their relatives together hold total 2,410,186 equity shares of the Bank (0.84 % of Capital) i.e. less than 2% of the Equity Share Capital of the Bank as on March 31, 2017.

COMPOSITION OF THE BOARD OF DIRECTORS

Mr. Nasser Munjee has been a non-executive director since June 2005 and the Bank's non-executive Chairman since August 2005. He is also the Chairman of the Executive Committee, the Capital Raising Committee and the Corporate Social Responsibility Committee of the Board. Mr. Munjee began his career in 1977 as one of the first employees of HDFC, India's first housing finance company, where for over two decades, he rose to be an executive director on its board with wide responsibilities. Then in 1997, upon the request of the Finance Minister of India to set up an infrastructure finance company, Mr. Munjee was instrumental in establishing Infrastructure

Development Finance Company Limited ("IDFC"). Mr. Munjee is presently a director on the boards of other 9 public companies in India, including Tata Motors, Tata Chemicals, Britannia Industries, Cummins India, ABB India Limited and Ambuja Cements Limited and Chairman of Tata Motor Finance Limited. He is also the Chairman of one of the Aga Khan Development Network (AKDN) institutions in India – the Aga Khan Rural Support Programme (AKRSP). He has served as the President of the Bombay Chamber of Commerce and Industry and on several government task forces on housing and urban development. Mr. Munjee has a Masters degree from the London School of Economics, UK and was earlier educated at the Leys School in Cambridge.

Mr. Munjee holds 4,401 equity shares in the Bank as on March 31, 2017.

Mr. Shaffiq Dharamshi has been a non-executive director of the Bank since 13th January, 2015. INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF DCB BANK LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **DCB BANK LIMITED** ("the Bank"), which comprise the Balance Sheet as at 31 March, 2017, the Profit and Loss Account and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Bank's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949, accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act, in so far as applicable to banks, and the guidelines issued by the Reserve Bank of India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that are operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Bank's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Bank's Directors, and evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Banking Regulation Act, 1949 and the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Bank as at 31 March, 2017, and its profit and its cash flows for the year ended on that date.

Other Matter

The audit of the financial statements of the Bank for the year ended 31 March, 2016 was carried out by the previous auditors of the Bank. Our opinion on the financial statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act and Section 30 of the Banking Regulation Act, 1949, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and found them to be satisfactory.
 - b) In our opinion, the transactions of the Bank which have come to our notice have been within the powers of the Bank.
 - c) As explained in paragraph 2 below, the financial accounting systems of the Bank are centralised and, therefore, accounting returns are not required to be submitted by the Branches.
 - d) In our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books.
 - e) The Balance Sheet, the Profit and Loss Account, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - f) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, as applicable to banks.
 - g) On the basis of the written representations received from the directors as at 31 March, 2017 taken on record by the Board of Directors, none of the directors is disqualified as at 31 March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
 - h) With respect to the adequacy of the internal financial controls over financial reporting of the Bank and the operating effectiveness of such controls, refer to our Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Bank's internal financial controls over financial reporting.
 - i) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Bank has disclosed the impact of pending litigations on its financial position in its financial statements;
 - ii. The Bank has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There were no amounts which were required to be transferred, by the Bank to the Investor Education and Protection Fund.
2. We report that during the course of our audit we have visited and performed select relevant procedures at 28 branches. Since the Bank's key operations are automated, with the key applications largely integrated to the core banking systems, it does not require its branches to submit any financial returns. Accordingly, our audit is carried out centrally at the Head Office and Central Processing Units based on the necessary records and data required for the purposes of the audit being made available to us.

Annexure “A” To The Independent Auditors’ Report

(Referred to in paragraph 1 (h) under ‘Report on Other Legal and Regulatory Requirements’ section of the auditors’ report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls over financial reporting of **DCB BANK LIMITED** (the “Bank”) as at 31 March, 2017 in conjunction with our audit of the financial statements of the Bank for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Bank’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Bank’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013, the Banking Regulation Act, 1949 and the guidelines issued by the Reserve Bank of India.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Bank’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Bank’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and other applicable regulations. A Bank’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Bank are being made only in accordance with authorisations of Management and Directors of the Bank; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Bank’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Bank has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2017, based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

SCHEDULE 17 – SIGNIFICANT ACCOUNTING POLICIES

1. BACKGROUND

DCB Bank Limited ("DCB" or "the Bank"), incorporated in Mumbai, India is a publicly held banking company engaged in providing banking and financial services and governed by the Banking Regulation Act, 1949.

2. BASIS OF PREPARATION

The financial statements have been prepared and presented under the historical cost convention on the accrual basis of accounting unless otherwise stated, and comply with the Generally Accepted Accounting Principles in India ('GAAP'), statutory requirements prescribed under the Banking Regulation Act, 1949, circulars and guidelines issued by the Reserve Bank of India (the "RBI") from time to time and the notified Accounting Standards prescribed under Section 133 of the Companies Act 2013, to the extent applicable and the current practices prevailing within the banking industry in India.

3. USE OF ESTIMATES

The preparation of the financial statements in conformity with GAAP requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon the management's best knowledge of current events and actions, actual results could differ from these estimates. Any revisions to the accounting estimates are recognised prospectively in the current and future periods.

4. INVESTMENTS

4.1 Classification:

The investment portfolio comprising approved securities (predominantly Government Securities) and other securities (Shares, Debentures and Bonds, etc.) is classified at the time of acquisition in accordance with the RBI guidelines under three categories viz. 'Held to Maturity' ('HTM'), 'Available for Sale' ('AFS') and 'Held for Trading' ('HFT'). For the purposes of disclosure in the Balance Sheet, they are classified under six groups viz. Government Securities, Other Approved Securities, Shares, Debentures and Bonds, Subsidiaries and/or joint ventures and Other Investments.

The Bank follows 'Settlement Date' accounting for recording purchase and sale transactions.

4.2 Basis of Classification:

Investments that are held principally for resale within 90 days from the date of purchase are classified as HFT securities. As per the RBI guidelines, HFT securities, which remain unsold for a period of 90 days are reclassified as AFS securities as on that date.

Investments which the Bank intends to hold till maturity are classified as HTM securities.

Investments which are not classified in the above categories are classified as AFS securities.

4.3 Transfer of Securities between Categories:

The transfer/shifting of securities between categories of investments is accounted as per the RBI guidelines.

4.4 Acquisition Cost:

Cost including brokerage, commission pertaining to investments, paid at the time of acquisition, is charged to the Profit and Loss Account.

Broken period interest is charged to the Profit and Loss Account.

Cost of investments is computed based on the weighted average cost method.

4.5 Valuation:

Held for Trading and Available for Sale categories:

Investments classified under HFT and AFS are marked to market as per the RBI guidelines. These securities are valued scrip-wise and any resultant depreciation or appreciation is aggregated for each category. The net depreciation for each category within each group is provided for, whereas the net appreciation for each category is ignored. The book value of individual securities is not changed consequent to periodic valuation of investments.

Traded investments are valued based on the trades / quotes from the recognised stock exchanges, price list of RBI or prices declared by Primary Dealers Association of India ('PDAI') jointly with Fixed Income Money Market and Derivatives Association ('FIMMDA'), periodically.

The market value of unquoted government securities which qualify for determining the Statutory Liquidity Ratio ('SLR') included in the AFS and HFT categories is computed as per the Yield-to-Maturity ('YTM') rates published by FIMMDA.

The valuation of other unquoted fixed income securities (viz. State government securities, Other approved securities, Bonds and debentures, Pass through Certificates) wherever linked to the YTM rates, is computed with a mark-up (reflecting associated credit and liquidity risk) over the YTM rates for government securities with similar maturity profile published by FIMMDA. Unquoted equity shares are valued at the break-up value, if the latest Balance Sheet is available or at ` 1 as per the RBI guidelines. Units of mutual funds are valued at the latest repurchase price / net asset value declared by the mutual fund. Treasury bills, commercial papers and certificate of deposits, being discounted instruments, are valued at carrying cost.

In the event provisions recognised on account of depreciation in the AFS or HFT categories are found to be in excess of the required amount in any year, such excess is recognised in the Profit and Loss Account and subsequently appropriated, from profit available for appropriation, if any, to Investment Reserve Account in accordance with the RBI guidelines after adjusting for income tax and appropriation to Statutory Reserve.

Held to Maturity:

These are carried at their acquisition cost and are not marked to market. Any premium on acquisition is amortised over the remaining maturity

period of the security on a straight-line basis. Provision is recognised for diminution other than temporary in the value of such investments for each investment individually.

Non-performing investments are identified and provision is recognised as per the RBI guidelines.

4.6 Security Receipts (SR)

Security receipts issued by the Asset Reconstruction Companies ('ARC') are valued at the net asset value declared by ARC and valued in accordance with the guidelines applicable to such instruments, prescribed by the RBI from time to time.

4.7 Disposal of Investments:

Profit/Loss on sale of investment under the aforesaid three categories is recognised in the Profit and Loss Account. The profit on sale of investment in HTM category, net of taxes and transfer to Statutory Reserve, is appropriated to Capital Reserve.

4.8 Repo and reverse repo transactions under Liquidity Adjustment Facility ('LAF'):

Repo transactions under LAF with RBI are accounted for as secured borrowing/ lending transactions. Borrowing cost on repo transactions is treated as interest expense and income on reverse repo transactions is treated as interest income.

5. ADVANCES

5.1 In pursuance of guidelines issued by the RBI, advances are classified as Standard, Sub-Standard, Doubtful and Loss Assets and are stated net of specific provisions made towards NPAs and floating provisions.

5.2 Advances are net of bills rediscounted, Inter-bank participation with risk, claims realised from Export Credit Guarantee Corporation ('ECGC'), provisions for non-performing advances, floating provisions, unrealised fees and unrealised interest held in suspense account.

5.3 Credit facility/investment, where interest and/or installment of principal has remained overdue for more than 90 days, is classified as non-performing asset. However, in respect of Equated Monthly Instalment ('EMI') based advances, those accounts where more than 3 EMIs are overdue are classified as NPAs.

5.4 In case of NPAs other than retail EMI loans, recoveries effected are first adjusted towards the principal amount. In case of retail EMI loans, recoveries effected are adjusted towards the EMI and within the EMI first towards the principal amount.

5.5 Provision for non-performing advances ('NPAs') comprising sub-standard, doubtful and loss assets is made in accordance with the RBI guidelines which prescribe minimum provision levels and encourage banks to make a higher provision based on sound commercial judgement. NPAs are identified by periodic appraisals of the loan portfolio by the management. In respect of identified NPAs in Retail portfolio, provision is recognised on the homogeneous retail loans and advances assessed at borrower level on the basis of ageing of loans in the non-performing category and in respect of identified NPAs in other cases, provision is recognised account by account. The provisioning done is at or higher than the minimum rate prescribed under the RBI guidelines.

5.6 In case of restructured/rescheduled assets, provision is made in accordance with the guidelines issued by the RBI, which require the diminution in the fair value of the assets to be provided in the Profit and Loss Account at the time of restructuring.

5.7 In addition to the above, the Bank, on a prudent basis, recognises provisions on advances or exposures which are performing assets as per the IRAC norms, but has reasons to believe on the basis of the extant environment impacting a specific exposure or any specific information, the possible deterioration of a specific advance or a group of advances or exposures or potential exposures. These provisions are recognised as per Board approved policy and are classified as Provision for Specific Standard Assets, included under Provision for Standard Assets and reported under Other Liabilities. These provisions are not reversed to the Profit and Loss Account but are transferred as provision on the same specific advance / exposure in case the asset slips into non-performing asset, except in case of full repayment of the exposure when such provision will be reversed and recognised in the Profit and Loss Account.

5.8 The Bank maintains general provision for Standard Assets, including credit exposures computed as per the current marked to market values of foreign exchange forward contracts, at levels stipulated by the RBI from time to time. These provisions on Standard Assets are included under Other Liabilities.

5.9 The Bank estimates the inherent risk of the unhedged foreign currency exposures of its borrowers as per the regulatory guidelines stipulated by the RBI from time to time and recognises incremental provisions on exposures to such entities as per methodology prescribed. These provisions are included in Provision for Standard Assets and reported under Other Liabilities.

5.10 The RBI guidelines further permit banks to create floating provisions on Advances up to levels as per a Board approved policy over and above the regulatory provisions required on standard assets. These floating provisions are netted from Advances. These provisions are not reversed by credit to the Profit and Loss Account without prior approvals of the Board and the RBI under specific circumstances.

6. FIXED ASSETS

Premises and other fixed assets are stated at historical cost (or revalued amounts, as the case may be), less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure incurred on assets put to use is capitalised only when it increases the future benefit / functioning capability from / of such assets.

7. REVALUATION OF FIXED ASSETS

Portfolio of immovable properties is revalued periodically by an independent valuer to reflect current market valuation. All land and building owned by the Bank and used as branches or offices or godowns are grouped under "Office Premises" in the fixed assets category. Appreciation, if any, on revaluation is credited to Revaluation Reserve under Capital Reserves. Additional Depreciation on the revalued asset is charged to the Profit and Loss Account and appropriated from the Revaluation Reserves to Profit and Loss Account i.e. revenue reserves.

8. DEPRECIATION & AMORTISATION

Depreciation on fixed assets, including amortisation of software, is charged over the estimated useful life of the fixed assets on a straight-line basis at the rates and in the manner prescribed in Schedule II of the Companies Act, 2013, except as mentioned below. The useful life of an asset is the period over which an asset is expected to be available for use to the Bank.

- Computer Hardware and Servers - 33.33% p.a.
 - Air conditioners – 11.11% p.a.
 - Application Software and System Development Expenditure - 33.33% p.a.
 - Improvements (Civil) to Leased Premises and Fixed Furniture in Leased Premises such as work-stations, etc. – over the contracted period of the lease
 - Vehicles – 19% p.a. over 5 years with 5% residual value.
 - Cash safe and Safe Deposit Vaults – 4.75% p.a.
- Assets purchased/sold during the year are depreciated on a pro-rata basis, based on the actual number of days the assets have been put to use. Assets individually costing upto ₹ 5,000/- are depreciated fully over a period of one year from the date of purchase.

9. IMPAIRMENT OF ASSETS

The carrying amount of assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. After impairment, depreciation is provided on the revised carrying amount of the asset over remaining useful life.

10. RECOGNITION OF INCOME AND EXPENDITURE

- 10.1 Revenue is recognised to the extent that it is probable that the economic benefit will flow to the Bank and the revenue can be reliably measured.
- 10.2 Items of income and expenditure are generally accounted on accrual basis.
- 10.3 Interest income is recognised in the Profit and Loss Account on accrual basis, except in the case of non-performing assets where it is recognised on receipt basis as per the RBI and Accounting Standard norms.
- 10.4 Interest income on investments in Pass Through Certificates (PTC) is recognised at the coupon rate, net of tax on distributed income.
- 10.5 Interest income on loans bought out through the direct assignment route is recognised at the effective interest rate i.e. after amortising premium, if any, on the bought out portfolio as per Guidelines on Securitised Transactions issued by the RBI.
- 10.6 Processing fees on loans are recognised as income, however processing overheads on loans are expensed at the inception of the loan.
- 10.7 Overdue rent on safe deposit lockers is accounted for when there is certainty of receipts.
- 10.8 Guarantee commission, annual safe deposit locker rent fees are recognised on a straight-line basis over the period of contract. Letters of credit ('LC') are generally issued for a shorter tenor, typically of 90 days. The commission on such LC is recognised when due.

11. FOREIGN CURRENCY TRANSACTIONS

- 11.1 Initial recognition:
Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and foreign currency on the date of the transaction.
- 11.2 Conversion:
Foreign currency monetary items are reported using the closing rate notified by Foreign Exchange Dealers' Association of India ('FEDAI') at the Balance Sheet date and the resulting profit or loss is recognised in the Profit and Loss Account, as per the guidelines issued by the RBI.
- 11.3 Exchange differences:
Exchange difference arising on settlement of monetary items is recognised as income or as expense in the year in which it arises. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuations denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.
Foreign exchange forward contracts not intended for trading that are entered into to establish the amount of reporting currency required or available at the settlement date of transactions, which are outstanding at the Balance Sheet date are effectively valued at the closing spot rate. The premium or discount arising at the inception of such a forward exchange contract is amortised as expense or income over the life of the contract.
- 11.4 Outstanding forward exchange contracts are revalued at the Balance Sheet date at the rates notified by FEDAI and at interpolated rates for contracts of interim maturities. The resultant gain/loss on revaluation is recognised in the Profit and Loss Account in accordance with the RBI/FEDAI guidelines.
- 11.5 Contingent liabilities denominated in foreign currencies are disclosed in the Balance Sheet at the rates notified by FEDAI.
- 11.6 Forward exchange contracts and other derivative contracts which have overdue receivables remaining unpaid over 90 days or more are classified as non-performing assets and provided for as per the extant master circular on Prudential Norms on Income Recognition, Asset Classification and Provisioning issued by the RBI.

12. EMPLOYEE BENEFITS

- 12.1 Defined Benefit Plan
Provision in respect of future liability for payment of gratuity is made on the basis of actuarial valuation on projected unit credit method made

at the end of the year. Gratuity is funded with the Gratuity Trust duly registered under the provisions of Income tax Act, 1961. Actuarial gains/losses are recognised immediately in the Profit and Loss Account and are not deferred.

12.2 Defined Contribution Scheme

Retirement benefit in the form of provident fund is a defined contribution scheme and the contributions are charged to the Profit and Loss Account of the year when the contributions to the fund are due. There is no other obligation other than the contribution payable to the fund.

13. TAXES ON INCOME

- 13.1 Tax expense comprises current and deferred taxes. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred Income Tax reflects the impact of current year timing differences between the taxable income and the accounting income for the year and reversal of timing differences of earlier years.
- 13.2 Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to taxes levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Bank has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.
- 13.3 At each Balance Sheet date, the Bank re-assesses unrecognised deferred tax assets and recognises deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

14. ACCOUNTING FOR PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognised when there is a present legal or statutory obligation as a result of past events leading to probable outflow of resources, where a reliable estimate can be made of the amount required to settle the obligation.

Contingent Liabilities are recognised only when there is a possible obligation arising from past events due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Bank, or where there is a present obligation arising from a past event which is not recognised as it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements.

15. EMPLOYEE SHARE BASED PAYMENTS

Measurement and disclosure of employee share-based employment plans is done in accordance with the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 / Guidance Note on Accounting for the Employee Share-based Payments issued by The Institute of Chartered Accountants ('ICAI') of India. The Bank measures compensation cost relating to employee stock options using the intrinsic value method. Deferred compensation expense is amortised over the vesting period of the option.

16. EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effect of dilutive potential equity shares.

17. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash in hand and ATMs, balances with the Reserve Bank of India, balances with other banks and money at call and short notice (including effect of changes in exchange rates on cash and cash equivalents in foreign currency).

18. LEASES

Leases where the Lessor effectively retains substantially all risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

19. SEGMENT REPORTING

As per the RBI guidelines on Segment Reporting, the Bank has classified its activity into Treasury Operations, Corporate/Wholesale Banking, Retail Banking and Other Banking Operations.

Treasury Operations includes all financial markets activities undertaken on behalf of the Bank's customers, proprietary trading, maintenance of reserve requirements and resource mobilisation from other banks and financial institutions.

Corporate/Wholesale Banking includes lending, deposit taking and other services offered to corporate customers.

Retail Banking includes lending, deposit taking and other services offered to retail customers.

Other Banking Operations includes para banking activities like third party product distribution, merchant banking, etc.

4.3 Disclosures on risk exposure in derivatives:

a) Qualitative Disclosures

Management of Risk in Derivatives Trading

The Bank's market risk unit plays a key role in setting up of the limits and laying down of the risk assessment and monitoring methods. The policies of the Bank include setting limits upon the notional principal value of product specific gaps, maximum tenor, overall outstanding and the setting-up of counter party-wise, tenor-wise limits.

All limits are monitored on a daily basis by the Bank's Treasury Back Office and Mid Office. Exposure reports are submitted to the Treasurer as well as the Head-Market Risk and any limit excesses are brought to the notice of the management immediately for further action.

Policies for Hedging Risk

All transactions undertaken by the Bank for trading purposes are classified under the Trading Book. All other transactions are classified as a part of the Banking Book. The Banking Book includes transactions concluded for the purpose of providing structures to customers on a back-to-back basis. It also consists of transactions in the nature of hedges based on identification of supporting trades, with appropriate linkages done for matching amounts and tenor within the approved tolerance limits.

The accounting for all derivative trades is done for the notional amount on the trade date. The valuation of all outstanding trades is done category wise. The valuation for outstanding trades under the Trading portfolio is done on a daily basis and the net marked to market ('MTM') is accounted in the Profit and Loss Account. The valuation for outstanding trades under the hedged portfolio is done on a monthly basis and the residual MTM, if any, is accounted in the Profit and Loss Account on a monthly basis. Valuation of the outstanding hedged Forex Options is done on a monthly basis and the net MTM is zero as all customer trades are hedged on identical basis with counter party banks.

The MTM position on all outstanding trades of individual corporate customers is reported on a monthly basis to Credit Risk department for exposure monitoring.

In computing the above information, certain estimates/assumptions have been made by the Bank's management which have been relied upon by the auditors.

(B) Qualitative Disclosures

The Bank maintains Liquidity Coverage Ratio (LCR) which is a ratio of High Quality Liquid Assets (HQLA) to expected net cash outflow over the next 30 calendar days, as per the RBI guidelines. The requirements start with minimum LCR of 60% with effect from January 1, 2015, reaching the minimum required level of 100% by January 1, 2019. The LCR requirement effective January 1, 2017 is 80%.

The objective of the LCR is to ensure that the Bank maintains an adequate level of unencumbered HQLAs that can be converted into cash to meet its liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario specified by supervisors. Further at a minimum, the stock of liquid assets should enable the Bank to survive until day 30 of the stress scenario, by which time it is assumed that appropriate corrective actions can be taken.

The numerator, High Quality Liquid Assets comprises mainly of excess SLR securities, cash, excess CRR balances, Marginal Standing Facility ('MSF') to the extent of 2 per cent of Net Demand and Time Liabilities ('NDTL') and government securities up to another 9 per cent of NDTL while the denominator i.e. cash outflow over next 30 days comprises mainly of the deposit maturities in next 30 day period and other cash outflows net of the cash inflows in next 30 day period. As a part of its strategy to manage the liquidity requirements, the Bank has been consistently investing in SLR securities of about 2% to 4% of its NDTL, over and above the regulatory SLR requirement.

In compliance with the RBI guidelines, the Bank has started computing LCR from January 2015 onwards. The aforementioned table provides the quarterly LCR computation for the four quarters of the Financial Year 2016-17. The LCR is being monitored on daily basis effective January 01, 2017. Accordingly, daily average figures are reported for the last quarter of the FY 2016-17 while for the first three quarters, the monthly average figures are reported.

HQLA of the Bank comprises of mainly level 1 assets as per the RBI guidelines i.e. government securities apart from cash and excess CRR.

The major source of funding for the Bank is deposits from customers. The Bank does not rely significantly on interbank borrowings. However, refinance from NABARD and NHB is occasionally availed against the eligible assets. Further, the Bank has committed lines of credit from a few public sector banks.

The Bank does not have any derivative exposure other than the forward contracts entered by the Bank which does not affect LCR of the Bank significantly.

Apart from computing the LCR in the domestic currency, the Bank is also required to compute LCR in the currency in which aggregate liabilities denominated in that currency amount to 5 per cent or more of the Bank's total liabilities. To comply with the said requirement, the Bank computes the LCR in USD as the dollar denominated liabilities are more than 5% of the Bank's total liabilities. During the financial year 2016-17, the cash inflows in next 30 days denominated in the USD were usually higher than the cash outflows in next 30 days denominated in USD.

The liquidity management of the Bank is centralised at Treasury. Treasury Front Office shall, depending upon the expected outflows and inflows for the day, decide to borrow or lend to maintain optimal liquidity. Treasury Back Office monitors the expected inflows and outflows by way of maintaining a register which records the expected outflows and inflows that are informed in advance by the branches as well as by Treasury Front Office before making any investment. For this purpose, branches are required to inform the Treasury Back Office in advance of any expected large flows above ₹ 5 crore. Also, Treasury Back Office takes into account the deposits that are scheduled to mature in order to arrive at the expected cash outflows for that particular day. As a part of effective liquidity management, Bank always maintains excess SLR securities which can be pledged to meet the shortfall in the intraday liquidity, if any.

Dilution of equity is on account of 5,661,866 (Previous year 4,136,326) stock options.

11.3 Employees' Stock Option Plan

The Shareholders of the Bank had approved an ESOP plan Phase I in November 2005, enabling the Board and /or the Nomination Committee to grant such number of equity shares and/or equity linked instruments, including options of the Bank not exceeding 4% of the Issued Capital or 60,00,000 Equity Shares of the Bank. The Shareholders, at the Annual General Meeting held on September 11, 2006 had approved an additional 3% of the Issued Capital, aggregating the total Equity Share Capital reserved for all ESOPs to 7% of the Issued Capital from time to time. As the shares of the Bank were subsequently listed, confirmation of shareholders was obtained at the Extraordinary General Meeting held on December 15, 2006 in line with the guidelines of the Securities & Exchange Board of India. Pursuant thereto, during the year the Nomination and Remuneration Committee of the Board granted the following options.

Date	Price	Sub Plan 1	Sub Plan 2
April 14, 2016	83.45	400,000	2,582,000

Under the Employees' Stock Options Plan, options vest in a graded manner over a 5 year period from the date of grant, the details of which are set out below:

End of the Year	For Sub Plan 1		For Sub Plan 2
	Till August 16, 2010	From August 17, 2010	
2nd	–	30%	30%
3rd	40%	30%	30%
4th	30%	20%	20%
5th	30%	20%	20%

Any Option granted pursuant to the Plan shall become exercisable in full upon the retirement of the employee.

Method used for accounting for ESOP

The Bank has applied the intrinsic value method to account for the compensation cost of ESOP to the employees of the Bank. Intrinsic value is the amount by which the quoted market price of the underlying share exceeds the exercise price of the options.

There were 2,423,800 stock options exercised during the year ended March 31, 2016.

Fair value Methodology

The fair value of options used to compute proforma net income and earnings per equity share have been estimated using the binomial option-pricing model. The Bank estimated the volatility based on the historical share prices.

The various assumptions considered in the pricing model for ESOPs granted during the year ended March 31, 2017 and March 31, 2016 were:

Particular	March 31, 2017	March 31, 2016
Dividend Yield	-	-
Expected Volatility	53%	53%
Risk Free Interest Rate	7.60%	7.75%
Expected life of options	6 years	6 years

The expected volatility was determined based on historical volatility data; historical volatility includes data since listing.

The weighted average fair value of options granted during the year ended 31 March, 2017 is ₹ 30.96 (Previous year ₹ 47.04).

In computing the above information, certain estimates/assumptions have been made by the Bank's management which have been relied upon by the auditors.

Impact of Fair Value Method on Net Profit and EPS

Had the compensation cost for the Bank's stock option plans outstanding been determined based on the fair value approach, the Bank's net profit and earnings per share would have been as per the proforma amounts indicated below:

(₹ in crore)

Particular	March 31, 2017	March 31, 2016

13.3 Remuneration

a) Qualitative disclosures

Nomination and Remuneration Committee

The Nomination and Remuneration Committee of the Board consists of Independent Directors with one member from the Risk Management Committee of the Board.

The main objectives of the Nomination & Remuneration Committee of the Board are:

- Deciding the size and composition of the Board and appointment of persons for the same.
- Recommending to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees.
- Evaluation of every director's performance and making recommendations for remuneration for Non-Executive Directors and the Key Managerial Personnel.
- Approving the ESOP and creation, subscription and allotment of shares to the eligible employees under this approved ESOP.
- Review appointments, promotions, demotions, terminations and review performance appraisals of CEO and direct reports.
- Review and approve succession plans for CEO, CFO and Company Secretary and CEO's direct senior management reportees.

Objectives of Compensation Policy

The Bank has put in place a Board approved Compensation Policy.

An important objective of the Compensation Policy is to provide all relevant internal and external parties with appropriate information and transparency thereby promoting a thorough understanding of the Bank's compensation practices.

The Bank's objective is to maintain a Compensation Policy that:-

- Is able to attract, retain talent and motivate them to perform at high standards.
- Facilitates a performance culture in the Bank by balancing a mix of fixed pay with variable pay.
- Supports the Bank's risk management practices and takes into account long-term performance of the Bank.
- Is compliant with regulatory requirements and is approved by the Board's Nomination and Remuneration Committee.

The Nomination and Remuneration Committee of the Board works in close coordination with the Risk Management Committee of the Board to ensure effective alignment of remuneration and risks.

Risk adjustments in remuneration

The methodologies for adjusting remuneration to risk and performance are consistent with the general risk management and corporate governance framework. Risk adjustments take into account the nature of the risks involved and the time horizons over which they could emerge. The Bank is adhering to the guidelines mentioned in the Basel Committee on Banking Supervision report on Range of Methodologies for Risk and Performance Alignment of Remuneration and Financial Stability Board (FSB) Implementation standards on sound compensation practices.

The Bank shall ensure that there is proper risk alignment with the compensation of MD & CEO and other Whole Time Directors such that no undue risks are being taken against the interest of the Bank. In general, the review of Risk Management framework shall be the integral part of the annual performance review.

The Risk Management Unit of the Bank shall independently provide inputs for assessment under these areas.

Performance linked variable compensation

The variable compensation offered is linked to the Bank's performance and could be even zero during a year of poor performance.

Variable compensation of all Whole Time Directors ('WTD') / Chief Executive Officer ('CEO') will not be more than 70% of the fixed compensation. Any variable compensation above 50% of the Fixed Compensation is to be deferred over a period of 3 years. The same will vest at 40%, 30% and 30% at the end of 1st, 2nd and 3rd year. The Bank reserves the right to prevent any deferred variable compensation from vesting in a year of negative performance. The deferred variable compensation shall lapse if the employment is terminated prior to vesting.

The Bank utilises performance payout / bonus as the form of variable remuneration. The Bank shall give performance payouts to promote a healthy financial performance by its staff.

PILLAR III DISCLOSURES UNDER THE NEW CAPITAL ADEQUACY FRAMEWORK (BASEL III)

1. SCOPE OF APPLICATION

DCB Bank Ltd. is a scheduled commercial bank which was incorporated on May 31, 1995. The Bank has no subsidiaries.

As on March 31, 2017, the Bank does not have investment in any insurance entity.

2. CAPITAL STRUCTURE

Capital funds are classified into Tier I and Tier II capital under the capital adequacy framework.

Tier I Capital

The Bank's Tier I capital will consist of Common Equity Tier I and Additional Tier I capital. Common Equity Tier I (CET1) capital must be at least 5.5% of risk-weighted assets (RWAs) i.e. for credit risk + market risk + operational risk on an ongoing basis and Additional Tier I capital can be a maximum of 1.5%, thus making total Tier I capital to be at least 7%.

In addition to the minimum Common Equity Tier I capital of 5.5% of RWAs, banks are also required to maintain a capital conservation buffer (CCB) of 2.5% of RWAs in the form of Common Equity Tier I capital. In terms of the RBI guidelines dated March 27, 2014 the implementation of CCB will begin as on March 31, 2016. Consequently, BASEL III Capital Regulations will be fully implemented as on March 31, 2019.

Tier I capital includes paid-up equity capital, share premium, statutory reserves, capital reserves, special reserve, revaluation reserve other disclosed free reserves and balance in Profit and Loss account. Profits in current financial year may be included in Tier I based on fulfilment of certain conditions regarding incremental provisions for non-performing assets.

Equity Capital

The Bank has authorised share capital of ₹ 5.00 billion comprising 500,000,000 equity shares of ₹ 10/- each. As on March 31, 2017 the Bank has issued subscribed and paid-up capital of ₹ 2.85 billion, constituting 285,364,353 shares of ₹ 10/- each. The provisions of the Companies Act, 2013 and other applicable laws and regulations govern the rights and obligations of the equity share capital of the Bank.

Tier II Capital

Provisions or loan-loss reserves held against future, presently unidentified losses, which are freely available to meet losses which subsequently materialise, will qualify for inclusion within Tier II capital. Tier II capital will also include debt capital instruments issued by banks and their premium, if any.

The Bank's Tier II capital includes investment reserve, general provision for standard assets and subordinated debt instruments (lower Tier II bonds) eligible for inclusion in Tier II capital.

Subordinated Debt (Lower Tier II bonds)

As on March 31, 2017 the Bank had an outstanding subordinated debt (Unsecured Redeemable Non-convertible Bonds) aggregating ₹ 2,366 million, the details of which are stated below:

(₹ million)

3. CAPITAL ADEQUACY

The Bank has a process for assessing its overall capital adequacy in relation to the Bank's risk profile and a strategy for maintaining its capital levels. The process ensures that the Bank has adequate capital to support all the material risks and an appropriate capital cushion. The Bank identifies, assesses and manages comprehensively all risks that it is exposed to through robust risk management framework, control mechanism and an elaborate process for capital calculation and planning.

The Bank has formalised and implemented a comprehensive Internal Capital Adequacy Assessment Process (ICAAP). The Bank's ICAAP covers the capital management policy of the Bank and also sets the process for assessment of the adequacy of capital to support current and future projections / risks.

The Bank has a structured process for the identification and evaluation of all risks that the Bank faces, which may have an adverse material impact on its financial position. The Bank considers the following risks as material risks it is exposed to in the normal course of its business and therefore, factors these while assessing/planning capital:

- Credit Risk
- Concentration Risk
- Market Risk
- Operational Risk
- Interest Rate Risk in the Banking Book
- Liquidity Risk
- Strategy Risk
- Reputational Risk
- Residual Risk
- Economy risk

The Bank has also implemented a Board approved Stress Testing policy. Stress Testing involves the use of various techniques to assess the Bank's potential vulnerability to extreme but plausible ("stressed") business conditions. Typically, this relates, among other things, to the impact on the Bank's profitability and capital adequacy. Stress Tests are conducted on a quarterly basis on the Bank's on and off balance sheet exposures to test the impact of Credit, Liquidity risk and Interest Rate Risk in the Banking book (IRRBB). The stress test results are put up to the Risk Management Committee (RMC) of the Board on a quarterly basis, for their review and guidance. The Bank periodically assesses and refines its stress tests in an effort to ensure that the stress scenarios capture material risks as well as reflect possible extreme market moves that could arise as a result of market conditions. The stress tests are used in conjunction with the Bank's business plans for the purpose of capital planning in the ICAAP. The Bank has also implemented a Board approved separate Stress Testing Policy / Model for its Securitised portfolio.

In line with the RBI guidelines for implementing the New Capital Adequacy Framework under Basel III, the Bank has successfully migrated to the framework from April 1, 2013. The Bank has continued parallel run of Basel II framework continuously tracking the exposures and studied the impact on Bank's Capital to Risk weighted Assets Ratio (CRAR) on a monthly basis. In accordance with the RBI's requirement, the Bank has continued to adopt Standardised Approach (SA) for Credit Risk and Basic Indicator Approach (BIA) for Operational Risk to compute capital as on March 31, 2017. Besides this, the Bank continues to apply the Standardised Duration Approach (SDA) for computing capital requirement for Market Risk. RBI has

prescribed banks to maintain a minimum CRAR of 9% with regard to credit risk, market risk and operational risk on an ongoing basis. The total Capital to Risk weighted Assets Ratio (CRAR) as per Basel III guidelines works to 13.76% as on March 31, 2017 (as against minimum regulatory requirement of 10.25%). The Tier I CRAR stands at 11.87% as against RBI's prescription of 7.00%. The Bank has followed the RBI guidelines in force, to arrive at the eligible capital, risk weighted assets and CRAR.

4. RISK MANAGEMENT FRAMEWORK

The Bank is exposed to various types of risk such as Credit, Market, Operation, Liquidity, Interest Rate, Reputational, Legal and Strategic risk. The Bank has separate and independent Risk Management Department in place which oversees all types of risks in an integrated fashion.

The objective of risk management is to have optimum balance between risk and return. It entails the identification, measurement and management of risks across the various businesses of the Bank. Risk is managed through framework defined in policies approved by the Board of Directors and supported by an independent risk management function which monitors and takes corrective action so that the Bank operates within its risk appetite. The risk management function attempts to anticipate vulnerabilities through quantitative or qualitative examination of the embedded risks in various activities. The Bank continues to focus on refining and improving its risk measurement systems. In addition to ensuring compliance with regulatory requirements, the Bank has developed robust internal systems for assessing capital requirements keeping in view the business objectives.

The Board of Directors (BOD) approves the strategies and policies for Risk Management, based on recommendations of the Risk Management Committee (RMC) of the Board set up to focus upon

risk management issues. The RMC reviews various aspects of risk arising from the businesses undertaken by the Bank. Operating level risk committees comprising of senior management viz. Asset Liability Management Committee (ALCO), the Operational Risk Management Committee (ORCO) and the Credit Risk Management Committee (CRMC) oversee specific risk areas. These committees in turn provide inputs for review by the Risk Management Committee (RMC).

4.1 Risk Management Committee (RMC) of the Board:

The Risk Management Committee of the Board is the primary tier to oversee implementation of Board approved strategies and policies, recommend setting up of tolerance limits wherever required, monitor implementation of strategies and policies, as well as adherence to prescribed tolerance limits, etc. The RMC oversees the functioning of Executive Level Committees for risk management. For this purpose, the minutes of the meetings of the Executive Level Committees are placed before RMC regularly. Matters relating to Credit risk are routed through the Credit Committee of Board (CCB) which also approves individual credit exposure in excess of executive delegated lending authority.

4.2 Executive Level Committees:

At Executive Management level, the organisational responsibilities for implementing and monitoring Board approved strategies and policies and adhering to prescribed tolerance limits etc. are as under:

Sr. No.	Executive Level Committee	Focus Area	Chairman
1	Asset Liability Management Committee (ALCO)	All aspects of Market Risk management, monitoring & control	Managing Director & Chief Executive Officer (MD & CEO)
2	Credit Risk Management Committee (CRMC)	All aspects of Credit Risk management, monitoring & control	Managing Director & Chief Executive Officer (MD & CEO)
3	Operational Risk Management Committee (ORCO)	All aspects of Operational Risk management, monitoring & control	Chief Financial Officer (CFO)

All the Executive Level Committees meet at least once in a month. ALCO however meets more frequently depending upon market conditions.

Note: Information Security team reports to Operational Risk Management Committee (ORCO)

5. CREDIT RISK

5 (a) Credit risk is defined as the possibility of losses associated with diminution in the credit quality of borrowers or counterparties. In a bank's portfolio, losses stem from outright default due to inability or unwillingness of a customer or counterparty to meet commitments in relation to lending, trading, settlement and other financial transactions. The Bank adopts the definition of 'past due' and 'impaired credits' (for accounting purposes) as defined by Reserve Bank of India under Income Recognition, Asset Classification and Provisioning (IRAC) norms (vide RBI Master Circular dated December 28, 2016).

5.a.i Credit Risk Management:

Credit Risk Management Committee (CRMC) headed by MD & CEO is the top level functional committee for managing credit risk. The committee is responsible for implementation of Credit Risk Management policy approved by the Bank's Board. The committee considers and takes decision necessary to manage and control credit risk within the overall quantitative prudential limits approved by the Bank's Board. The committee is entrusted with the responsibilities to formulate standards for presentation of credit proposals, financial covenant, rating standards and benchmarks. The committee also oversees compliance with Pillar 2 requirements under Basel III such as ICAAP and Stress Test.

The Bank has successfully implemented RAM rating model of CRISIL which is being used to assess the credit rating of all business loans exceeding ₹ 10 million. The rating serves as a single point indicator of the diverse counterparty risk for taking credit decision. The rating migration is monitored on regular interval.

The Bank has a well-developed credit monitoring system to monitor the health of the loan accounts and to detect the delinquencies at the initial stage. A separate department independent of the business units is monitoring the transactions in all the Corporate, Agri and Inclusive Banking (AIB), SME and MSME exposures with credit limits exceeding ₹ 10 million with a view to detect any early warning signals.

The Bank adopts an integrated approach to credit risk management, which encompasses:

- Establishment and articulation of corporate priorities
- Institution and inculcation of an appropriate credit culture
- Determination of specific credit risk strategy and profile
- Implementation of appropriate credit risk controls
- Monitoring the effectiveness of credit risk controls.

Though the Bank has implemented the Standardized approach for regulatory capital measurement for credit risk, the necessary steps for implementing Internal Rating Based Approach have been initiated.

5.a.ii Credit Strategy and Risk Profile:

The Bank adopts a credit risk strategy and risk appetite, which is in line with its risk taking ability to ensure conservation and growth of shareholder funds, with a proper balance between risk and reward. Financial resources are allocated to best optimise the risk reward ratio.

There is a clearly articulated definition of acceptable credit risk, based upon:

- Identification of target markets/segments
- Establishing of characteristics of desirable customers within the target market
- Assessing whether adequate resources are available to support the business
- Ensuring that all economic and regulatory requirements are complied with
- Ensuring that the portfolio is consistent with the Bank's strategy and objectives especially in relation to risk concentration, maturity profile and liquidity management.

5.a.iii Credit Risk Controls:

Credit risk controls focus on identification, measuring, monitoring and managing the assumed risks and include:

- A documented credit policy and credit risk management policy
- Approval process with delegated authorities
- Asset quality and risk rating system and its verification
- Effective loan disbursement mechanism to minimise the legal risk
- Effective loan administration to ensure past-due management and bad loan detection
- A loan review mechanism
- Portfolio management tools to manage portfolio risks

Management of credit risk is at three levels:

- Strategic or Portfolio level, so as to ensure that no single event can have a significant adverse impact
- Established credit policy to have a minimum standard for assuming risk
- Reliance on the competence of trained staff to make sound credit decisions.

There is a clear separation in functional responsibilities between:

- Origination and sales
- Credit assessment and approvals
- Post- sanction loan administration and
- Credit Risk Management.

The Bank relies upon formal and conventional risk assessment, viz.:

- The ability and willingness of borrowers to repay
- Dependence primarily on cash flows for repayment with security taken to provide a secondary source of repayment
- Quality of data and analysis thereof forms the basis of assessment and not external reputation or unsubstantiated beliefs
- Rational assessment of probability of default and assessment of 'Worst Case Scenario'
- Transparency and communication of all relevant facts (negative as well as positive) necessary for making an informed credit decision
- Documentation of all assessment, rationale and decisions.

Know Your Customers 'KYC' forms the bedrock of initiating and sustaining any relationship.

The Bank's selection of personnel and systems of rewarding performance is aligned to meet the Bank's stated key priorities. There is a commitment to training and upgrading of staff skills. Strong 'ownership' of exposures is encouraged, through rewards as well as strong accountability.

6. CREDIT RISK: Disclosures for portfolio subject to the Standardised Approach

6 (a) The Bank has used the ratings of the following domestic external credit rating agencies(arranged in alphabetical order) for the purposes of risk weighting their claims for capital adequacy purposes:

- Brickwork Ratings India Pvt. Limited (Brickwork)
- Credit Analysis and Research Limited
- CRISIL Limited
- ICRA Limited
- India Ratings and Research Private Limited (India Ratings) and
- SME Rating Agency of India Ltd (SMERA)

International credit rating agencies (arranged in alphabetical order) for the purposes of risk weighting their claims for capital adequacy purposes where specified:

- Fitch;
- Moody's; and
- Standard & Poor's

6 (b) A description of the process used to transfer public issuer ratings onto comparable assets in the banking book:

- Bank has used short term ratings for assets with maturity upto one year and long-term ratings for assets maturing after one year as accorded by the approved external credit rating agencies.
- Bank has not cherry picked ratings. Bank has not used one rating of a CRA (Credit Rating Agency) for one exposure and another CRA's rating for another exposure on the same counterparty unless only one rating is available for a given exposure.
- Notwithstanding the repayable on demand condition, cash credit exposures have been subjected to Long-term rating.
- If an issuer has a long term external credit rating that warrants RW (Risk Weight) of 150%, all unrated exposures on the same issuer whether long or short is assigned the same 150% RW unless mitigated by recognised Credit Risk Mitigation (CRM) techniques.
- Bank has used only solicited rating from the recognised CRAs. In case the issuer has multiple ratings from CRAs, the Bank has a policy of choosing (if there are two or more ratings) lower rating.
- Where RW associated with the rating by a CRA for a specific investment instrument is lower than one corresponding to unrated exposure, but the Bank's exposure is not in that instrument but some other debt, the RW for the rated exposure has been applied to Bank's unrated exposure provided the latter ranks pari-passu or senior to the specific rated exposure and the maturity of Bank's claim is not later than the rated exposure.
- If either the issuer or a single issue has been rated warranting RW equal or higher than unrated claim, a claim on the same issuer which is unrated but ranks pari-passu or subordinate to the rated exposure has been assigned the same RW as applicable to the rated exposure.

- No recognition of CRM technique has been taken into account in respect of a rated exposure if that has already been factored by the CRA while carrying out the rating.
- Claims on Corporates, AFCs, NBFC-IFCs and HFCs having aggregate exposure from banking system of more than INR 100 crores which were rated earlier and subsequently have become unrated, attract a risk weight of 150%.

For exposure amounts after risk mitigation subject to the standardised approach, amount of a Bank's outstanding (rated and unrated) in the following three major risk buckets as well as those that are deducted as on March 31, 2017 are as follows:

(` million)

Particulars	Fund based	Non fund based
Below 100% risk weight	115,234.5	6,530.9
100% risk weight	51,854.0	6,360.8
More than 100% risk weight	12,727.1	4,169.2
Total	179,815.5	17,060.9

7. CREDIT RISK MITIGATION: Disclosures for Standardised Approach

7 (a) The Bank has adopted Credit Risk Mitigation (CRM) Techniques and Collateral Management (CM) guidelines issued by RBI under Master circular – Prudential guidelines on capital Adequacy and Market Discipline – New Capital Adequacy Framework (NCAF) (vide RBI Master Circular dated July 01, 2015).

Bank has utilised credit risk mitigation in the case of Bank's own deposits, KisanVikasPatra, LIC policies, National Saving Certificate and gold, wherever the collateral is identifiable, marketable and enforceable and complies with RBI requirements. Sovereign exposures and Sovereign guaranteed exposures are risk weighted as per RBI directives.

The general principles applicable for use of credit risk mitigation techniques are as under:

- No transaction in which Credit Risk Mitigation (CRM) techniques are used has been assigned higher capital requirement than as otherwise identical transaction where such techniques are not used.
- The Bank has taken care to see that effects of CRM are not double counted. To ensure this no additional supervisory recognition of CRM for regulatory capital purposes are made available on claims for which an issue-specific rating is used that already reflects that CRM.
- Principal-only ratings will not be allowed within the CRM framework. The rating should cover principal and interest.

Bank has therefore put in place robust procedures and processes to control these risks, including strategy, consideration of the underlying credit, valuation, policies and procedures systems, control of roll-off risks, and management of concentration risk arising from the use of CRM techniques and its interaction with the Bank's overall credit risk profile.

7 (b) Eligible Financial Collateral:

The following collateral instruments are eligible for recognition in the comprehensive approach: -

- Cash (as well as certificates of deposit or comparable instruments, including fixed deposit receipts, issued by the lending bank) on deposit with the bank which is incurring the counterparty exposure.
- Gold: Gold would include both bullion and jewellery. However, the value of the collateralized jewellery should be arrived at after notionally converting these to 99.99 purity.
- Securities issued by Central and State Governments
- KisanVikasPatra and National Savings Certificates provided no lock-in period is operational and if they can be encashed within the holding period.
- Life insurance policies with a declared surrender value of an insurance company which is regulated by an insurance sector regulator.
- Debt securities rated by a chosen Credit Rating Agency in respect of which banks should be sufficiently confident about the market liquidity where these are either:
 - Attracting 100 per cent or lesser risk weight i.e., rated at least BBB(-) when issued by public sector entities and other entities (including banks and Primary Dealers); or
 - Attracting 100 per cent or lesser risk weight i.e., rated at least CARE A3/ CRISIL A3/ India Ratings and Research Private Limited (India Ratings) A3/ICRA A3/Brickwork A3/ SMERA A3 for short-term debt instruments.
- Debt Securities not rated by a chosen Credit Rating Agency in respect of which banks should be sufficiently confident about the market liquidity where these are:
 - issued by a bank; and
 - listed on a recognised exchange; and
 - classified as senior debt; and
 - all rated issues of the same seniority by the issuing bank are rated at least BBB(-) or CARE A3/ CRISIL A3/ India Ratings and Research Private Limited (India Ratings) A3/ ICRA A3/Brickwork A3/SMERA A3 by a chosen Credit Rating Agency; and
 - the bank holding the securities as collateral has no information to suggest that the issue justifies a rating below BBB(-) or CARE A3/ CRISIL A3/ India Ratings and Research Private Limited (India Ratings) A3/ICRA A3/Brickwork A3/SMERA A3 (as applicable) and;
 - Banks should be sufficiently confident about the market liquidity of the security.
- Units of Mutual Funds regulated by the securities regulator of the jurisdiction of the bank's operation mutual funds where:
 - a price for the units is publicly quoted daily i.e., where the

daily NAV is available in public domain; and

- b) Mutual fund is limited to investing in the instruments listed in this paragraph.
- ix. Re-securitisations, irrespective of any credit ratings, are not eligible financial collateral.

9. MARKET RISK IN TRADING BOOK

Market risk refers to the uncertainty of future earnings resulting from changes in interest rates, foreign exchange rates, market prices and volatilities. The Bank assumes market risk in its lending and deposit taking businesses and in its investment activities, including position taking and trading. The market risk is managed in accordance with the investment policies, which are approved by the Board. These policies ensure that operations in securities, foreign exchange and derivatives are conducted in accordance with sound and acceptable business practices and are as per the extant regulatory guidelines, laws governing transactions in financial securities and the financial environment. Market Risk in Trading Book is assessed as per the Standardised Duration approach. The capital charge for Held for Trading (HFT) and Available for Sale (AFS) portfolios is computed as per Reserve Bank of India prudential guidelines.

Market risk management objectives:

The objectives of market risk management are as follows:

- Management of liquidity
- Management of interest rate risk and exchange rate risk.
- Proper classification and valuation of investment portfolio
- Adequate and proper reporting of investments and derivative products
- Compliance with regulatory requirements

Structure and organisation of the market risk management function:

The Board, through Risk Management Committee, approves the policies with regard to identification, measurement and control of market risks (Interest Rate Risk and Foreign Exchange Risk) and Liquidity Risk. Market Risk department is an independent function. The Market Risk Department exercises independent control over the process of market risk management and recommends changes in processes and methodologies for measuring Market Risk.

Strategies and processes:

To comply with the regulatory guidelines and to have independent control groups there is clear functional separation of:

- Trading (Front office)
- Monitoring and control (Middle office) and
- Settlements (Back office)

The strategy/guidelines for controlling market risk include:

- Direct involvement of experienced line management
- Stringent controls and limits
- Strict segregation of front, middle and back office duties
- Comprehensive periodical reporting of positions
- Regular independent reviews of all controls and limits
- Rigorous testing and auditing of all pricing, trading and risk management

The scope and nature of risk reporting and measurement systems:

Reporting:- The Bank periodically reports on the various investments and their related risk measures to the senior management and the committees of the Board. The Bank also periodically reports to its regulator in compliance with regulatory requirements.

Measurement:- The Bank has devised various risk metrics for measuring market risk. These are reported to Asset Liability Management Committee by Market Risk Management Department. Some of the risk metrics adopted by the Bank for monitoring its risks are Value-at-Risk, Earnings at Risk, Modified Duration, Stop Loss limits amongst others.

10. OPERATIONAL RISK

Operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Operational risk includes legal risk but excludes strategic and reputation risks.

The Bank has put in place a Board approved Operational Risk Management Policy which outlines overall framework for management of Operational Risk. The Bank has identified Key Operational Risk Indicators (KORIs) across various units, which are measured, monitored regularly and reported to Operational Risk Management Committee (ORCO) on monthly basis. The Bank has a robust system of reporting Operational Risk events across various units through identified Operational Risk Officers, who are given adequate training to identify and report such events as and when they occur. The Bank has a very effective system of recording and reporting operational losses booked. The Bank also collects qualitative data on self-assessment of operational risk faced by various units through Risk Control Self-Assessment (RCSA) exercise.

The Bank has implemented Periodic Risk Identification and Controls Evaluation (PRICE) system with a view to develop policy framework for identification and documented plan to mitigate various risks in the Bank. The PRICE system is expected to provide a robust overview of various risks being identified proactively that remain un-mitigated. The PRICE system is pivotal in continuous assessment of our risk and control environment and prioritise our remedial efforts based on risk/impact.

The Bank manages Operational Risk by way of adopting best practices in processes as well as products. All the new and existing process are subjected to rigorous review by Management Committee for Approval of Process (MCAP), which comprises of senior management personnel with diversified experience in banking. Utmost importance is given on communication and understanding of processes at transactional level and compliance to same are monitored through effective internal audits.

The Bank understands the criticality of business continuity in the event of any undesirable / unforeseen incident and has put in place an exhaustive Business Continuity Plan (BCP) in place which is subject to periodic drills. The Bank has robust Information Technology set up with Disaster Recovery (DR) site for critical functions and backups. Further there is a strict adherence to Information Security Policy across the Bank.

As per the mandate from RBI, the Bank is following the Basic Indicator Approach (BIA) for assessment of Operational Risk Capital. The Bank has taken quantitative and qualitative steps in view of moving towards advanced approaches as prescribed by RBI.

Capital requirement for operational risk as per Basic Indicator Approach (BIA) as on March 31, 2017 is ` 1,010.3 million.

11. INTEREST RATE RISK IN BANKING BOOK**Interest Rate Risk in the Banking Book (IRRBB):**

Interest rate risk is the potential change in Net Interest Income (NII) or Economic Value of Equity (Balance Sheet impact), caused by unexpected changes in market interest rates. Since NII or Net Interest Margin (NIM) of Bank is dependent on the movements of interest rates, any mismatches or gaps in the cash-flows on re-pricing dates exposes Bank's NII or NIM to interest rate risk. Interest Rate Risk in Banking Book results from an unavoidable position or gap arising from Bank's normal day to day business by holding assets and liabilities in different maturities and different re-pricing dates.

Risk management framework and monitoring:

The Board of the Bank, through Risk Management Committee (RMC), has overall responsibility for management of risks and it sets limits and policies for management of liquidity risk, market risk including foreign exchange, interest rate and equity risk. The Asset Liability Management Committee (ALCO), a strategic decision making body constituted by Board, headed by Managing Director and comprising of senior executives of the Bank is responsible for deciding the mix and maturity profile of the assets and liabilities, recommendation of risk policies, setting up of prudential limits to manage the risks and ensuring compliance with the limits set by the Board. The ALM policy of the Bank includes the prudential limits on interest rate risk, liquidity risk, foreign exchange risk and equity risk.

Market Risk Management Department is responsible for monitoring the limits laid down in the ALM Policy through various reports. These reports are prepared at regular intervals and exceptions/deviations are reported to the ALCO/RMC, as may be required by the ALM policy.

Risk measurement and reporting framework:

As a part of its regular activities, ALCO manages the impact of the interest rate risk in banking book, through various limits, reports and tools such as interest rate sensitive gaps, Earnings at risk analysis, duration gap analysis, stress testing, etc. detailed as follows:

Interest rate sensitivity gap:

The interest rate gap risk, at any given date, is the risk arising from the mismatches in the assets and liabilities over the different time intervals. These mismatches or gaps are arrived at after matching rate sensitive assets and rate sensitive liabilities in the particular time bucket taking into account all assets and liabilities (including off Balance Sheet exposure). The rate sensitive assets and liabilities are grouped in the buckets as per the residual maturity or re-pricing date, whichever is earlier and is reported on monthly basis. The gap indicates whether net interest income is positively or negatively impacted by a change in

interest rates and the magnitude of the gap approximates the change in net interest income for any given interest rate shift. Limits are fixed on individual gaps.

Earnings at Risk Analysis (EaR):

The gaps in the report indicates whether the Bank is in a position to benefit from rising interest rates by having a positive gap (RSA > RSL) or whether it is in a position to benefit from declining interest rates by a negative gap (RSL > RSA). The Bank monitors the Earnings at Risk on NII for 1% change in interest rates on the open periodic gaps.

Stress testing:

The Bank measures the impact on NIM/ EaR after taking into account various possible movement in interest rates across tenor and impact on the earnings is calculated for each of these scenarios. These reports are prepared on a quarterly basis for measurement of interest rate risk.

Duration gap analysis:

Movement in the interest rates also have a long-term impact on the market value of equity of the Bank, as the economic value of the Bank's assets, liabilities and off-Balance Sheet positions get affected. Duration is a measure of interest rate sensitivity of assets, liabilities and also equity. It may be defined as the percentage change in the market value of an asset or liability (or equity) for a given change in interest rates. Thus Duration Gap Analysis measures by how much the market value of equity of a firm would change for the possible change in the interest rates.

The following tables show the impact on NII and economic value of equity for a given change in the interest rates. The impact is calculated assuming parallel shifts in the yield curve across all time buckets.

12. General disclosures for exposures related to counterparty credit risk

Counterparty exposure

Counterparty credit risk in case of derivative contracts arises from the forward contracts. The subsequent credit risk exposures depend on the value of underlying market factors (e.g., interest rates and foreign exchange rates), which can be volatile and uncertain in nature. The Bank does not enter into derivative transactions other than forward transactions.

Credit limits

The credit limit for counterparty bank is fixed based on their financial performance as per the latest audited financials. Various financial parameters such as NPA ratios, liquidity ratios, etc are taken into consideration while assigning the limit. Credit exposure is monitored daily to ensure it does not exceed the approved credit limit. These credit limits are set on the notional exposure basis.

Credit exposures on forward contracts

The Bank enters into the forward contracts in the normal course of business for positioning and arbitrage purposes, as well as for our own risk management needs, including mitigation of interest rate and foreign currency risk. Derivative exposures are calculated according to the current exposures method.

Table DF – 17: Summary comparison of accounting assets vs. leverage ratio exposure measure**Leverage Ratio:**

The leverage ratio is calibrated to act as a credible supplementary measure to the risk based capital requirements.

The Basel III leverage ratio is defined as the capital measure (the numerator) divided by the exposure measure (the denominator), with this ratio expressed as a percentage.

$$\text{Leverage Ratio} = \frac{\text{Capital Measure (Tier 1 Capital)}}{\text{Exposure Measure}}$$

Dear Shareholders / Stakeholders,

Addendum to the Directors' Report 2016-17

The following paragraph was inadvertently omitted in the Directors' Report dated April 14, 2017 for the year ended March 31, 2017. Shareholders / stakeholders are notified that the following paragraph forms part of aforesaid Directors' Report.

"Implementation of Indian Accounting Standards (Ind AS) converged with International Financial Reporting Standards (IFRS)"

The Ministry of Corporate Affairs (MCA), Government of India has notified the Companies (Indian Accounting Standards) Rules, 2015 on February 16, 2015. Further, a Press Release was issued by the MCA on January 18, 2016 outlining the roadmap for implementation of Indian Accounting Standards (Ind AS) converged with International Financial Reporting Standards (IFRS) for banks. Banks in India shall comply with the Indian Accounting Standards (Ind AS) for financial statements for accounting periods beginning from April 1, 2018 onwards, with comparatives for the periods ending March 31, 2018 or thereafter. In preparedness towards achieving the same, the Bank had prepared proforma financials as per Ind AS as on September 30, 2016 as per extant regulatory guidelines and submitted the same to the RBI. The Bank will continue its preparedness towards migration to adopting Ind-AS as per regulatory requirement."

Inconvenience caused, if any, is regretted.
