Innovation

Relevant innovation that produces ideas at an economical cost that result in service delivery for customers which they value and for which they are prepared to pay is the DCB Bank way. Innovation is also the result of the culture within an organization which encourages all employees to continuously think of new and easier processes and possibilities. Without participation and ownership innovation can rarely be useful.

DCB, for a small bank, has innovated in all areas of its operations. Simplifying processes, creating technological products that make life easier for customers, expanding their choice set and above all being relevant for both the Bank and its customers. This year, we have illustrated our cover with pictures of our actual customers from different walks of life who have found DCB Bank relevant for their needs.

Actively reaching out in the neighborhoods we operate is our core philosophy. Not only does this provide us with a loyal customer base but also contributes to the Nation's development agenda. DCB Bank is evolving into an institution that customizes its services for its customers and thereby creates its own growth strategy. After all, in the end, it's the customer that makes us relevant. And relevant we shall remain.

CHAIRMAN'S STATEMENT 2015 - 16

Last year, I had said in my statement that the Bank, “is now settling into a steady state expansion of our branch network into all geographies pan-India”. The first half of this year suggested to us that we need to accelerate the pace of expansion as we adequately internalised the mechanics of branch expansion so necessary to sustain our strategy of Retail, MSME/SME and Agri and Inclusive Banking growth. The Board and I felt that the time had come to drive branch growth more aggressively to ensure that we secured the momentum for future. We announced this intention but met with substantial resistance by a section of investors that believed that our strategy might be too aggressive.

I am happy to report that the Bank's annual results for FY 2016 demonstrated the efficacy of our strategy. We have continued to grow at our expected rates in almost all parameters. Operating Profit was up 26 percent at Rs. 349 crore; Profit Before Tax up 26 percent at Rs. 261 crore and Profit After Tax up at Rs. 195 crore despite a higher tax rate for the year. Our Balance Sheet grew by 19 percent to Rs. 19,119 crore and our Net Interest Margin improved to 3.94 percent. Our Gross NPAs declined and stood at 1.51 percent and Net NPAs was at 0.75 percent. Our Provision Coverage Ratio was 77.55 percent. This is an impressive performance despite a very difficult year for the economy and especially the banking sector. It illustrates that the Bank's strategy is paying dividends and despite stormy seas the Bank is holding its course.

This year has also seen the maturity of a number of innovations that your Bank has made many of which have been recognised by the outside world. The theme of this year's report is Innovation and reflects the internal culture of the Bank as it continues to strengthen the internal commitment of its people to build, brick by brick, a truly outstanding bank in the years to come. I would like to illustrate a few of these initiatives:

DCB Bank was the first Bank to introduce an Aadhaar enabled ATM which works through biometric authentication. A unique feature of the service allows customers to make ATM transactions using their Aadhaar number and biometric without the necessity of an ATM card and PIN.

The Bank also launched the first integrated loan management system by digitizing the entire loan process. Lending can now be done on an on-line platform with credit decisions made on a real time basis with end to end automation of acquisition, underwriting, disbursal and collections. Mobile features will also be added to allow customers to do self-servicing as well as enable the sales force to undertake smoother customer

acquisition activities.

Your Bank has also built an end to end digitized term deposit platform with DCB Zippi Online Deposit solution which allows the Bank to reach out to customers beyond the present branch network.

Another innovation is Smart Credit online platform to offer low cost credit to credit card customers. Using this platform the Bank provides loans to customers to pay off credit card outstanding through an overdraft facility.

The Bank was one of the first banks to be completely ready to participate in the National Payments Corporation of India's (NPCI) innovative Unified Payment Interface (UPI) initiative for which we received acknowledgment from NPCI.

On the Human Resources front, we have continued to innovate. We launched the DCB Boot Camp programme to hire around 80 students from Tier 2 and Tier 3 institutes. The new career website was designed to cater especially to “Gen Y” where prospective employees get an insight into the youthful culture of the organization. DCB Allympics was conceptualized to build higher inter-departmental bonding and allow families of employees to participate. We also launched “LUMOS” DCB Bank's Learning Academy which is a new on-line learning aimed at transforming training and embracing technology to ensure higher penetration, wider reach and speed. Over 45 modules covering key processes and products including induction have been incorporated in the system.

The culture of an organization creates the energy and commitment to go beyond traditional limits and to think different. We are putting a great deal of energy to ensure that we build an extremely powerful culture which is recognisably different from any other comparable institution. We do this in the belief that true leadership is a function of the culture that creates self empowerment and confidence to innovate and to stretch the art of the possible. Comprehensive culture building reflects in all dimensions of an enterprise: Professional Culture; Organizational Culture; Social Culture and Leadership Culture at all level.

Success in a competitive world will depend not on what you do but how you do it. Culture is critical. Culture is paramount. At DCB Bank we are fully committed to it.

Explanatory Statement as required under Section 102(1) of the Companies Act, 2013 annexed to and forming part of the Notice dated April 15, 2016:

ITEM NO. 2

Appointment of Statutory Auditors:

M/s. B S R & Co. LLP have completed a continuous term of four years as Bank's Statutory Auditors and in accordance with the Banking Regulation Act, 1949 are not eligible for re-appointment, beyond four years.

The Reserve Bank of India vide letter Ref. No. DBS.ARS. No.11937/08.37:005/2015-16 dated April 12, 2016 has approved the appointment of M/s. Deloitte Haskins & Sells, Chartered Accountants (Registration No. 117365W) as Statutory Auditors for the financial year 2016-17 for their first year.

The Board recommends approval by the Members of the Ordinary Resolution as indicated in Item No.2 of the accompanying notice.

None of the Directors or Key Managerial Personnel and their relatives are, directly or indirectly, concerned or interested financially or otherwise in the passing of Resolution at Item No.2.

ITEM NO. 4

Raising of Funds by issue of bonds/ debentures/ securities on private placement basis

The Bank has been borrowing funds to meet the business requirements within the limits approved by the Members by way of issuance of various debt securities (bonds/debentures) as permitted by Reserve Bank of India ("RBI") and in accordance with the provisions of Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008, as amended, and other applicable laws, from time to time.

In terms of Section 42 of the Companies Act, 2013 read with Companies (Prospectus and Allotment of Securities) Rules, 2014, the Bank is permitted to make a private placement of securities subject to the condition that the proposed offer of securities or invitation to subscribe securities has been previously approved by the Members of the Bank, by a special resolution, for each of the offers or invitations/ subscriptions. In case of offer or invitation for subscription of non-convertible debentures, it shall be sufficient if the Bank passes a special resolution only once in a year for all the offers or invitation for subscription of such debentures during the year. While the shareholders had passed a special resolution in the last financial year (dated March 21, 2016) by Postal Ballot, it will have a validity of 1 year i.e. upto March 20, 2017. In case the Bank needs to or gets an opportunity to raise such funds post such validity, it will require shareholders' fresh approval at that time which could be time consuming. Hence it is proposed to seek approval of the members once again in this financial year so that the validity could be extended upto May 31, 2017.

Further, considering the attractive features of the revised guidelines issued by RBI on issue of long term bonds/ Basel III Tier I /Tier II

bonds and the fact that these bonds will also assist the Bank in reducing asset-liability mismatches, the Board of Directors has proposed to obtain the consent of the members of the Bank for borrowing/ raising funds in Indian/ foreign currency by issue of debt securities pursuant to the relevant provisions of the applicable circulars or guidelines issued by RBI, up to ` 300 crore (Rupees Three Hundred crore only), in one or more tranches in domestic and /or overseas market, as per the structure and within the limits permitted by RBI and other regulatory authorities, to eligible investors on private placement basis, on such terms and conditions as the Board of Directors or any Committee(s) thereof or such other persons as may be authorized by the Board, from time to time, determine and consider proper and appropriate for the Bank. This would form part of the overall borrowing limits under Section 180(1)(c) of the Companies Act, 2013. The Resolution under Section 42 of Companies Act, 2013 shall be valid for a period of one year from the date of passing of this resolution.

The pricing of the debt securities referred above depends primarily upon the rates prevailing for risk free instruments, rates on other competing instruments of similar rating and tenor in the domestic or overseas markets, investor appetite for such instruments and investor regulations, which enable investments in such instruments.

Further, debt securities would be issued for cash either at par or premium or at discount to the face value depending upon the prevailing market conditions, as permitted under the Laws.

Accordingly, the approval of Members is being sought by way of special resolution as set out at in Item No. 4 of this Notice for borrowing/raising funds in Indian/ foreign currency by issue of debt securities on private placement basis.

Your Directors recommend the special resolution, as set forth in Item No. 4 of this Notice for approval by the Members of the Bank.

None of the Directors or Key Managerial Personnel and their relatives are, directly or indirectly, concerned or interested financially or otherwise in the passing of the Special Resolution at Item No.4.

ITEM NO.5

Ratification of Bonus paid to the Managing Director & Chief Executive Officer (MD & CEO) for FY 2014-15.

At the last Annual General Meeting (AGM) held on June 1, 2015, the shareholders of the Bank, inter-alia, approved the revision in remuneration to Mr. Murali M. Natrajan, MD & CEO w.e.f. April 1, 2014 as per the terms mentioned in the explanatory statement of the notice of the said last AGM. As the bonus is recommended by the Nomination & Remuneration Committee and approved by the Board after the end of the financial year and considered by the Reserve Bank of India (RBI) thereafter, the said statement did not include bonus payment to the MD & CEO for the financial year 2014-15. RBI has subsequently approved the bonus of Rs.1.00 crore vide their letter DBR.Appt.No.2713/29.03.001/2015-2016 dated August 24, 2015 and the same was paid to Mr. Murali M. Natrajan, MD & CEO during the financial year 2015-16.

Your Board therefore, recommends passing of the Resolution as set out in Item No.5 of the Notice ratifying payment of bonus to MD & CEO of the Bank.

None of the Directors or Key Managerial Personnel other than Mr Murali M. Natrajan, and their relatives are, directly or indirectly, concerned or interested financially or otherwise in the passing of Resolution at Item No.5.

Company Secretary

DIRECTORS' REPORT

Your Directors are pleased to present the Annual Report of DCB Bank Ltd (hereinafter referred to as the Bank/Your Bank/DCB Bank) together with the audited accounts for FY 2016.

In FY 2016, the Bank has posted an Operating Profit of ₹ 349.03 crore (FY 2015 ₹ 277.45 crore) and a Net Profit of ₹ 194.52 crore (FY 2015 ₹ 191.18 crore).

Total Assets have increased by ₹ 2,986.23 crore and reached ₹ 19,118.52 crore as on 31st March, 2016 (₹ 16,132.29 crore as on 31st March, 2015).

Customer Deposits have increased by ₹ 1,702.08 crore and Advances have increased by ₹ 2,456.33 crore. The Bank has achieved the overall Priority Sector Lending (PSL) target as required by Reserve Bank of India (RBI).

The Net Interest Margin (NIM) has improved to 3.94% in FY 2016 from 3.72% in FY 2015 and the Current and Savings Accounts (CASA) ratio stood at 23.4% as on 31st March, 2016.

Cost to Income Ratio has decreased to 58.4% in FY 2016 from 58.8% in FY 2015. The Bank's total cost increased mainly due to increase in number of branches, higher business volumes and increase in number of staff.

Total Branch network stood at 198 as on 31st March, 2016 (154 as on 31st March, 2015) and ATM network increased to 410 as on 31st March, 2016 (328 as on 31st March, 2015).

Provisions Other Than Tax have increased to ₹ 87.91 crore in FY 2016 from ₹ 69.42 crore in FY 2015. The increase was mainly due to provision for existing and Fresh NPA slippages, higher Floating provision and Provision against Standard Assets.

Gross NPAs have increased to ₹ 197.38 crore as on 31st March, 2016 from ₹ 186.07 crore as on 31st March 2015. The overall NPA Provision Coverage Ratio as on 31st March, 2016 was 77.55%. Net NPAs have decreased to ₹ 97.46 crore as on 31st March, 2016 as against ₹ 105.70 crore as on 31st March, 2015.

Capital Adequacy Ratio (CAR) under Basel III as on 31st March, 2016 stood at 14.11% (14.95% under Basel III as on 31st March, 2015).

In March 2016, the Bank issued Basel III compliant Tier II Bonds and raised Tier II capital of Rs. 86.60 crore.

DIVIDEND

Since 2009, the Bank has a stated intention to maintain Tier I Capital Adequacy Ratio of more than 10.50 percent, which the Bank would like to continue. Branch expansion plan for the next 18 to 24 months, expected requirement of additional capital for Advances growth, Basel III regulations, increase in Income Tax rate from FY 2017, etc. necessitate consolidation of Bank's Tier I Capital. Your Board therefore, has taken a concerted view to focus on strengthening the Balance Sheet and Tier I Capital and has chosen not to recommend any dividend for FY 2016.

MANAGEMENT DISCUSSION AND ANALYSIS

Vision

The Bank's vision is to be the most innovative and responsive neighbourhood bank in India serving entrepreneurs, individuals and businesses. In line with our vision, we began implementing a new strategy in FY 2010 which has now completed 6 years. The Bank continues to make good progress and improvements are visible in all aspects of its business. In order to accelerate the business momentum further, in October 2015, the Bank announced its plan to increase its branch network by 150 more branches in 24 months.

Target Market

Keeping in view its inherent strengths, branch network and expertise, the Bank's target market is mainly self-employed / small business segment (traders, shop keepers, MSMEs and SMEs). The Bank has chosen to have limited presence in the salaried segment. The MSME / SME sector plays a very important role in the growth of the Indian economy. In the coming years, our Honourable Prime Minister's remarkable initiative "Make in India" is likely to have a very favourable impact on our country's MSME / SME sector.

MSME sector plays a pivotal role in the economic and social development of the country. Some important information on MSME sector is given below:

- Number of Working Enterprises – 49 million, Employment – 111 million
- Urban – 45%, Rural – 55%
- Manufacturing – 32%, Service – 68%
- Sole Proprietor – 94%
- Market value of Fixed Assets – INR 13,637 billion

(Source: Annual Report 2014-15 Government of India, Ministry of Micro, Small and Medium Enterprise)

Also, as per DNA survey, June 2013, the Indian workforce consists of 51% self-employed.

DCB Bank Customers

Your Bank deals with all types of self-employed / small businesses for example - Trader, Commodity, Gold Trader, Vegetable Trader, Commission Agent, Retailer, Restaurant Owner, Caterer, Baker, Vending Machine Supplier, Consultant, Doctor, Contractor, Interior Decorator, Software Designer, Salon, Beauty Parlor, Printer, Electrical Engineer, Saw Mill, Flour Mill, Rice Mill, Grocery Store, Brick Maker, Builder, Fabricator, Artist, Writer, Auto Repair, Ship Repair, Pharmacy, Computer Specialist, Furniture Maker, Uniform Maker, Garment Shop, Fashion Tailor, Hardware Shop, Agri Processor, Pesticide Dealer, Auto Dealer, Scrap Dealer, Stationery Supplier, FMCG Dealer, Tool Maker, Agri Input Dealer, Tractor Dealer, Plastic Manufacturer, Mattress Manufacturer, Water Supplier, Computer Classes, Internet Café, Coaching Classes, Tour Operator, Hotel Owner, Transporter, Ticketing Agent, C&F Agent etc. The list of Self Employed occupation is endless. The target market is essentially Micro, Small and Medium Enterprises both in Manufacturing and Services. (Please refer to MSMED Act, 2006). Majority of lending to MSME sector qualifies for Priority Sector Lending. It is estimated that 89% of CASA accounts and 87% of Mortgage loans are in the self-employed segment for the Bank.

Credit Rating

During FY 2016, ICRA gave A+ (hyb) (stable) rating to DCB Bank Long Term – Subordinated Debt. Your Bank continues to enjoy CRISIL A1+ rating for Certificate of Deposits and Short Term - Fixed Deposits as well as ICRA A1+ rating for Short Term – Fixed Deposits.

Awards

Your Bank received a number of awards and recognition in FY 2016:

- "Excellence in Transformation" award for Project Neo from IDC Insights
- "Digital Business Leader" award to Mr R. Venkatesh (Head – Operations, Technology and Human Resources) from IDC Insights

- "Innovative Product" award for DCB Zippi by Banking Frontiers – Finnoviti 2016
- Award for "Virtualization of Servers" from Data Quest– Business Technology Awards 2016
- Award for "Data Center Optimization" from Data Quest – Business Technology Awards 2016

Besides the above, your Bank's Managing Director and Chief Executive Officer Mr. Murali M. Natrajan was featured on the cover page of Banking Frontiers in the article "DCB Bank – Steering on the right course!"

Branch Expansion / ATMs

In October 2015, the Bank announced its intention to increase the number of branches by 150 in 24 months. Accordingly, in FY 2016, your Bank increased its branch network by 44 branches - 22 in Retail and 22 in Agri and Inclusive Banking (AIB). The year ended with 198 branches (120 in Retail and 78 in AIB) in 18 states and 2 union territories. Approximately 24 percent of the branches were in rural areas and 27 percent in semi-urban areas. The Bank's intention is to create a uniform appearance in all branches in order to provide customers with a familiar "look and feel" and pleasant experience. As per existing business model the new branches are expected to achieve break even between 18 to 22 months. In order to increase business volumes and provide excellent service to customers, the Bank has embraced the concept of selling all products (relevant to the catchment area) at all branches. The Bank has a competent training unit in Human Resources to provide comprehensive training across all locations.

In order to improve the overall performance, controls and customer service, the Bank strengthened the organisation structure of managing branch network. The concept of Cluster Services Operations Managers (CSOM) has been introduced. The entire network has been grouped into manageable clusters for closer supervision. This has also provided new career opportunities to Tellers and Operations Managers. In FY 2016, Branch Operations team simplified and automated several processes in order to improve productivity and provide better customer experience. Risk management and process controls were also strengthened.

The Bank has increased its ATMs from 328 in FY 2015 to 410 in FY 2016. The ATMs are performing well and usage is increasing steadily.

In March 2016, your Bank launched India's first Aadhaar based biometric fingerprint ATM on a pilot basis. For using the Aadhaar based biometric fingerprint ATM customers need to input their Aadhaar number registered with the Bank and simply put their fingerprint when prompted by the ATM machine. There is no need to remember ATM PIN. In the coming year many of the existing ATMs are likely to be upgraded to Aadhaar based biometric ATM.

RETAIL BANKING

Retail Banking has a comprehensive range of Deposits and Advances products. Retail has 120 branches at the end of FY 2016. A large part of the retail banking responsibility is to steadily increase CASA balances. In FY 2016, as compared to the previous year, CA balances grew by 13 percent and SA balances grew by 21 percent while overall CASA growth was 18 percent as compared to the previous year.

Mortgage and Micro Mortgage Business:

Mortgage is the lead product of the Bank addressing primarily the

self-employed segment offering tailor made solutions. It contributes approximately 43 percent of Advances of the Bank. Both home loans and business loans are offered. Almost all branches offer Mortgage/Micro Mortgage loans. In order to support business growth, dedicated sales teams are present in 99 locations across India. Micro or small ticket mortgage loans are most useful for customers in the Tier 2 to Tier 6 locations. Many in the rural and semi-urban areas are deriving incomes from unorganized sector. At times it becomes difficult to get proof of their capacity to repay. Therefore, the Bank needs to have the ability to assess the household income in order to determine eligibility. Personal discussion with the customer is an essential part of the credit assessment. The purpose of the loan inter alia may include home construction, home purchase, home repairs, business enhancement, marriage and education. In FY 2016, the Bank made tremendous efforts in enhancing the products, improving processes and controlling portfolio quality. In FY 2016, the retail Mortgages Advances grew by approximately 25 percent as compared to the previous year.

Construction Finance Business

Construction of flats and providing housing is a critical part of a growing economy. India has a huge population which does not own flat/house. For banks, financing construction is a good opportunity. However, there are numerous risks that need to be taken into consideration. In the last 12 months, the Bank has cautiously built up a small exposure in Construction Finance Business. The focus is on reputed builders with a strong track record who are targeting the end users with a reasonably priced homes catering mainly to middle and lower incomes. The Construction Finance Business has also helped in supporting CASA growth in the nearby branches of the Bank.

Commercial Vehicle (CV)

CV business was restarted in FY 2013 and is offered in 53 locations. The main objective behind re-entering the business was to improve the Bank's ability to achieve PSL. More than 85 percent of CV portfolio falls under PSL. Although economic conditions were weak, so far the portfolio quality has been maintained at an acceptable level. CV is still a small part of the overall Bank's Advances. It grew by approximately 67 percent in comparison to the previous year.

Loan against Gold

Loan against Gold is offered in almost all branches (Retail and AIB). In FY 2016, as part of process improvement initiatives the Bank embarked upon a 1 hour loan approval / disbursal process in many branches. Customers were delighted with the new process and gave the Bank excellent feedback.

Debit Cards

In FY 2016, as compared to the previous year, Cards in Force (CIF) increased by 4 percent. However, the number of Point of Sale (POS) transactions increased by 24 percent in comparison to the previous year. The number of e-commerce transactions increased by 66 percent in comparison to the previous year. As required by RBI, the Bank has started issuing chip based Debit Cards, for relevant schemes with effect from February 1, 2016.

DCB Payless Cards

This is a unique product offered by the Bank and is a preferred card for those self-employed segment that are unable to provide sufficient income proof or do not have an acceptable credit track record. In FY

2016, as compared to the previous year, CIF increased by 27 percent, the number of transactions on POS increased by 33 percent and the number of e-commerce transactions increased by 55 percent.

DCB Janajeevan Prepaid Card

The Bank launched India's first co-branded prepaid card for disbursal of small loans by Janalakshmi Microfinance in FY 2014. The product is administered in association with Jana Urban Foundation. The program aims to provide cashless disbursal which has a major positive impact on financial inclusion. In FY 2016, the total cards issued crossed 36 lakhs. As mentioned in the previous year report the program also won two prestigious awards – (a) "The Best Prepaid Product of the Year" at the 5th IMAI Digital Awards (b) "The Most Innovative Prepaid Card" at the Finnoviti 2015.

Distribution of Mutual Funds and Insurance

The Bank distributes Mutual Funds, Life Insurance and General Insurance products to new and existing customers. This helps in deepening relationship with Deposit and Advances customers.

Traditional Community Banking

With a vision of strengthening neighbourhood banking, the Bank set up a separate vertical in FY 2010 with the aim of providing personalized attention to the community customers and winning back lost relationships. In FY 2016, as compared to the previous year, Traditional Community Banking Deposits grew by 10 percent and Advances increased by 41 percent.

Non-Resident Indian (NRI) business

In FY 2016, NRI deposits contribution was approximately 10 percent. The Bank is making steady progress by leveraging on the relationship with Diamond Trust Bank Group (DTB) in East Africa. During the year approximately 1,300 new customers were acquired. The business continues to increase its tie-ups with other banks in East Africa and Middle East. This is likely to improve correspondent banking facility, remittances and trade finance business. The Bank has customers across 127 countries. The NRI deposits achieved growth of approximately 25 percent in FY 2016 as compared to the previous year.

Collections

Collections is an important function for the Bank. It helps to provide timely reminders to customers and also ensure portfolio quality. The Bank's in-house Collection which is a common utility for all products is present in 117 locations across India. In order to assist field collections the Bank introduced *m-Collect*, a smart phone based application that helps in providing system generated receipts on the field. The application also instantly provides real time updates to the loan system helping improve efficiency and provide customer convenience.

Strategic Alliances

In order to enhance product and distribution, the Bank is constantly looking for opportunities to form fruitful alliances with entities that may have similar business objectives. Your Bank at present has several alliances:

- Birla Sunlife Insurance – Corporate Agency - Life Insurance
- ICICI Lombard General Insurance – Corporate Agency - General Insurance
- Annapurna Microfinance, Lok Management Services, New Opportunity Consultancy, Pahal Financial Services, People's

Forum, Taraashna Services – *Business Correspondents - JLG/SHG/Microenterprise/Livestock/Savings/Deposits*

- Western Union Business Solutions (USA) – *Technology Services - Foreign Exchange Remittances*
- Weizmann Forex – *Referral Agent Trade Related Outward Remittances*
- Paul Merchants, Thomas Cook – *Referral Agent Trade Related Outward Remittances*
- TVS Credit Services – *Referring Auto Loan Customers*
- Janalakshmi Financial Services, IIFL, SKS Microfinance, Madura Microfinance – *Co-branded Prepaid Card*
- Satin Creditcare Network, Utkarsh Microfinance, Annapurna Microfinance, Swabhimaan Microfinance, Taraashna Services – *Bajaj Allianz Death Claim Settlement on Prepaid Card*
- Slonkit – *Co-branded Prepaid Card cum Wallet*

MSME and SME

The importance of MSME and SME to India's economy and the Bank's strategy of pursuing this segment have already been mentioned earlier in this discussion. The Bank has created robust sales, underwriting and portfolio monitoring capability for growing the MSME/SME business, offering a wide range of products and personalized services including Foreign Exchange, Cash Management, Trade Finance and Internet Banking. The Bank has established many new branches in Tier 2 to Tier 6 locations to specially target MSME/SME. The aim is to become the business partner of this vibrant entrepreneurial segment of the economy. Indian economy is going through a tough period and MSME/ SME are impacted. In view of the current situation, the Bank has adopted a very cautious approach. In FY 2016, MSME/SME Advances grew by approximately 17 percent as compared to the previous year.

CORPORATE BANKING

Corporate Banking is present across India with regional offices in Ahmedabad, Bengaluru, Chennai, Delhi, Hyderabad, Kolkata, and Mumbai. The business objective is to provide a complete range of commercial banking solutions including Foreign Exchange, Trade Finance and Cash Management. In FY 2016, the Bank added 23 new relationships in Corporate Banking. Your Bank has a strong underwriting team and credit systems to address the inherent risks in Corporate Banking exposure. The emphasis is on building a secured advances portfolio and building a long term relationship with high quality large and mid-corporate houses. Regular review of the existing exposure is done with the aim of initiating timely action in case of any emerging risks. As economic conditions continued to be under stress for many sectors, in FY 2016, we exited a few exposures leading to decrease in overall Corporate Banking Advances. As a result of the early warning systems in place and timely management of risky exposures, Corporate Banking portfolio quality remained stable.

AGRI AND INCLUSIVE BANKING (AIB)

AIB is a separate business unit formed to achieve financial inclusion. At the end of FY 2016, this unit had 78 branches. There are many opportunities to offer simple yet innovative products backed by superior technology in the rural and semi-urban areas of India. Many of the new branches are located in Tier 2 to Tier 6 locations. There is a constant endeavor to cater to under and unbanked population of the

country through a wide range of products for example zero balance savings accounts, small recurring deposit account, small loans to match the income and cash flow cycle. AIB also coordinates the entire PSL efforts for the Bank and is primarily responsible for achieving the financial inclusion targets. In FY 2016, AIB Advances grew by approximately 39 percent as compared to the previous year.

Pradhan Mantri Jan-Dhan Yojana (PMJDY)

In FY 2016, your Bank actively participated in PMJDY and opened 19,413 accounts. The Bank has enabled RuPay Debit Cards for PMJDY account holders. In the coming months the Bank is planning to continue to vigorously promote PMJDY across all branches.

Pradhan Mantri Suraksha Bima Yojana (PMSBY), Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY), Atal Pension Yojana (APY)

The Bank successfully reached out to unbanked and economically weaker population through PMSBY, PMJJBY and APY programs that are designed to bring social security. In FY 2016, your Bank enrolled 5,319 customers under PMSBY, 3,500 customers under PMJJBY and 1,228 customers in APY.

Basic Savings Bank Deposit Account (BSBDA)

BSBDA has replaced "No frills account". This is a wonderful product for achieving financial inclusion especially those who have limited transaction needs in the low income group and may not have proper identity, address, date of birth or signature proofs. In FY 2016, the Bank opened 59,508 BSBDA accounts.

Kisan Mitra

"Kisan Mitra" as the name suggests, is a liability product which fulfils the requirement and enhances the saving habit in rural areas. It is a product specially designed for members of co-operative institutions (example dairy co-operative, sugar co-operative). It is a modified Classic Savings Account with zero account opening amount and no Average Quarterly Balance maintenance charges. Co-operative institution payments are routed through this account.

Warehouse Construction Loan

There is a huge need in the country to provide farmers with scientific storage so that wastage and stock deterioration can be reduced. Also, proper warehousing helps farmers to retain their produce and obtain fair pricing for their produce instead of selling in distress. Gramin Bhandaran Yojana, a Capital Investment Subsidy Scheme for Construction / Renovation of Rural Godowns was introduced in FY 2002. In this scheme the borrower gets the benefit of subsidy amount subject to availability of the scheme and borrower meeting NABARD prescribed guidelines.

Retail Agriculture Loan and Kisan Credit Card

In order to meet the credit needs of the farmers, the Bank has several retail agri products namely Crop loans (example purchasing seeds, fertilizers, pesticides, manures, irrigation), Animal Husbandry loans, and loans for investment purpose like land improvement, irrigation and hi-tech agriculture.

Tractor Loans

Tractors form an integral part of the total agricultural equipment sector and is an indirect indicator of growth in the agricultural sector.

The Bank started Tractor Loans more than about 3 years ago and has steadily built up its business across Tier 2 to Tier 6 branches. Unseasonal rains and hailstorms in Northern, Central and Western parts of the country for continuous two seasons have resulted in crop loss. Therefore, the rural sentiment is somewhat negative. Overall, in FY 2016, Tractor sales in the country were down by approximately 12 percent as compared to the previous year.

Microfinance

The Bank lends directly to Micro Finance Institutions (MFIs) who in turn lend to end borrowers/ customers. Over a period of time, the Bank has created a strong network of MFI customers across India.

Commodity Based Finance (CBF)

The Bank is engaged in lending to farmers and agri processors against agricultural produce stored in the designated warehouses. The Bank has a list of approved commodities against which the loans are given. The commodity market continued to be weak in FY 2016 and therefore the Bank adopted a cautious approach.

Business Correspondent (BC)

The Bank is providing unsecured loans through BCs in four states namely Chhattisgarh, Gujarat, Madhya Pradesh and Odisha. The loans are given to members of SHGs and JLGs for livelihood activities thereby enabling them to avail small loans from banking sector instead of high cost borrowing from informal channels. These loans are primarily provided to small farmers and weaker sections mainly in rural areas. The Bank has financed 12,539 groups under lending to SHGs and JLGs.

In FY 2016, in order to support the volume growth, your Bank introduced new software system for managing BC Loans. This software helps maintain detailed information about the borrowers under SHG, JLG and Microenterprises categories. It provides a common platform to both Bank and BCs for smooth processing of loans and has added immense value by reducing the loan disbursal cycle time.

TREASURY, MONEY MARKET AND FOREIGN EXCHANGE

Treasury

Treasury actively manages liquidity, Fixed Income Securities Trading, Investment in Equity IPOs, FX Trading and Customer Sales. Treasury ensures compliance with regulatory requirements such as CRR and SLR. As the Bank's performance continues to improve, many reputed Financial Institutions (FIs) have started subscribing to Certificate of Deposits (CDs) issued by the Bank. In FY 2016, the Bank also cautiously made gains by utilizing the trading opportunities in G-Sec presented by declining interest rates.

Money Market

RBI continued its accommodative stance on monetary policy to support growth and control inflation. The Index of Industrial Production (IIP) remained weak due to slow growth in manufacturing sector. WPI inflation remained in negative territory on account of lower commodity prices however CPI remained higher mainly on account of high food prices and services. Overnight liquidity was in deficit mode for most part of the year and RBI provided liquidity support by way of overnight and term repo auctions. The ten year G-SEC yield moved up from 7.60 percent to 7.75 percent despite 75 bps rate cut by RBI.

This was on account of high supply of Bonds through auctions from both Central and State Governments. However, towards the end of FY 2016 G-Sec yields came down to around 7.50 percent on account of rate cut expectations from RBI.

Foreign Exchange

In FY 2016, major currencies including emerging market currencies faced significant downward pressure on account of strengthening of US Dollar and fall in oil/commodities prices. Currencies like Russian Rouble, Brazilian Real and South Africa Rand fell by 10 percent to 30 percent. US Dollar appreciated against major currencies on account of expectation of rate hike by US Fed on the back of robust payroll data. The Indian Rupee was under pressure and fell by 8 percent against the US Dollar. However, the Indian Rupee appreciated against other major currencies on account of lower Current Account Deficit and better growth prospects. India's Foreign Exchange reserves increased in comparison to the previous year. Sensex was under pressure on account of continued selling by Foreign Institutional Investors (FIIs) though this selling was somewhat offset by investment in G-Sec due to increase in FII limit provided by RBI. ECB and Japanese Central Bank lowered their benchmark interest rates to negative to support growth.

TRANSACTION BANKING

Cash Management Services (CMS)

The Bank provides Corporates, MSME / SMEs and Retail customers sophisticated and cost effective CMS. This helps customer to manage their payment logistics in a hassle free manner. In the last few years, the Bank has steadily increased CMS customers. At the end of FY 2016, the Bank had 3,528 customers using the Bank's CMS platform.

Business Internet Banking (BIB)

The Bank offers state-of-the-art BIB features especially designed for MSME / SME customers. At the end of FY 2016, BIB facility was used by 16,170 customers. The Bank plans to upgrade BIB in the coming months.

Credit Risk

The credit risk policy supports and is aligned with the objective of achieving growth while maintaining portfolio quality by balancing risk and reward. The idea is to ensure long term sustainable profits across business cycles. The Bank endeavours to continuously enhance its internal risk assessment capabilities.

The Risk Function over time has developed capabilities to assess the risks associated with various products and business segments (example MSME, SME, Mortgages, Corporate and AIB). The effort is to standardize the credit approval process so that the outcomes are predictable. The Bank has implemented a rating model that takes into account both quantitative and qualitative factors and produces a rating that becomes one of the key inputs to credit decisions.

The Credit Administration Department (CAD) is responsible for disbursement, documentation and security creation, database management, MIS and analytics.

The Credit Risk Analytics & Monitoring (CRAM) unit reviews key customer exposures centrally to spot early warning signals based on the conduct of account and other qualitative inputs.

In FY 2016, one of the main highlight in Credit function is the introduction of FinnOne Neo – contemporary and comprehensive

instalment loan software. This was a cross functional effort between Credit, Technology, Business and Finance. Your Bank is the first bank in India to embrace FinnOne Neo. This new software is helping improve credit decisions, productivity and customer experience. Credit also introduced “Hunter” software to detect potential fraud loan applications. In order to speed up loan processing a straight through “One Click” integration was achieved to obtain credit bureau information. Several new products were introduced, for example, Car Loan, Smart Credit, Personal Loan, Two Wheeler and SME Flexi. In FY 2016, proactive policy interventions through advanced use of analytics, customer behaviour trends, application scoring was used to ensure healthy portfolio in the growing retail advances. There was a lot of focus on training, upskilling and process standardization. This helped in scaling up the credit workforce to meet the growing needs of the business in terms of increase in locations and volumes.

Concentration Risk

Concentration risk is monitored and managed both at the customer level and at the aggregate level. The Bank continuously monitors portfolio concentrations by segment, ratings, borrower, group, sensitive sectors, unsecured exposures, industry and geography. The Bank adopts a conservative approach within the regulatory prudential exposure norms.

Market Risk

Besides the usual monitoring of Structural Liquidity, Interest Rate Sensitive Gap limits and Absolute Holding limits, the Bank also monitors interest rate risks using Value at Risk limits. Exposures to Foreign Exchange and Capital Markets are monitored within pre-set exposure limits, margin requirements and stop-loss limits.

Country Exposure Risk

The Bank has established specific country exposure limits which is capped at 1.5% of Total Assets. The limit also depends upon rating of individual countries. The Bank uses the mitigant of insurance cover available through the Export Credit and Guarantee Corporation (ECGC), where appropriate.

Liquidity Risk

As part of the liquidity management and contingency planning, the Bank assesses potential trends, demands, events and uncertainties that could result in adverse liquidity conditions. The Bank's Asset Liability Management (ALM) policy defines the gap limits for the structural liquidity and the liquidity profile is analysed on both static and dynamic basis by tracking cash inflow and outflow in the maturity ladder based on the expected occurrence of cash flow. The Bank undertakes behavioural analysis of the non-maturity products, namely CASA, Cash Credit and Overdraft accounts on a periodic basis to ascertain the volatility of balances in these accounts. The renewal pattern and premature withdrawals of Term Deposits and drawdowns of un-availed credit limits are also captured through behavioural studies. The liquidity profile is estimated on an active basis by considering the growth in Deposits, Advances and investment obligations. The concentration of large deposits is monitored on a periodic basis. Emphasis has been placed on growing Retail deposits and avoid as far as possible bulk deposits. The Bank periodically conducts liquidity stress testing.

Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people or systems, or external events. The Bank's operational risk management framework is defined in the Operational Risk Management Policy approved by the Board of Directors. While the policy provides a broad framework, Operational Risk Management Committee (ORCO) oversees the operational risk management in the Bank. The policy specifies the composition, roles and responsibilities of the ORCO. The framework comprises identification, assessment, management and mitigation of risks through advanced tools and analysis.

New products or services introduced are subject to a risk review and sign-off process so that relevant risks are identified and assessed independently from the unit proposing the product. There is a separate Management Committee for Approval of Process (MCAP) constituted to approve and review various processes in the Bank. The said committee consists of experienced bankers and subject matter experts. Internal Audit also reviews the processes that are implemented as part of the audit function.

Reputational Risk

The Bank pays special attention to issues that may create a Reputational risk. Events that can negatively impact the Bank's position are handled cautiously ensuring utmost compliance and in line with the values of the Bank.

Implementation of Basel III guidelines

In accordance with RBI guidelines, the Bank has migrated to Basel III capital adequacy disclosures with effect from Q1 FY 2014. The Bank continues to review and improve on its risk management systems and practices to align them with international best practices. The Bank has successfully implemented Standardized Approach for Credit Risk, Standardized Duration Approach for Market Risk and Basic Indicator Approach for Operational Risk.

INFORMATION TECHNOLOGY (IT)

Technology has been changing rapidly in the banking industry and customers are always expecting value added services across multiple channels. Banks have to keep pace else risk losing loyalty of customers. Our intention is to be part of this transformational journey and stay ahead of competition. The Bank's IT strategy has four pillars – a) Core Applications – continuously upgrade to support digital transformation, b) Mobile/Tab – create customer convenience by optimum use of mobile devices, c) Payments – offer innovative solutions that are dynamic, secure and fast, d) Infrastructure – modernize to support business growth in a cost effective and secure manner. In FY 2016, the Bank launched several new applications and upgrades –a) Pilot launch of India's first Aadhaar and fingerprint biometric ATM, b) FinnOne Neo – instalment loan system, c) Gold Loan Management System, d) user friendly and comprehensive Mobile Banking – DCB On The Go, e) Missed Call Facility, f) IMPS for internet, mobile and branch banking, g) Straight Through RTGS/NEFT h) NACH for managing customer mandates, i) RuPay on Point of Sale (POS), j) Smart Credit for reducing credit cards interest cost, k) Online Mutual Funds, l) Enhanced Business Internet Banking, m) e-DSR to manage frontline sales force, n) m-Collect for easing field collections activity, o) m-Credit to speed up MSME/SME loan processing, p) Aadhaar e-KYC at select branches, q) user friendly and responsive DCB

Bank website, r) Talisma email solution, s) BR Net for managing BC expansion, t) AMLOCK new version to improve AML/KYC monitoring, u) network upgrade to provide better speed and response at branches, v) Server Virtualization to facilitate business scale up and w) migration to state-of-the-art Data Center.

OPERATIONS

The Bank's focus is on creating a cost effective scalable Operations unit that can deliver superior customer experience. The Bank intends to achieve optimum centralization of activities to National Processing Center (NPC) Chennai with the idea of creating a centre of excellence. Initiatives in FY 2016 include centralisation of Inward Clearing, insourcing of CTS scanning for Outward Clearing, NACH mandate management, insourcing of customer letters and statements and cards migration from magnetic stripe to chip based card. In the coming months, the Bank intends to further simplify its processes in order to provide superior experience to the customers in the growing branch network.

INTERNAL AUDIT (IA)

IA has a team of professionals, experienced bankers, domain experts and new comers with audit and finance background. The Audit Committee of the Board (ACB) provides direction and monitors the effectiveness of the IA function. IA forms the third line of defence in the overall risk management framework of the Bank. IA is independent and continuously evaluates and tests the internal controls to identify gaps, inadequacies and residual risks. The IA function incorporates RBI guidelines, aims to embrace the best practices from the industry, professional bodies and strives to follow high standards. IA has put in a detailed risk assessment and audit planning process in place. In FY 2016, branch audit model was revamped, audit program/scope enhanced, scoring and reporting revised. Further, realizing the importance of IT, IA strengthened the audit process of the IT unit. Concurrent audit engagement and scope was revised and additional efforts were put in to improve the quality and efficiency of audits. IA focused on data analytics to improve risk identification and accordingly 60 plus exception reports were introduced for monitoring the branches. IA has a follow up process to ensure issues identified are rectified in a timely manner. IA conducts regular in-house training to improve the competency of the internal audit team. IA continues to appraise the Board, the Audit Committee of the Board (ACB) and the Management teams in terms of newer emerging threats and recommend appropriate mitigating measures.

HUMAN RESOURCE (HR)

In FY 2016, the HR unit continued the people agenda of developing, caring, engaging and building a culture that supports performance and growth. The Bank's headcount went up from 3,352 in FY 2015 to 4,248 in FY 2016. The HR unit ensured that 70 percent of newcomers complete their induction program within 15 days of joining. In order to attract "Gen Y" candidates a new modern interactive youthful career website was launched. The Bank believes in hiring and grooming "freshers". Accordingly, HR created "DCB Bootcampers program". The Bank already has an innovative mobile app called "DCB Connect" which has so far witnessed almost 3,000 downloads. A unique concept of engaging the freshers' parents was launched by the HR team.

The freshers' parents were pleasantly surprised with a welcome card from the Bank along with the newcomer's business card. This had a super impact on the entire family. In FY 2016, the HR training team was operating at full steam. A total of 1,243 training programs were conducted in which 3,635 staff participated. In order to help improve the supervision quality, "DCB Ascend" a five step certification program was launched. The program is intended to improve people competency at all levels of supervision. Another innovation was the online training module called "DCB Lumos" which has become a big success. Lumos has now been adopted by almost 67 percent of the staff and it contains over 45 key modules including product, process and compliance. The entire HR system has been revamped with the introduction of "E-vu". This will help achieve paperless HR processes and also provide employees with superior experience.

In the spirit of improving benefits, Group Medical Claim policy was substantially improved with the introduction of a) Sum Insured enhancement, b) Introduction of concept of "floater", c) Inclusion of parents (with co-pay). In the Corporate Office "Doctor-On-Board" service was introduced. The city of Chennai witnessed unprecedented rains causing flood and havoc. The entire city suffered terrible hardship for many days. The HR unit swung into quick action and helped provide fast emergency loans to 116 employees to support rehabilitation.

HR organised "DCB Allympics", a mega sports event across many cities. All the houses participated with huge enthusiasm. The day ended with a staff fashion show. The HR unit conducted "Family @ Work" a painting competition for employees' children. The theme was "Save the Planet". The best of the paintings were chosen for the Bank's yearly diary and calendar. Throughout the year enthusiasm was created and festive mood sustained with events such as Kite Flying, Independence Day Celebration, Manco Food Fest, Dandiya Night, Cricket Tournament, Rangoli Competition, Mother's Day Celebration, Fun Quiz, Stepatholon, Diwali, Christmas, and Id. For the welfare of the employees, HR organized Eye Check Up, Medical Camp and "Straight from the Heart" programs.

CUSTOMER SERVICE

Ensuring customer delight in every interaction remains the Bank's core desire for growth and success. Customer complaints and satisfaction levels are closely monitored by the MD & CEO and Senior Management team. An independent Service Excellence team analyses customer complaints, identifies the root cause, makes suggestions for process improvements and follows up with the respective units for rectification. The Bank has a "Centralised Complaint Management" system to ensure that customer queries and complaints are not missed out. Customer queries and complaints are vigorously followed up to ensure timely resolution and stringent quality standards are imposed on the Bank's staff. The Bank continues to make good progress on the concept of Power of Three - Empathy, Speed and Quality (ESQ) initiative launched four years ago. The Bank's ambition is to make ESQ the defining character of the Bank. The ESQ quotient displayed by the prospective employee is a key parameter for recruitment, just as demonstrated ESQ is a key ingredient of the performance appraisal of every employee. In order to enhance customer service, the Bank has embarked on six pillars of Service Excellence – Voice of Customer, Service Recovery, Attrition Calling, Process Simplification, Service Culture and Measures & Metrics. The Service Excellence team

regularly conducts customer complaint meetings, review of progress on six pillars with key stakeholders, weekly calls with frontline staff to obtain feedback, make surprise visits to branches, conduct customer meetings, focus groups with branch staff and mystery shopping to understand frontline service culture and competence. DCB Esquire magazine was launched to recognize ESQ champions. In this monthly magazine 154 ESQ stories were published and 155 champions were recognized. The progress on Service Excellence is regularly monitored by the Customer Service Committee (CSC) of the Board.

Non-Branch Channels

Your Bank provides customers the choice of accessing DCB 24 hour Customer Care Phone Banking, ATMs, Internet and Mobile Banking for completing their banking needs. The Bank strives to provide best-in-class technology and service platform and hence introduced the Missed Call Facility which enables customers to complete their basic banking by simply giving a missed call. "DCB on the Go", the Bank's mobile banking platform has been upgraded and is now available in Android and iPhone smart phones. The Bank provides instant fund transfer facility through Inter Bank Mobile Payment System (IMPS).

In FY 2016, the Bank's Customer Care Associates attended to almost 9 lakh calls. At DCB Bank's 24 Hour Toll Free Customer Care, customers directly get connected with the Bank officer (Customer Care Associate) without going through the pain of IVR. Thus, customers receive personal care. The Bank offers 6 different languages that customers can choose from, making it one of the best in the industry.

Marketing / Brand Awareness

FY 2016 witnessed hectic activity in the Marketing/Brand Awareness unit. Throughout the year lots of programs were conducted to create brand visibility. It helped to improve staff morale as well. The Bank tied up with BITS Pilani and presented "Conquest 2015", a prestigious start-up competition where young companies in the IT space competed for funds, visibility, mentoring, incubation and investments. This was in line with the Bank's strategy of engaging with "Fintech". The Bank was the Official Partner - Kings XI Punjab for IPL in 2015 and received immense visibility in the entire North region of India. Some of the Bank's customers also got a chance to meet with select players of Kings XI Punjab in official customer events. The Bank was associated with the ninth edition of the World Sacred Spirit Festival (WSSF) 2016 — an international arts and cultural extravaganza in Mehrangarh Fort, Jodhpur, Rajasthan featuring eminent world famous artists. This program also helped to promote local artists and exceptional young talent. Besides the above, the Bank participated in "Kalyanamalai" organized by Sun TV, sponsored KGA Republic Day Golf in Bangalore and Navy Golf Tournament in Delhi. A fabulous Sufi music night "Hamsafar Hamsar" was also organized in Delhi for select customers. In FY 2016, around the branch neighbourhood, the Bank conducted approximately 2,500 micro marketing events. This below-the-line marketing strategy helped in generating valuable business leads and also created plenty of brand visibility. Some examples of micro marketing activities were – musical festivals, residential contact program, marathon, customer meets, golf event, movie shows, club programs, blood camps, free health checkups, car rally, city clean up, distribution of drinking water at places of worship and festival celebrations.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS BY THE BANK.

Not applicable being a banking company.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All the transactions with related parties are in the ordinary course of business and on arm's length basis; and there are no 'material' contracts or arrangement or transactions at arm's length basis and thus disclosure in from AOC-2 is not required.

POLICY ON RELATED PARTY TRANSACTIONS OF THE BANK

The Bank has a policy on Related Party Transaction and the same has been displayed on the Bank's website:

<http://www.dcbbank.com/pdfs/Policy-on-Related-Party-Transactions-2014-15.pdf>

CORPORATE SOCIAL RESPONSIBILITY (CSR)

A Board Level Committee of CSR has been constituted and the Board has adopted a CSR Policy as recommended by the Committee. The thrust areas of CSR Policy are a) Conservation of water / water storage / water usage / protecting water bodies; b) Waste Management; and c) Recycling. The Bank's thrust area is also in keeping with the Government of India's Swachh Bharat initiative.

Your Bank CSR project is located at Hirwe village in Mokhadda block of Palghar district in Maharashtra. This project has two fold objectives. Firstly, the near term impact of supply, storage and judicious use of water for irrigation and other use. The longer term impact aims to bring about a salutary change in the health, income and overall quality of life indicators.

Due to lack of sustainable agriculture and natural resource management rural India has often fallen into the trap of either droughts or flooding for lack of technical knowhow about rain water harvesting or water recharging which benefits small and marginal farmers with better quality life and livelihood. The project at Hirwe aims to achieve water supply, storage and irrigation developed through the installation of a solar powered lift irrigation system which will lift water from a perennial water source. This will enable the marginal farmers grow at least two crops and possibly an intercrop too.

The enhanced production of horticulture produce has a ready market - local, at Nasik and upto Navi Mumbai. Use of non fossil fuel as a power source by the use of solar panels is a pollution abatement measure. Use of natural gravity to supply water from storage positioned on hills surrounding the village unshackles the villages from unreliable grid power. The project also incorporates drip irrigation. Thus during monsoon season rain fed irrigation will be used, while during the non monsoon season drip irrigation will result in judicious use of water.

6. Reason for not spending the two per cent of the average net profit of the last three financial years or any part thereof:

In FY 2015-16 DCB Bank introduced the CSR Policy. The Bank's approach has been measured and nuanced; therefore the initial few projects will also be a learning process for the CSR team. It is also a means of assessing capabilities of the Implementation Agency and Partner. The intent is to ensure positive impact of CSR projects and allocate the limited resources in a calibrated manner. Aided by the learning from the measured rollout of CSR projects initially, the Bank intends to expand the scope and allocation of funds gradually in due course.

7. Responsibility Statement:

The CSR Committee of the Bank hereby states that the implementation and monitoring of CSR Policy, is in compliance with the CSR objectives and Policy of the Bank.

STATUTORY AUDITORS

M/s. B S R & Co. LLP, Chartered Accountants (Registration No.101248W/W-100022), who were re-appointed as Statutory Auditors at the last Annual General Meeting, have completed their consecutive term of four years. Section 139 of the Companies Act, 2013 and the Rules made there under provide that a company can appoint a firm as auditor for maximum two terms of five consecutive years. In other words, a company can make appointment of auditor for five years at a time. However, the Bank is also governed by the provisions of the Banking Regulation Act, 1949 and the circulars/notification/guidelines issued by the Reserve Bank of India (RBI) from time to time. As per the extant provisions, RBI gives permission for appointment of auditor on year-to-year basis. Further, as per RBI's directive, it is mandatory to rotate the Auditor after completion of four years. Since M/s. B S R & Co. LLP have already completed their term of four years, appointment of M/s. Deloitte, Haskins & Sells, Chartered Accountants (Registration No. 117365W) as the Statutory Auditors of the Bank has been approved by RBI vide letter Ref. DBS. ARS.No.11937/08.37:005/2015-16 dated April 12, 2016 for the year 2016-17 for their first year, and their appointment is recommended by the Board for approval of shareholders at the ensuing Annual General Meeting for a period of up to four financial years i.e. till the 25th AGM.

SECRETARIAL AUDIT REPORT

Pursuant to the requirements of the Companies Act, 2013, the Bank has appointed M/s Ananthasubramanian & Co., Practicing Company Secretaries (CoP 1774) as the Secretarial Auditor for FY 2016 and their report of April 11, 2016 is attached separately to this report.

- Diluted EPS on issue of shares pursuant to all the schemes covered under the regulations in accordance with 'Accounting Standard 20 - Earnings Per Share' issued by ICAI or any other relevant accounting standards as prescribed from time to time.

Details related to ESOS:

- The Bank had in existence only one ESOS during the year viz. DCB Bank Ltd. –Employee Stock Option Plan consisting of Sub- Plans I (MANCO) and Sub-Plan II (Non-MANCO). The general terms and conditions of the same as given below:

Description	Sub- Plans I (MANCO)	Sub-Plan II (Non-MANCO)
(a) Date of shareholders' approval	December 15, 2006	December 15, 2006
(b) Total number of options approved under ESOS	4% of the Issued Capital of the Bank on an ongoing basis.	3% of the Issued Capital of the Bank on an ongoing basis.
(c) Vesting requirements	30%,30%,20% and 20% at end of 2nd ,3rd, 4th and 5th year respectively from the date of grant subject to the conditions of vesting for death, permanent disability or retirement of an employee.	30%,30%,20% and 20% at end of 2nd ,3rd, 4th and 5th year respectively from the date of grant subject to the conditions of vesting for death, permanent disability or retirement of an employee.
(d) Exercise price or pricing formula	The Exercise price of the Option shall be at a price related to the Market Price as decided by the Board/ Nomination Committee.	The Exercise price of the Option shall be at a price related to the Market Price as decided by the Board/ Nomination Committee.
(e) Maximum term of options granted	Vesting would be within 5 years from the date of grant and shall be exercised within 8 years from the date of vesting subject to conditions of vesting and exercise for death, permanent disability or retirement of an employee.	Vesting would be within 5 years from the date of grant and shall be exercised within 8 years from the date of vesting subject to conditions of vesting and exercise for death, permanent disability or retirement of an employee
(f) Source of shares (primary, secondary or combination)	Primary	Primary
(g) Variation in terms of options	The exercise period was extended from 5 years to 8 years from the date of vesting for all the un- exercised options in force, as on July 1, 2015.	The exercise period was extended from 5 years to 8 years from the date of vesting for all the un-exercised options in force, as on July 1, 2015.

- Method used to account for ESOS - Intrinsic value.
- Where the Bank opts for expensing of the options using the intrinsic value of the options:

The difference between the employee compensation cost so computed and the employee compensation cost that shall have been recognized if it had used the fair value of the options. The impact of this difference on profits and on EPS of the Bank	Had the Bank followed fair value method for accounting the stock options, compensation expense would have been higher by ` 2.30 crore. Consequently profit after tax would have been lower by that extent. The basic EPS of the Bank would have been ` 6.78 per share and the Diluted EPS would have been ` 6.69 per share.
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**DATE OF THE BOARD MEETING AT WHICH THE
FINAL ACCOUNTS AND THE QUARTERLY RESULTS
WERE APPROVED: April 15, 2016.**

FINANCIAL YEAR

Starting on April 1 and ending on March 31 every year.

DATE OF BOOK CLOSURE:

The Register of Members and Share Transfer Books of the Bank will remain closed from May 26, 2016 to June 1, 2016 (both days inclusive).

**DATE, TIME AND VENUE OF THE ANNUAL GENERAL
MEETING (AGM):**

The Twenty First Annual General Meeting of the Bank will be held at Rama & Sundri Watumull Auditorium, K.C. College, Dinshaw Wacha Road, Churchgate, Mumbai 400 020 on Wednesday, June 1, 2016 at 2.30 p.m

LAST DATE OF RECEIPT OF PROXY FORMS:

The instrument appointing the proxy, in order to be effective, should be duly stamped, completed and signed and deposited at the Registered Office of the Bank not less than 48 hours before the commencement of the meeting

DIVIDEND:

Since 2009, the Bank has a stated intention to maintain Tier I Capital Adequacy Ratio of more than 10.50 percent, which the Bank would like to continue. Branch expansion plan for the next 18 to 24 months, expected requirement of additional capital for Advances growth, Basel III regulations, increase in Income Tax rate from FY 2017, etc. necessitates consolidation of Bank's Tier I Capital. Your Board, therefore, has taken a concerted view to focus on strengthening the Balance Sheet and Tier I Capital and has chosen not to recommend any dividend for the FY 2016.

BRANCHES

The Bank has 198 branches and 410 ATM centres (both onsite and offsite) as at 31 March 2016.

CODE FOR PREVENTION OF INSIDER TRADING

The Bank has adopted a Code for the prevention of insider trading in the shares of the Bank known as "DCB Bank - Code of Conduct for Prohibition of Insider Trading". The Code, inter-alia, prohibits purchase/sale of shares of the Bank by employees while in possession of unpublished price sensitive information relating to the Bank.

DISCLOSURES:

1. The Bank has not entered into any materially significant transaction during the year, which could have a potential conflict of interest between the Bank and its promoters, directors, management and/or their relatives, etc. other than the transactions carried out in the normal course of business.

2. During the last 3 years, there were no penalties or strictures imposed on the Bank by the Stock Exchange(s) and /or SEBI and/or any other statutory authorities on matters relating to capital market activities.
3. There are no relationships between the Directors of the Bank, inter-se.

COMPLIANCE WITH MANDATORY REQUIREMENTS

The Bank has complied with the mandatory and most of the non-mandatory requirements under the Corporate Governance as stipulated under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

**COMPLIANCE WITH DISCRETIONARY REQUIREMENTS
AS STIPULATED UNDER PART E OF SCHEDULE II OF
THE SEBI (LISTING OBLIGATIONS AND DISCLOSURE
REQUIREMENTS) REGULATIONS, 2015.**

The Bank has complied with four out of the five discretionary requirements as stated below:

1. THE BOARD

An office of the Chairman is maintained at the Bank's expense and reimbursement of expenses incurred by the Chairman in performance of his duties is allowed. None of the Directors of the Bank, other than its Chairman and/or whole time director, can hold office continuously for a period exceeding eight years.

2. MODIFIED OPINION(S) IN AUDIT REPORT

There are no audit qualifications in the Bank's financial statements or qualification or adverse remark by the Company Secretary in Practice in his Secretarial Audit Report for FY 2016. The Bank wishes to continue in the regime of unqualified financial statements as well as Secretarial Audit Report.

**3. SEPARATE POSTS OF CHAIRPERSON AND CHIEF
EXECUTIVE OFFICER**

The Bank already has separate posts for the Chairman and the MD & CEO.

4. REPORTING OF INTERNAL AUDITOR

The Chief Internal Auditor reports directly to the Audit Committee of the Board.

**DECLARATION OF COMPLIANCE WITH THE CODE OF
CONDUCT**

All the Directors and Senior Management personnel have affirmed compliance with the Code of Conduct as approved and adopted by the Board of Directors.

CORPORATE GOVERNANCE COMPLIANCE CERTIFICATE

Auditor's Certificate on Corporate Governance

To the Members of DCB Bank Limited

We have examined the compliance of conditions of corporate governance by DCB Bank Limited ('the Bank') for the year ended 31 March 2016, as specified in regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of regulation 46 and paragraph C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure requirements) Regulations, 2015 ('the Regulations').

Management's responsibility

The Bank's management also takes full responsibility of the compliance of conditions of corporate governance as stipulated in the Regulations.

Auditors' responsibility

Our examination was limited to procedures and implementation thereof, adopted by the Bank for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Bank.

We conducted our engagement in accordance with the 'Guidance Note on Audit Reports and Certificates for Special Purposes' issued by the Institute of Chartered Accountants of India. Our responsibility is to certify based on the work done.

Conclusion

In our opinion, and to the best of our information and according to the explanations given to us, we certify that the Bank has complied with the conditions of Corporate Governance as specified in regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of regulation 46 and paragraph C, D and E of Schedule V of the aforementioned Regulations.

We further state that such compliance is neither an assurance as to the future viability of the Bank nor the efficiency or effectiveness with which the management has conducted the affairs of the Bank.

Restrictions on use

This certificate is issued solely for the purposes of complying with the aforesaid Regulations and may not be suitable for any other purpose.

Independent Auditor's Report

To the Members of DCB Bank Limited

Report on the Financial Statements

1. We have audited the accompanying financial statements of DCB Bank Limited ('the Bank'), which comprise the Balance Sheet as at 31 March 2016, the Profit and Loss Account, the Cash Flow Statement for the year then ended, a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

2. The Bank's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014 and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by Reserve Bank of India from time to time.
3. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of internal financial controls, that operate effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

4. Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the applicable provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit of the Bank including its branches in accordance with Standards on Auditing ('the Standards') specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.
5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the Bank's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Bank's Directors, as well as evaluating the overall presentation of the financial statements.
6. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

7. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Banking Regulation Act, 1949 as well as the Companies Act, 2013, in the manner so required for banking companies and give a true and fair view in conformity with accounting principles generally accepted in India:
- (a) in the case of the Balance Sheet, of the state of affairs of the Bank as at 31 March 2016;
 - (b) in the case of the Profit and Loss Account, of the profit of the Bank for the year ended on that date; and
 - (c) in the case of the Cash Flow Statement, of the cash flows of the Bank for the year ended on that date.

Report on Other Legal and Regulatory Requirements

8. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 and Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014.
9. As required by Sub section (3) of Section 30 of the Banking Regulation Act, 1949, we report that:
- (a) we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit and have found them to be satisfactory;
 - (b) the transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
 - (c) during the course of our audit we have visited 31 branches. Since the key operations of the Bank are automated with the key applications integrated to the core banking systems, the audit is carried out centrally as all the necessary records and data required for the purposes of our audit are available therein.
10. Further, as required by Section 143(3) of the Companies Act, 2013, we further report that:
- (i) we have sought and obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (ii) in our opinion, proper books of account as required by law have been kept by the Bank so far as appears from our examination of those books;
 - (iii) since the key operations of the Bank are automated with the key applications integrated to the core banking systems, the audit is carried out centrally and at the processing centers as all the necessary records and data required for the purposes of our audit are available therein. However, during the course of our audit we have visited 31 branches;
 - (iv) the Balance Sheet, the Profit and Loss Account and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - (v) in our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, to the extent they are not inconsistent with the accounting policies prescribed by the Reserve Bank of India;
 - (vi) on the basis of written representations received from the Directors as on 31 March 2016 taken on record by the Board of Directors, none of the Directors are disqualified as on 31 March 2016 from being appointed as a Director in terms of Section 164 (2) of the Act;
 - (vii) with respect to the adequacy of the internal financial controls over financial reporting of the Bank and the operating effectiveness of such controls, refer to our separate report in "Annexure A"
 - (viii) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (a) the Bank has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 17 to the financial statements;
 - (b) the Bank has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts -Refer Note 18 to the financial statements;
 - (c) there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Bank.

Annexure A to the Independent Auditor's Report of even date on financial statements of DCB Bank Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. We have audited the internal financial controls over financial reporting of DCB Bank Limited ('the Bank') as of 31 March 2016 in conjunction with our audit of financial statements of the Bank for the year ended on that date.

Management's Responsibility for the Internal Financial Controls

2. The Bank's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI').
3. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

4. Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note'), to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI.
5. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.
6. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including

the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

8. An entity's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. An entity's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management and directors of the entity; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

9. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

10. In our opinion, the Bank has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

SCHEDULE 17 – SIGNIFICANT ACCOUNTING POLICIES**1. BACKGROUND**

DCB Bank Limited (“DCB” or “the Bank”), incorporated in Mumbai, India is a publicly held banking company engaged in providing banking and financial services and governed by the Banking Regulation Act, 1949.

2. BASIS OF PREPARATION

The financial statements have been prepared and presented under the historical cost convention on the accrual basis of accounting, and comply with the Generally Accepted Accounting Principles in India (‘GAAP’), statutory requirements prescribed under the Banking Regulation Act, 1949, circulars and guidelines issued by the RBI from time to time and the notified Accounting Standards prescribed under Section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 to the extent applicable and the current practices prevailing within the banking industry in India.

3. USE OF ESTIMATES

The preparation of the financial statements in conformity with GAAP requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon the management’s best knowledge of current events and actions, actual results could differ from these estimates. Any revisions to the accounting estimates are recognised prospectively in the current and future periods.

4. INVESTMENTS**4.1 Classification:**

The investment portfolio comprising approved securities (predominantly Government Securities) and other securities (Shares, Debentures and Bonds, etc.) is classified at the time of acquisition in accordance with the RBI guidelines under three categories viz. ‘Held to Maturity’ (‘HTM’), ‘Available for Sale’ (‘AFS’) and ‘Held for Trading’ (‘HFT’). For the purposes of disclosure in the Balance Sheet, they are classified under six groups viz. Government Securities, Other Approved Securities, Shares, Debentures and Bonds, Subsidiaries and/or joint ventures and Other Investments.

The Bank follows ‘Settlement Date’ accounting for recording purchase and sale transactions.

4.2 Basis of Classification:

Investments that are held principally for resale within 90 days from the date of purchase are classified as HFT securities. As per the RBI guidelines, HFT securities, which remain unsold for a period of 90 days are reclassified as AFS securities as on that date.

Investments which the Bank intends to hold till maturity are classified as HTM securities.

Investments which are not classified in the above categories are classified as AFS securities.

4.3 Transfer of Securities between Categories:

The transfer/shifting of securities between categories of investments is accounted as per the RBI guidelines.

4.4 Acquisition Cost:

Cost including brokerage, commission pertaining to investments, paid at the time of acquisition, is charged to the Profit and Loss Account.

Broken period interest is charged to the Profit and Loss Account.

Cost of investments is computed based on the weighted average cost method.

4.5 Valuation:

Held for Trading and Available for Sale categories:

Investments classified under HFT and AFS are marked to market as per the RBI guidelines. These securities are valued scrip-wise and any resultant depreciation or appreciation is aggregated for each category. The net depreciation for each category is provided for, whereas the net appreciation for each category is ignored. The book value of individual securities is not changed consequent to periodic valuation of investments. Traded investments are valued based on the trades / quotes from the recognised stock exchanges, price list of RBI or prices declared by Primary Dealers Association of India (‘PDAI’) jointly with Fixed Income Money Market and Derivatives Association (‘FIMMDA’), periodically.

The market value of unquoted government securities which qualify for determining the Statutory Liquidity Ratio (‘SLR’) included in the AFS and HFT categories is computed as per the Yield-to-Maturity (‘YTM’) rates published by FIMMDA.

The valuation of other unquoted fixed income securities (viz. State government securities, Other approved securities, Bonds and debentures) wherever linked to the YTM rates, is computed with a mark-up (reflecting associated credit and liquidity risk) over the YTM rates for government securities with similar maturity profile published by FIMMDA. Unquoted equity shares are valued at the break-up value, if the latest Balance Sheet is available or at 1 as per the RBI guidelines. Units of mutual funds are valued at the latest repurchase price / net asset value declared by the mutual fund. Treasury bills, commercial papers and certificate of deposits, being discounted instruments, are valued at carrying cost.

In the event provisions recognised on account of depreciation in the AFS or HFT categories are found to be in excess of the required amount in any year, such excess is recognised in the Profit and Loss Account and subsequently appropriated, from profit available for appropriation, if any, to Investment Reserve Account in accordance with the RBI guidelines after adjusting for income tax and appropriation to Statutory Reserve.

Held to Maturity:

These are carried at their acquisition cost and are not marked to market. Any premium on acquisition is amortised over the remaining maturity period of the security on a straight-line basis. Provision is recognised for diminution other than temporary in the value of such investments for each investment individually.

Non-performing investments are identified and provision is recognised as per the RBI guidelines.

4.6 Security Receipts (SR)

Security receipts issued by the asset reconstruction companies are valued at the net asset value declared by and valued in accordance with the guidelines applicable to such instruments, prescribed by the RBI from time to time.

4.7 Disposal of Investment:

Profit/Loss on sale of investment under the aforesaid three categories is recognised in the Profit and Loss Account. The profit on sale of investment in HTM category, net of taxes and transfer to Statutory Reserve, is appropriated to Capital Reserve.

4.8 Repo and reverse repo transactions under Liquidity Adjustment Facility ('LAF'):

Repo transactions under LAF with RBI are accounted for as secured borrowing/ lending transactions.

5. ADVANCES

- 5.1 In pursuance of guidelines issued by the RBI, advances are classified as Standard, Sub-Standard, Doubtful and Loss Assets and are stated net of specific provisions made towards NPAs and floating provisions.
- 5.2 Advances are net of bills rediscounted, claims realised from Export Credit Guarantee Corporation ('ECGC'), provisions for non-performing advances, floating provisions, unrealised fees and unrealised interest held in suspense account.
- 5.3 Credit facility/investment, where interest and/or instalment of principal has remained overdue for more than 90 days, is classified as non-performing asset. However, in respect of Equated Monthly Instalment ('EMI') based advances, those accounts where more than 3 EMIs are overdue are classified as NPAs.
- 5.4 In case of NPAs other than retail EMI loans, recoveries effected are first adjusted towards the principal amount. In case of retail EMI loans, recoveries effected are adjusted towards the EMI and within the EMI first towards the principal amount.
- 5.5 Provision for non-performing advances ('NPAs') comprising sub-standard, doubtful and loss assets is made in accordance with the RBI guidelines which prescribe minimum provision levels and encourage banks to make a higher provision based on sound commercial judgement. NPAs are identified by periodic appraisals of the loan portfolio by the management. In respect of identified NPAs in Retail portfolio, provision is recognised on the homogeneous retail loans and advances assessed at borrower level on the basis of ageing of loans in the non-performing category and in respect of identified NPAs in other cases, provision is recognised account by account. The provisioning done is at or higher than the minimum rate prescribed under the RBI guidelines.
- 5.6 In case of restructured/rescheduled assets, provision is made in accordance with the guidelines issued by the RBI, which require the diminution in the fair value of the assets to be provided in the Profit and Loss Account at the time of restructuring.
- 5.7 In addition to the above, the Bank, on a prudent basis, recognises provisions on advances or exposures which are performing assets, but has reasons to believe on the basis of the extant environment impacting a specific exposure or any specific information, the possible deterioration of a specific advance or a group of advances or exposures or potential exposures. These provisions are recognised as per Board approved policy and are classified as Provision for Specific Standard Assets, included under Provision for Standard Assets and reported under Other Liabilities. These provisions are not reversed to the Profit and Loss Account but are transferred as provision on the same specific advance/ exposure in case the asset slips into non-performing asset, except in case of full repayment of the exposure when such provision will be reversed and recognised in the Profit and Loss Account.
- 5.8 The Bank maintains general Provision for Standard Assets, including credit exposures computed as per the current marked to market values of foreign exchange forward contracts, at levels stipulated by RBI from time to time. These provisions on standard assets are included under Other Liabilities.
- 5.9 The Bank estimates the inherent risk of the unhedged foreign currency exposures of its borrowers as per the regulatory guidelines stipulated by the RBI from time to time and recognises incremental provisions on exposures to such entities as per methodology prescribed. These provisions are included in Provision for Standard Assets and reported under Other Liabilities.
- 5.10 The RBI guidelines further require banks to create floating provisions on Advances up to levels as per a Board approved policy over and above the regulatory provisions required on standard assets. These floating provisions are netted from Advances. These provisions are not reversed by credit to the Profit and Loss Account without prior approvals of the Board and the RBI under specific circumstances.

6. FIXED ASSETS

Premises and other fixed assets are stated at historical cost (or revalued amounts, as the case may be), less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure incurred on assets put to use is capitalised only when it increases the future benefit / functioning capability from / of such assets.

7. REVALUATION OF FIXED ASSETS

Portfolio of immovable properties is revalued periodically by an independent valuer to reflect current market valuation. All land and building owned by the Bank and used as branches or offices or godowns are grouped under "Office Premises" in the fixed assets category. Appreciation, if any, on revaluation is credited to Revaluation Reserve under Capital Reserves.

8. DEPRECIATION & AMORTISATION

Depreciation on fixed assets, including amortisation of software, is charged over the estimated useful life of the fixed assets on a straight line basis at the rates and in the manner prescribed in Schedule II of the Companies Act, 2013, except as mentioned below. The useful life of an asset is the period over which an asset is expected to be available for use to the Bank.

- Computer Hardware and Servers - 33.33% p.a.
- Air conditioner – 11.11% p.a.
- Application Software and System Development Expenditure - 33.33% p.a.
- Improvements (Civil) to Leased Premises and Fixed Furniture in Leased Premises such as work-stations, etc. – over the contracted period of the lease
- Vehicles – 19% p.a. over 5 years with 5% residual value.
- Cash safe and Safe Deposit Vault – 4.75% p.a.

Assets purchased/sold during the year are depreciated on a pro-rata basis, based on the actual number of days the assets have been put to use. Assets individually costing upto ₹ 5,000/- are depreciated fully over a period of one year from the date of purchase.

9. IMPAIRMENT OF ASSETS

The carrying amount of assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. After impairment, depreciation is provided on the revised carrying amount of the asset over remaining useful life.

10. RECOGNITION OF INCOME AND EXPENDITURE

- 10.1 Revenue is recognised to the extent that it is probable that the economic benefit will flow to the Bank and the revenue can be reliably measured.
- 10.2 Items of income and expenditure are generally accounted on accrual basis.
- 10.3 Interest income is recognised in the Profit and Loss Account on accrual basis, except in the case of non-performing assets where it is recognised on receipts as per the RBI and Accounting Standard norms.
- 10.4 Interest income on investments in Pass Through Certificates (PTC) is recognised at the coupon rate net of tax on distributed income.
- 10.5 Interest income on loans bought out through the direct assignment route is recognised at their effective interest rate i.e. after amortising premium, if any, on the bought out portfolio as per Guidelines on Securitised Transactions issued by the RBI.
- 10.6 Processing fees on loans are recognised as income and processing overheads on loans are expensed at the inception of the loan.
- 10.7 Overdue rent on safe deposit lockers is accounted for when there is certainty of receipts.
- 10.8 Guarantee commission, annual safe deposit locker rent fees are recognised on a straight-line basis over the period of contract. Letters of credit ('LC') are generally issued for a shorter tenor, typically of 90 days. The commission on such LC is recognised when due.

11. FOREIGN EXCHANGE TRANSACTIONS

- 11.1 Initial recognition:
Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and foreign currency on the date of the transaction.
- 11.2 Conversion:
Foreign currency monetary items are reported using the closing rate notified by Foreign Exchange Dealers' Association of India ('FEDAI') at the Balance Sheet date and the resulting profit or loss is recognised in the Profit and Loss Account, as per the guidelines issued by the RBI.
- 11.3 Exchange differences:
Exchange difference arising on settlement of monetary items, is recognised as income or as expense in the year in which it arises. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuations denominated in a foreign currency are reported using exchange rates that existed when the values were determined.
Foreign exchange forward contracts not intended for trading, that are entered into to establish the amount of reporting currency required or available at the settlement date of transaction and are outstanding at the Balance Sheet date, are effectively valued at the closing spot rate. The premium or discount arising at the inception of such a forward exchange contract is amortised as expense or income over the life of the contract.
- 11.4 Outstanding forward exchange contracts are revalued on the Balance Sheet date at the rates notified by FEDAI and at interpolated rates for contracts of interim maturities. The resultant gain/loss on revaluation is recognised in the Profit and Loss Account in accordance with the RBI/FEDAI guidelines.
- 11.5 Contingent liabilities denominated in foreign currencies are disclosed in the Balance Sheet at the rates notified by FEDAI.
- 11.6 Forward exchange contracts and other derivative contracts which have overdue receivables remaining unpaid over 90 days or more are classified as non-performing assets and provided for as per the extant master circular on Prudential Norms on Income Recognition, Asset Classification and Provisioning issued by the RBI.

12. RETIREMENT BENEFITS OF EMPLOYEES

- 12.1 Defined Benefit Plan
Provision in respect of future liability for payment of gratuity is made on the basis of actuarial valuation on projected unit credit method made at the end of the year. Gratuity is funded with the Gratuity Trust duly registered under the provisions of Income tax Act, 1961. Actuarial gains/losses are recognised immediately in the Profit and Loss Account and are not deferred.
- 12.2 Defined Contribution Scheme
Retirement benefit in the form of provident fund is a defined contribution scheme and the contributions are charged to the Profit and Loss Account of the year when the contributions to the fund are due. There is no other obligation other than the contribution payable to the fund.

13. TAXES ON INCOME

- 13.1 Tax expense comprises current and deferred taxes. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred Income Tax reflects the impact of current year timing differences between the taxable income and the accounting income for the year and reversal of timing differences of earlier years.
- 13.2 Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to taxes levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Bank has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.
- 13.3 At each Balance Sheet date, the Bank re-assesses unrecognised deferred tax assets and recognises deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

14. ACCOUNTING FOR PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognised in terms of Accounting Standard 29 on "Provisions, Contingent Liabilities and Contingent Assets", when there is a present legal or statutory obligation as a result of past events leading to probable outflow of resources, where a reliable estimate can be made of the amount required to settle the obligation.

Contingent Liabilities are recognised only when there is a possible obligation arising from past events due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Bank, or where there is a present obligation arising from a past event which is not recognised as it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements.

15. EMPLOYEE SHARE BASED PAYMENTS

Measurement and disclosure of employee share-based employment plans is done in accordance with the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 / Guidance Note on Accounting for the Employee Share-based Payments issued by The Institute of Chartered Accountants (ICAI) of India. The Bank measures compensation cost relating to employee stock options using the intrinsic value method. Compensation expense is amortised over the vesting period.

16. EARNINGS PER SHARE

Basic and diluted earnings per share are computed in accordance with Accounting Standard 20 – Earnings per share. Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effect of dilutive potential equity shares.

17. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash in hand and ATMs, balances with the Reserve Bank of India, balances with other banks and money at call and short notice (including effect of changes in exchange rates on cash and cash equivalents in foreign currency).

18. LEASES

Leases where the Bank effectively retains substantially all risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

19. SEGMENT REPORTING

As per the RBI guidelines on Segment Reporting, the Bank has classified its activity into Treasury Operations, Corporate/Wholesale Banking, Retail Banking and Other Banking Operations.

Treasury Operations includes all financial markets activities undertaken on behalf of the Bank's customers, proprietary trading, maintenance of reserve requirements and resource mobilisation from other banks and financial institutions.

Corporate/Wholesale Banking includes lending, deposit taking and other services offered to corporate customers.

Retail Banking includes lending, deposit taking and other services offered to retail customers.

Other Banking Operations includes para banking activities like third party product distribution, merchant banking, etc.

4.3 Disclosures on risk exposure in derivatives:

a) Qualitative Disclosures

Management of Risk in Derivatives Trading

The Bank's market risk unit plays a key role in setting up of the limits and laying down of the risk assessment and monitoring methods. The policies of the Bank include setting limits upon the notional principal value of product specific gaps, maximum tenor, overall outstanding and the setting-up of counter party-wise, tenor-wise limits.

All limits are monitored on a daily basis by the Bank's Treasury Back Office and Mid Office. Exposure reports are submitted to the Treasurer as well as the Head-Market Risk and any limit excesses are brought to the notice of the management immediately for further action.

Policies for Hedging Risk

All transactions undertaken by the Bank for trading purposes are classified under the Trading Book. All other transactions are classified as a part of the Banking Book. The Banking Book includes transactions concluded for the purpose of providing structures to customers on a back-to-back basis. It also consists of transactions in the nature of hedges based on identification of supporting trades, with appropriate linkages done for matching amounts and tenor within the approved tolerance limits.

The accounting for all derivative trades is done for the notional amount on the trade date. The valuation of all outstanding trades is done category wise. The valuation for outstanding trades under the Trading portfolio is done on a daily basis and the net MTM is accounted in the Profit and Loss Account. The valuation for outstanding trades under the hedged portfolio is done on a monthly basis and the residual MTM, if any, is accounted in the Profit and Loss Account on a monthly basis. Valuation of the outstanding hedged Forex Options is done on a monthly basis and the net MTM is zero as all customer trades are hedged on identical basis with counter party banks.

The MTM position on all outstanding trades of individual corporate customers is reported on a monthly basis to Credit Risk department for exposure monitoring.

(B) Qualitative Disclosures

The Bank maintains Liquidity Coverage Ratio (LCR) which is a ratio of High Quality Liquid Assets (HQLA) to expected net cash outflow over the next 30 calendar days, as per RBI guidelines. The requirements start with minimum LCR of 60% with effect from January 1, 2015 and reach the minimum required level of 100% by January 1, 2019. The LCR requirement effective January 1, 2016 is 70%.

The objective of the LCR is to ensure that the Bank maintains an adequate level of unencumbered HQLAs that can be converted into cash to meet its liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario specified by supervisors. Further at a minimum, the stock of liquid assets should enable the Bank to survive until day 30 of the stress scenario, by which time it is assumed that appropriate corrective actions can be taken.

The numerator, High Quality Liquid Assets comprises mainly of excess SLR securities, cash, excess CRR balances, MSF to the extent of 2 per cent of Net Demand and Time Liabilities ('NDTL') and government securities up to another 8 per cent of NDTL while the denominator i.e. cash outflow over next 30 days comprises mainly of the deposit maturities in next 30 day period and other cash outflows net of the cash inflows in next 30 day period. As a part of its strategy to manage the liquidity requirements, the Bank has been consistently investing in SLR securities of about 2% to 4% of its NDTL, over and above the regulatory SLR requirement.

In compliance with the RBI guidelines, the Bank has started computing LCR from January 2015 onwards. The aforementioned table provides the quarterly LCR computation for the four quarters of the Financial Year 2015-16.

HQLA of the Bank comprises of mainly level 1 assets as per RBI guidelines i.e. government securities apart from cash and excess CRR.

The major source of funding for the Bank is the deposits from customers. The Bank does not rely significantly on interbank borrowings. However, refinance from NABARD and NHB is occasionally availed against the eligible assets. Further, the Bank has committed lines of credit from a few public sector banks.

The Bank does not have any derivative exposures other than the forward contracts entered by the Bank which does not affect LCR of the Bank significantly.

Apart from computing the LCR in the domestic currency, the Bank is also required to compute LCR in the currency in which aggregate liabilities denominated in that currency amount to 5 per cent or more of the Bank's total liabilities. To comply with the said requirement, the Bank computes the LCR in USD as the dollar denominated liabilities are more than 5% of the Bank's total liabilities. During the financial year 2015-16, the cash inflows in next 30 days denominated in the USD were usually higher than the cash outflows in next 30 days denominated in USD.

The liquidity management of the Bank is centralised at Treasury. Treasury Front Office shall, depending upon the expected outflows and inflows for the day, decide to borrow or lend to maintain optimal liquidity. Treasury Back Office monitors the expected inflows and outflows by way of maintaining a register which records the expected outflows and inflows that are informed in advance by the branches as well as by Treasury Front Office before making any investment. For this purpose, branches are required to inform the Treasury Back Office in advance of any expected large flows above ₹ 5 crore. Also, Treasury Back Office takes into account the deposits that are scheduled to mature in order to arrive at the expected cash outflows for that particular day. As a part of effective liquidity management, Bank always maintains excess SLR securities which can be pledged to meet the shortfall in the intraday liquidity, if any.

Fair value Methodology

The fair value of options used to compute proforma net income and earnings per equity share have been estimated using the binomial option-pricing model. The Bank estimated the volatility based on the historical share prices.

The various assumptions considered in the pricing model for ESOPs granted during the year ended March 31, 2016 and March 31, 2015 were:

Particular	March 31, 2016	March 31, 2015
Dividend Yield	–	–
Expected Volatility	53%	54% to 55%
Risk Free Interest Rate	7.75%	8.13% to 8.80%
Expected life of options	6 years	5 years

The expected volatility was determined based on historical volatility data; historical volatility includes data since listing.

The weighted average fair value of options granted during the year ended 31 March, 2016 is ₹ 47.04 (Previous year ₹ 28.48).

Impact of Fair Value Method on Net Profit and EPS

Had the compensation cost for the Bank's stock option plans outstanding been determined based on the fair value approach, the Bank's net profit and earnings per share would have been as per the proforma amounts indicated below:

(₹ in crore)

Particular	March 31, 2016	March 31, 2015

12.5 Unhedged Foreign Currency Exposure(UFCE)

In accordance with the RBI guidelines on banks' exposures to entities with Unhedged Foreign Currency Exposure ('UFCE'), the Bank has put in place a mechanism to seek information from its borrowers and to evaluate the currency induced credit risk. In the case of listed entities, the Bank obtains information relating to unhedged positions based on the latest available audited / reviewed financial statements; whilst in the case of unlisted / private companies, the Bank obtains the aforesaid information based on the latest available audited financial

statements (not exceeding a financial year) so as to estimate the extent of likely loss and to provide for incremental capital or to recognise incremental provision in accordance with the aforesaid guidelines. Further, as per the above-mentioned guidelines, the Bank obtains audited and certified UFCE information from the statutory auditors of the borrowers on an annual basis. In the case of smaller entities i.e. entities with exposure to banking industry of less than ₹ 25 crore and as identified by the Bank as having any foreign exchange exposure, the Bank recognises an incremental provision at 10 basis points on all such exposures.

The incremental provisions and capital held by the Bank towards this risk, included in the Bank's financials are as under:

12.8 Letters Of Comfort

The Bank has issued letters of comfort to other banks. Outstanding letters of comfort as on March 31, 2016 aggregate ₹ 76.28 crore (previous year: ₹ 83.26 crore). In the Bank's assessment, no financial impact is likely to arise.

12.9 Small and Micro Industries

Under the Micro, Small and Medium Enterprises Development Act, 2006, certain disclosures are required to be made relating to Micro, Small and Medium Enterprises. There have been no reported cases of delays in payments to micro and small enterprises or of interest payments due to delays in such payments. The above is based on the information available with the Bank which has been relied upon by the auditors.

13 OTHER MATTERS

13.1 Disclosure of penalties imposed by RBI

No penalties have been imposed by the RBI on the Bank during the year ended March 31, 2016 (Previous year: NIL).

13.2 Change in accounting policy

The Bank used to adjust depreciation relating to revalued assets from revaluation reserve and crediting the same to depreciation charged during the year. Post the applicability of Guidance Note issued by the Institute of Chartered Accountants of India in April 2015 on accounting for depreciation in companies in the context of Schedule II to the Companies Act, 2013 the Bank has started charging this depreciation to Profit and Loss Account. Further, the Bank has transferred this depreciation from Revaluation Reserve to "Balance of Profits/Losses carried over". The amount of depreciation so charged to Profit and Loss Account and transferred from Revaluation Reserve in the financial year 2015-16 amounted to ₹ 2.37 crore (previous year: Nil)

13.3 Revaluation of Fixed Assets

The Bank revalued its owned premises as at March 31, 2009 which resulted in a revaluation gain of ₹ 52.02 crore which was credited to Revaluation Reserve as at that date. The Bank computes depreciation on such revalued premises over its estimated remaining useful life.

During the financial year 2015-16 an amount of ₹ 2.37 crore has been charged to Profit and Loss Account in line with requirements of Schedule II to the Companies Act, 2013 and this amount has been transferred from Revaluation Reserve to "Balance of Profits/Losses carried over" (refer para 13.2 above).

13.4 Assets Taken Under Operating Lease

(₹ in crore)

Particulars	March 31, 2016	March 31, 2015
Minimum Lease Rent payable		
Payable not later than 1 year	21.92	20.56
Payable later than 1 year but not later than 5 years	75.25	62.29
Payable later than 5 years	40.39	37.37
Total	137.56	120.22
The total of lease payments recognised in the Profit and Loss Account for the year	25.05	22.23

The lease rents are paid by the Bank for premises leased for its business operations. The above contingent rents have been determined based on terms of individual lease agreements over the lease period. The terms of renewal/purchase options and escalation clauses are those normally prevalent in similar agreements. There are no undue restrictions or onerous clauses in the agreements.

13.5 Corporate Social Responsibility (CSR)

The Bank was required to spend ₹ 1.01 crore during the financial year 2015-16 towards Corporate Social Responsibility (CSR), in accordance with Companies Act, 2013.

The Bank has spent an amount of ₹ 0.41 crore in respect of its CSR by installation of a solar powered lift irrigation system which will lift water from a perennial water source and disburse it to cultivable lands.

None of the CSR expenditure incurred by the Bank is to entities controlled by related party identified by the Bank as per Accounting Standard 18, Related Party Disclosures.

13.6 Remuneration

a) Qualitative disclosures

Remuneration Committee

The Nomination and Remuneration Committee of the Board consists of Independent Directors with one member from the Risk Management Committee of the Board.

The main objectives of the Nomination & Remuneration Committee of the Board are:

- Deciding the size and composition of the Board and appointment of persons for the same.
- Recommending to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees.
- Evaluation of every director's performance and making recommendations for remuneration for Non-Executive Directors and the Key Managerial Personnel.

- Approving the ESOP Plan and creation, subscription and allotment of shares to the eligible employees under this approved ESOP Plan.
- Review Appointments, Promotions, Demotions, Terminations and Review Performance Appraisals of CEO and direct reports.
- Review and approve succession plans Key Managerial Personnel (CEO, CFO and Company Secretary) and CEO, direct senior management reportees.

Objectives of Compensation Policy

The Bank has put in place a Board approved Compensation Policy.

An important objective of the Compensation Policy is to provide all relevant internal and external parties with appropriate information and transparency thereby promoting a thorough understanding of the Bank's compensation practices.

The Bank's objective is to maintain a Compensation Policy that:-

- Is able to attract, retain talent and motivate them to perform at high standards.
- Facilitates a performance culture in the Bank by balancing a mix of fixed pay with variable pay.
- Supports the Bank's risk management practices and takes into account long-term performance of the Bank.
- Is compliant with regulatory requirements and is approved by the Board's Nomination and Remuneration Committee.

The Nomination and Remuneration Committee of the Board works in close coordination with the Risk Management Committee of the Board to ensure effective alignment of remuneration and risks.

Risk adjustments in remuneration

The methodologies for adjusting remuneration to risk and performance are consistent with the general risk management and corporate governance framework. Risk adjustments take into account the nature of the risks involved and the time horizons over which they could emerge. The Bank is adhering to the guidelines mentioned in the Basel Committee on Banking Supervision report on Range of Methodologies for Risk and Performance Alignment of Remuneration and Financial Stability Board (FSB) Implementation standards on sound compensation practices.

The Bank shall ensure that there is proper risk alignment with the compensation of MD & CEO and other Whole Time Directors such that no undue risks are being taken against the interest of the Bank. In general, the review of Risk Management framework shall be the integral part of the annual performance review.

The Risk Management Unit of the Bank shall independently provide inputs for assessment under these areas.

Performance linked variable compensation

The variable compensation offered is linked to the Bank's performance and could be even zero during a year of poor performance.

Variable compensation of all Whole Time Directors ('WTD') / Chief Executive Officer ('CEO') will not be more than 70% of the fixed compensation. Any variable compensation above 50% of the Fixed Compensation is to be deferred over a period of 3 years. The same will vest at 40%, 30% and 30% at the end of 1st, 2nd and 3rd year. The Bank reserves the right to prevent any deferred variable compensation from vesting in a year of negative performance. The deferred variable compensation shall lapse if the employment is terminated prior to vesting.

The Bank utilises performance payout / bonus as the form of variable remuneration. The Bank shall give performance payouts to promote a healthy financial performance by its staff.

15 DRAW DOWN FROM RESERVES

The Bank has not undertaken any draw down of reserves during the year ended March 31, 2016 and in the previous year except the following:

Effective April 1, 2014 the Bank has changed the estimated useful life of a certain group of assets in line with the recommended useful life as per Part C of Schedule II to the Companies Act, 2013. As per para 7 (b) of Notes to Part C, where the remaining useful life of an asset as on the effective date is nil, the carrying amount of the asset should be recognised in the retained earnings. Such carrying amount as on April 1, 2014 for the Bank was ₹ 6.12 crore. The Bank has adjusted this carrying amount from retaining earnings on approval from the Reserve Bank of India ('RBI').

16 Net overnight open position outstanding as on March 31, 2016 was ₹ 13.59 crore (March 31, 2015: ₹ 15.44 crore).

17 The Bank's pending litigations comprise of claims against the Bank by the clients and proceedings pending with Income Tax authorities. The Bank has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The Bank does not expect the outcome of these proceedings to have a materially adverse effect on its financial results. Refer para 11.7 for details on contingent liabilities.

18 The Bank has a process whereby periodically all long-term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year-end, the Bank has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long-term contracts (including derivative contracts) has been made in the books of account.

19 Previous year's figures have been regrouped / reclassified, wherever considered necessary, in order to make them comparable with figures for the current year.

20 These are the notes appended to and forming part of the financial statements for the year ended March 31, 2016.

As per our report of even date.

PILLAR III DISCLOSURES UNDER THE NEW CAPITAL ADEQUACY FRAMEWORK (BASEL III)

1. SCOPE OF APPLICATION

DCB Bank Ltd. is a scheduled commercial bank which was incorporated on May 31, 1995. The Bank has no subsidiaries.

As on March 31, 2016, the Bank does not have investment in any insurance entity.

2. CAPITAL STRUCTURE

Capital funds are classified into Tier-I and Tier-II capital under the capital adequacy framework.

Tier-I Capital

The Bank's Tier I capital will consist of Common Equity Tier I and Additional Tier I capital. Common Equity Tier 1 (CET1) capital must be at least 5.5% of risk-weighted assets (RWAs) i.e. for credit risk + market risk + operational risk on an ongoing basis and Additional Tier I capital can be a maximum of 1.5%, thus making total Tier I capital to be at least 7%.

In addition to the minimum Common Equity Tier 1 capital of 5.5% of RWAs, banks are also required to maintain a capital conservation buffer (CCB) of 2.5% of RWAs in the form of Common Equity Tier 1 capital. In terms of the RBI guidelines dated March 27, 2014 the implementation of CCB will begin as on March 31, 2016. Consequently, BASEL III Capital Regulations will be fully implemented as on March 31, 2019.

Tier-I capital includes paid-up equity capital, share premium, statutory reserves, capital reserves, special reserve, other disclosed free reserves and balance in Profit and Loss account. Profits in current financial year may be included in Tier I based on fulfilment of certain conditions regarding incremental provisions for non-performing assets.

Equity Capital

The Bank has authorised share capital of ₹5.00 billion comprising 500,000,000 equity shares of ₹10/- each. As on March 31, 2016 the Bank has issued subscribed and paid-up capital of ₹2.84 billion, constituting 284,436,073 shares of ₹10/- each. The provisions of the Companies Act, 2013 and other applicable laws and regulations govern the rights and obligations of the equity share capital of the Bank.

Tier-II Capital

Provisions or loan-loss reserves held against future, presently unidentified losses, which are freely available to meet losses which subsequently materialise, will qualify for inclusion within Tier 2 capital. Tier II capital will also include debt capital instruments issued by banks and their premium, if any, and Revaluation Reserves.

The Bank's Tier II capital includes revaluation reserve, investment

reserve, general provision for standard assets and subordinated debt instruments (lower Tier II bonds) eligible for inclusion in Tier II capital.

3. CAPITAL ADEQUACY

The Bank has a process for assessing its overall capital adequacy in relation to the Bank's risk profile and a strategy for maintaining its capital levels. The process ensures that the Bank has adequate capital to support all the material risks and an appropriate capital cushion. The Bank identifies, assesses and manages comprehensively all risks that it is exposed to through robust risk management framework, control mechanism and an elaborate process for capital calculation and planning.

The Bank has formalised and implemented a comprehensive Internal

Capital Adequacy Assessment Process (ICAAP). The Bank's ICAAP covers the capital management policy of the Bank and also sets the process for assessment of the adequacy of capital to support current and future projections / risks.

The Bank has a structured process for the identification and evaluation of all risks that the Bank faces, which may have an adverse material impact on its financial position. The Bank considers the following risks as material risks it is exposed to in the normal course of its business and therefore, factors these while assessing / planning capital:

- Credit Risk
- Concentration Risk
- Market Risk
- Operational Risk
- Interest Rate Risk in the Banking Book
- Liquidity Risk
- Strategy Risk
- Reputational Risk
- Residual Risk
- Economy risk

The Bank has also implemented a Board approved Stress Testing policy. Stress Testing involves the use of various techniques to assess the Bank's potential vulnerability to extreme but plausible ("stressed") business conditions. Typically, this relates, among other things, to the impact on the Bank's profitability and capital adequacy. Stress Tests are conducted on a quarterly basis on the Bank's on and off balance sheet exposures to test the impact of Credit, Liquidity risk and Interest Rate Risk in the Banking book (IRRBB). The stress test results are put up to the Risk Management Committee (RMC) of the Board on a quarterly basis, for their review and guidance. The Bank periodically assesses and refines its stress tests in an effort to ensure that the stress scenarios capture material risks as well as reflect possible extreme market moves that could arise as a result of market conditions. The stress tests are used in conjunction with the Bank's business plans for the purpose of capital planning in the ICAAP. The Bank has also implemented a Board approved separate Stress Testing Policy / Model for its Securitised portfolio.

In line with the RBI guidelines for implementing the New Capital Adequacy Framework under Basel III, the Bank has successfully migrated to the framework from April 1, 2013. The Bank has continued parallel run of Basel II framework continuously tracking the exposures and studied the impact on Bank's Capital to Risk weighted Assets Ratio (CRAR) on a monthly basis. In accordance with the RBI's requirement, the Bank has continued to adopt Standardised Approach (SA) for Credit Risk and Basic Indicator Approach (BIA) for Operational Risk to compute capital as on March 31, 2016. Besides this, the Bank continues to apply the Standardised Duration Approach (SDA) for computing capital requirement for Market Risk. RBI has prescribed banks to maintain a minimum CRAR of 9.625% with regard to credit risk, market risk and operational risk on an ongoing basis. The total Capital to Risk weighted Assets Ratio (CRAR) as per Basel III guidelines works to 14.11% as on March 31, 2016 (as against minimum regulatory requirement of 9.625%). The Tier I CRAR stands at 12.79% as against RBI's prescription of 7.00%. The Bank has followed the RBI guidelines in force, to arrive at the eligible capital, risk weighted assets and CRAR.

4. RISK MANAGEMENT FRAMEWORK

The Bank is exposed to various types of risk such as Credit, Market, Operation, Liquidity, Interest Rate, Reputational, Legal and Strategic risk. The Bank has separate and independent Risk Management Department in place which oversees all types of risks in an integrated fashion.

The objective of risk management is to have optimum balance between risk and return. It entails the identification, measurement and management of risks across the various businesses of the Bank. Risk is managed through framework defined in policies approved by the Board of Directors and supported by an independent risk management function which monitors and takes corrective action so that the Bank operates within its risk appetite. The risk management function attempts to anticipate vulnerabilities through quantitative or qualitative examination of the embedded risks in various activities. The Bank continues to focus on refining and improving its risk measurement systems. In addition to ensuring compliance with regulatory requirements, the Bank has developed robust internal systems for assessing capital requirements keeping in view the business objectives.

The Board of Directors (BOD) approves the strategies and policies for Risk Management, based on recommendations of the Risk Management Committee (RMC) of the Board set up to focus upon risk management issues. The RMC reviews various aspects of risk arising from the businesses undertaken by the Bank. Operating level risk committees comprising of senior management viz. Asset Liability Management Committee (ALCO), the Operational Risk Management Committee (ORCO) and the Credit Risk Management Committee (CRMC) oversee specific risk areas. These committees in turn provide inputs for review by the Risk Management Committee (RMC).

4.1 Risk Management Committee (RMC) of the Board:

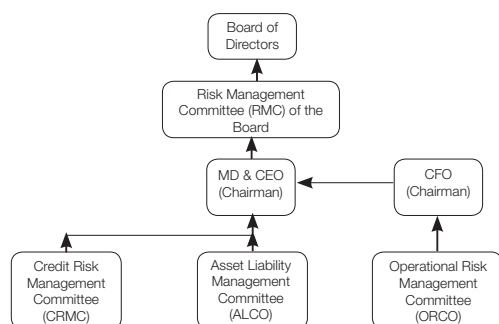

The Risk Management Committee of the Board is the primary tier to oversee implementation of Board approved strategies and policies, recommend setting up of tolerance limits wherever required, monitor implementation of strategies and policies, as well as adherence to prescribed tolerance limits, etc. The RMC oversees the functioning of Executive Level Committees for risk management. For this purpose, the minutes of the meetings of the Executive Level Committees are placed before RMC regularly. Matters relating to Credit risk are routed through the Credit Committee of Board (CCB) which also approves individual credit exposure in excess of executive delegated lending authority.

4.2 Executive Level Committees:

At Executive Management level, the organisational responsibilities for implementing and monitoring Board approved strategies and policies and adhering to prescribed tolerance limits etc. are as under:

Sr. No.	Executive Level Committee	Focus Area	Chairman
1	Asset Liability Management Committee (ALCO)	All aspects of Market Risk management, monitoring & control	Managing Director & Chief Executive Officer (MD & CEO)
2	Credit Risk Management Committee (CRMC)	All aspects of Credit Risk management, monitoring & control	Managing Director & Chief Executive Officer (MD & CEO)
3	Operational Risk Management Committee (ORCO)	All aspects of Operational Risk management, monitoring & control	Chief Financial Officer (CFO)

All the Executive Level Committees meet at least once in a month. ALCO however meets more frequently depending upon market conditions.

Note: Information Security team reports to Operational Risk Management Committee (ORCO)

5. CREDIT RISK

5 (a) Credit risk is defined as the possibility of losses associated with diminution in the credit quality of borrowers or counterparties. In a bank's portfolio, losses stem from outright default due to inability or unwillingness of a customer or counterparty to meet commitments in relation to lending, trading, settlement and other financial transactions. The Bank adopts the definition of 'past due' and 'impaired credits' (for accounting purposes) as defined by Reserve Bank of India under Income Recognition, Asset Classification and Provisioning (IRAC) norms (vide RBI Master Circular dated July 1, 2015).

5.a.i Credit Risk Management:

Credit Risk Management Committee (CRMC) headed by MD & CEO is the top level functional committee for managing credit risk. The committee is responsible for implementation of Credit Risk Management policy approved by the Bank's Board. The committee considers and takes decision necessary to manage and control credit risk within the overall quantitative prudential limits approved by the Bank's Board. The committee is entrusted with the responsibilities to formulate standards for presentation of credit proposals, financial covenant, rating standards and benchmarks. The committee also oversees compliance with Pillar 2 requirements under Basel III such as ICAAP and Stress Test.

The Bank has successfully implemented RAM rating model of CRISIL which is being used to assess the credit rating of all business loans exceeding ₹ 10 million. The rating serves as a single point indicator of the diverse counterparty risk for taking credit decision. The rating migration is monitored on regular interval.

The Bank has a well-developed credit monitoring system to monitor the health of the loan accounts and to detect the delinquencies at the initial stage. A separate department independent of the business units is monitoring the transactions in all the Corporate, Agri and Inclusive Banking (AIB), SME and MSME exposures with credit limits exceeding ₹ 10 million with a view to detect any early warning signals.

The Bank adopts an integrated approach to credit risk management, which encompasses:

- Establishment and articulation of corporate priorities
- Institution and inculcation of an appropriate credit culture
- Determination of specific credit risk strategy and profile
- Implementation of appropriate credit risk controls
- Monitoring the effectiveness of credit risk controls

Though the Bank has implemented the Standardized approach for regulatory capital measurement for credit risk, the necessary steps for implementing Internal Rating Based Approach have been initiated.

5.a.ii Credit Strategy and Risk Profile:

The Bank adopts a credit risk strategy and risk appetite, which is in line with its risk taking ability to ensure conservation and growth of shareholder funds, with a proper balance between risk and reward. Financial resources are allocated to best optimise the risk reward ratio.

There is a clearly articulated definition of acceptable credit risk, based upon:

- Identification of target markets/segments
- Establishing of characteristics of desirable customers within the target market
- Assessing whether adequate resources are available to support the business
- Ensuring that all economic and regulatory requirements are complied with
- Ensuring that the portfolio is consistent with the Bank's strategy and objectives especially in relation to risk concentration, maturity profile and liquidity management

5.a.iii Credit Risk Controls:

Credit risk controls focus on identification, measuring, monitoring and managing the assumed risks and include:

- A documented credit policy and credit risk management policy
- Approval process with delegated authorities
- Asset quality and risk rating system and its verification
- Effective loan disbursement mechanism to minimise the legal risk
- Effective loan administration to ensure past-due management and bad loan detection
- A loan review mechanism
- Portfolio management tools to manage portfolio risks

Management of credit risk is at three levels:

- Strategic or Portfolio level, so as to ensure that no single event can have a significant adverse impact
- Established credit policy to have a minimum standard for assuming risk
- Reliance on the competence of trained staff to make sound credit decisions

There is a clear separation in functional responsibilities between:

- Origination and sales
- Credit assessment and approvals
- Post- sanction loan administration and
- Credit Risk Management

The Bank relies upon formal and conventional risk assessment, viz.:

- The ability and willingness of borrowers to repay
- Dependence primarily on cash flows for repayment with security taken to provide a secondary source of repayment
- Quality of data and analysis thereof forms the basis of assessment and not external reputation or unsubstantiated beliefs

- Rational assessment of probability of default and assessment of 'Worst Case Scenario'
- Transparency and communication of all relevant facts (negative as well as positive) necessary for making an informed credit decision
- Documentation of all assessment, rationale and decisions

Know Your Customers 'KYC' forms the bedrock of initiating and sustaining any relationship.

The Bank's selection of personnel and systems of rewarding performance is aligned to meet the Bank's stated key priorities. There is a commitment to training and upgrading of staff skills. Strong 'ownership' of exposures is encouraged, through rewards as well as strong accountability.

6. CREDIT RISK: Disclosures for portfolio subject to the Standardised Approach

6 (a) The Bank has used the ratings of the following domestic external credit rating agencies (arranged in alphabetical order) for the purposes of risk weighting their claims for capital adequacy purposes:

- Brickwork Ratings India Pvt. Limited (Brickwork)
- Credit Analysis and Research Limited
- CRISIL Limited
- ICRA Limited
- India Ratings and Research Private Limited (India Ratings) and
- SME Rating Agency of India Ltd (SMERA)

International credit rating agencies (arranged in alphabetical order) for the purposes of risk weighting their claims for capital adequacy purposes where specified:

- Fitch;
- Moody's; and
- Standard & Poor's

6 (b) A description of the process used to transfer public issuer ratings onto comparable assets in the banking book:

- Bank has used short term ratings for assets with maturity upto one year and long-term ratings for assets maturing after one year as accorded by the approved external credit rating agencies.
- Bank has not cherry picked ratings. Bank has not used one rating of a CRA (Credit Rating Agency) for one exposure and another CRA's rating for another exposure on the same counterparty unless only one rating is available for a given exposure.
- Notwithstanding the repayable on demand condition, cash credit exposures have been subjected to Long-term rating.
- If an issuer has a long term external credit rating that warrants RW (Risk Weight) of 150%, all unrated exposures on the same issuer whether long or short is assigned the same 150% RW unless mitigated by recognised Credit Risk Mitigation (CRM) techniques.
- Bank has used only solicited rating from the recognised CRAs. In case the issuer has multiple ratings from CRAs, the Bank has a policy of choosing (if there are two or more ratings) lower rating.
- Where RW associated with the rating by a CRA for a specific investment instrument is lower than one corresponding to unrated exposure, but the Bank's exposure is not in that instrument but some other debt, the RW for the rated exposure has been applied to Bank's unrated exposure provided the latter ranks pari-passu or senior to the specific rated exposure and the maturity of Bank's claim is not later than the rated exposure.
- If either the issuer or a single issue has been rated warranting RW equal or higher than unrated claim, a claim on the same

issuer which is unrated but ranks pari-passu or subordinate to the rated exposure has been assigned the same RW as applicable to the rated exposure.

- No recognition of CRM technique has been taken into account in respect of a rated exposure if that has already been factored by the CRA while carrying out the rating.

For exposure amounts after risk mitigation subject to the standardised approach, amount of a Bank's outstanding (rated and unrated) in the following three major risk buckets as well as those that are deducted as on March 31, 2016 are as follows:

(` million)

Particulars	Fund based	Non fund based
Below 100% risk weight	91,012.9	6,229.9
100% risk weight	51,145.2	9,124.7
More than 100% risk weight	9,708.2	2,415.7
Total	151,866.3	17,770.3

7. CREDIT RISK MITIGATION: Disclosures for Standardised Approach

- 7 (a)** The Bank has adopted Credit Risk Mitigation (CRM) Techniques and Collateral Management (CM) guidelines issued by RBI under Master circular – Prudential guidelines on capital Adequacy and Market Discipline – New Capital Adequacy Framework (NCAF) (vide RBI Master Circular dated July 01, 2015).

The Bank has utilised credit risk mitigation in the case of Bank's own deposits, Kisan Vikas Patra, LIC policies, National Saving Certificate and gold, wherever the collateral is identifiable, marketable and enforceable and complies with RBI requirements. Sovereign exposures and Sovereign guaranteed exposures are risk weighted as per RBI directives.

The general principles applicable for use of credit risk mitigation techniques are as under:

- No transaction in which Credit Risk Mitigation (CRM) techniques are used has been assigned higher capital requirement than as otherwise identical transaction where such techniques are not used.
- The Bank has taken care to see that effects of CRM are not double counted. To ensure this no additional supervisory recognition of CRM for regulatory capital purposes are made available on claims for which an issue-specific rating is used that already reflects that CRM.
- Principal-only ratings will not be allowed within the CRM framework. The rating should cover principal and interest.

The Bank has, therefore, put in place robust procedures and processes to control these risks, including strategy, consideration of the underlying credit, valuation, policies and procedures systems, control of roll-off risks, and management of concentration risk arising from the use of CRM techniques and its interaction with the Bank's overall credit risk profile.

7 (b) Eligible Financial Collateral:

The following collateral instruments are eligible for recognition in the comprehensive approach: -

- Cash (as well as certificates of deposit or comparable instruments, including fixed deposit receipts, issued by the lending bank) on deposit with the bank which is incurring the counterparty exposure.
- Gold: Gold would include both bullion and jewellery. However, the value of the collateralized jewellery should be arrived at after notionally converting these to 99.99 purity.
- Securities issued by Central and State Governments
- Kisan Vikas Patra and National Savings Certificates provided no lock-in period is operational and if they can be encashed within the holding period.
- Life insurance policies with a declared surrender value of an insurance company which is regulated by an insurance sector regulator.
- Debt securities rated by a chosen Credit Rating Agency in respect of which banks should be sufficiently confident about the market liquidity where these are either:
 - Attracting 100 per cent or lesser risk weight i.e., rated at least BBB(-) when issued by public sector entities and other entities (including banks and Primary Dealers); or
 - Attracting 100 per cent or lesser risk weight i.e., rated at least CARE A3/ CRISIL A3/ India Ratings and Research Private Limited (India Ratings) A3/ICRA A3/Brickwork A3/ SMERA A3 for short-term debt instruments.
- Debt Securities not rated by a chosen Credit Rating Agency in respect of which banks should be sufficiently confident about the market liquidity where these are:
 - issued by a bank; and
 - listed on a recognised exchange; and
 - classified as senior debt; and
 - all rated issues of the same seniority by the issuing bank are rated at least BBB(-) or CARE A3/ CRISIL A3/ India Ratings and Research Private Limited (India Ratings) A3/ ICRA A3/Brickwork A3/SMERA A3 by a chosen Credit Rating Agency; and
 - the bank holding the securities as collateral has no information to suggest that the issue justifies a rating below BBB(-) or CARE A3/ CRISIL A3/ India Ratings and Research Private Limited (India Ratings) A3/ICRA A3/Brickwork A3/ SMERA A3 (as applicable); and
 - Banks should be sufficiently confident about the market liquidity of the security.
- Units of Mutual Funds regulated by the securities regulator of the jurisdiction of the bank's operation mutual funds where:
 - a price for the units is publicly quoted daily i.e., where the daily NAV is available in public domain; and

- b) Mutual fund is limited to investing in the instruments listed in this paragraph.

8. SECURITIZATION EXPOSURES

As per RBI guidelines on Securitization exposure, Investments by banks in securitized assets, representing loans to various categories of priority sector, except 'others' category, are eligible for classification under respective categories of priority sector lending (PSL) depending on the underlying assets.

In the current financial year, there have been two investments in securitized assets. During FY 2015-16 the Bank made investments in securitised assets aggregating to `949.5 million, the outstanding of this as on March 31, 2016 was `656 million. During FY 2014-15 the Bank made investments in securitised assets aggregating to `3,085.2 million, the outstanding of this as on March 31, 2016 was `348.1 million. The norms regarding due diligence, stress testing and credit monitoring are complied with for these cases.

9. MARKET RISK IN TRADING BOOK

Market risk refers to the uncertainty of future earnings resulting from changes in interest rates, foreign exchange rates, market prices and volatilities. The Bank assumes market risk in its lending and deposit taking businesses and in its investment activities, including position taking and trading. The market risk is managed in accordance with the investment policies, which are approved by the Board. These policies ensure that operations in securities, foreign exchange and derivatives are conducted in accordance with sound and acceptable business practices and are as per the extant regulatory guidelines, laws governing transactions in financial securities and the financial environment. Market Risk in Trading Book is assessed as per the Standardised Duration approach. The capital charge for Held for Trading (HFT) and Available for Sale (AFS) portfolios is computed as per Reserve Bank of India prudential guidelines.

Market risk management objectives:

The objectives of market risk management are as follows:

- Management of liquidity
- Management of interest rate risk and exchange rate risk.
- Proper classification and valuation of investment portfolio
- Adequate and proper reporting of investments and derivative

products

- Compliance with regulatory requirements

Structure and organisation of the market risk management function:

The Board, through Risk Management Committee, approves the policies with regard to identification, measurement and control of market risks (Interest Rate Risk and Foreign Exchange Risk) and Liquidity Risk. Market Risk department is an independent function. The Market Risk Department exercises independent control over the process of market risk management and recommends changes in processes and methodologies for measuring Market Risk.

Strategies and processes:

To comply with the regulatory guidelines and to have independent control groups there is clear functional separation of:

- Trading (Front office)
- Monitoring and control (Middle office) and
- Settlements (Back office)

The strategy/ guidelines for controlling market risk include:

- Direct involvement of experienced line management
- Stringent controls and limits
- Strict segregation of front, middle and back office duties
- Comprehensive periodical reporting of positions
- Regular independent reviews of all controls and limits
- Rigorous testing and auditing of all pricing, trading and risk management

The scope and nature of risk reporting and measurement systems:

Reporting:- The Bank periodically reports on the various investments and their related risk measures to the senior management and the committees of the Board. The Bank also periodically reports to its regulator in compliance with regulatory requirements.

Measurement:- The Bank has devised various risk metrics for measuring market risk. These are reported to Asset Liability Management Committee by Market Risk Management Department. Some of the risk metrics adopted by the Bank for monitoring its risks are Value-at-Risk, Earnings at Risk, Modified Duration, Stop Loss limits amongst others.

10. OPERATIONAL RISK

Operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external

events. Operational risk includes legal risk but excludes strategic and reputation risks.

The Bank has put in place a Board approved Operational Risk Management Policy which outlines overall framework for management of Operational Risk. The Bank has identified Key Operational Risk Indicators (KORIs) across various units, which are measured, monitored regularly and reported to Operational Risk Management Committee (ORCO) on monthly basis. The Bank has a robust system of reporting Operational Risk events across various units through identified Operational Risk Officers, who are given adequate training to identify and report such events as and when they occur. The Bank has a very effective system of recording and reporting operational losses booked. The Bank also collects qualitative data on self-assessment of operational risk faced by various units through Risk Control Self-Assessment (RCSA) exercise.

The Bank has implemented Periodic Risk Identification and Controls Evaluation (PRICE) system with a view to develop policy framework for identification and documented plan to mitigate various risks in the Bank. The PRICE system is expected to provide a robust overview of various risks being identified proactively that remain un-mitigated. The PRICE system is pivotal in continuous assessment of our risk and control environment and prioritise our remedial efforts based on risk/impact.

The Bank manages Operational Risk by way of adopting best practices in processes as well as products. All the new and existing process are subjected to rigorous review by Management Committee for Approval of Process (MCAP), which comprises of senior management personnel with diversified experience in banking. Utmost importance is given on communication and understanding of processes at transactional level and compliance to same are monitored through effective internal audits.

The Bank understands the criticality of business continuity in the event of any undesirable / unforeseen incident and has put in place an exhaustive Business Continuity Plan (BCP) in place which is subject to periodic drills. The Bank has robust Information Technology set up with Disaster Recovery (DR) site for critical functions and backups. Further there is a strict adherence to Information Security Policy across the Bank.

As per the mandate from RBI, the Bank is following the Basic Indicator Approach (BIA) for assessment of Operational Risk Capital. The Bank has taken quantitative and qualitative steps in view of moving towards advanced approaches as prescribed by RBI.

Capital requirement for operational risk as per Basic Indicator Approach (BIA) as on March 31, 2016 is ₹ 790.8 million.

11. INTEREST RATE RISK IN BANKING BOOK

Interest Rate Risk in the Banking Book (IRBBB):

Interest rate risk is the potential change in Net Interest Income (NII) or Economic Value of Equity (Balance Sheet impact), caused by unexpected changes in market interest rates. Since NII or Net Interest Margin (NIM) of Bank is dependent on the movements of interest

rates, any mismatches or gaps in the cash-flows on re-pricing dates exposes Bank's NII or NIM to interest rate risk. Interest Rate Risk in Banking Book results from an unavoidable position or gap arising from Bank's normal day to day business by holding assets and liabilities in different maturities and different re-pricing dates.

Risk management framework and monitoring:

The Board of the Bank, through Risk Management Committee (RMC), has overall responsibility for management of risks and it sets limits and policies for management of liquidity risk, market risk including foreign exchange, interest rate and equity risk. The Asset Liability Management Committee (ALCO), a strategic decision making body constituted by Board, headed by Managing Director and comprising of senior executives of the Bank is responsible for deciding the mix and maturity profile of the assets and liabilities, recommendation of risk policies, setting up of prudential limits to manage the risks and ensuring compliance with the limits set by the Board. The ALM policy of the Bank includes the prudential limits on interest rate risk, liquidity risk, foreign exchange risk and equity risk.

Market Risk Management Department is responsible for monitoring the limits laid down in the ALM Policy through various reports. These reports are prepared at regular intervals and exceptions/deviations are reported to the ALCO/RMC, as may be required by the ALM policy.

Risk measurement and reporting framework:

As a part of its regular activities, ALCO manages the impact of the interest rate risk in banking book, through various limits, reports and tools such as interest rate sensitive gaps, Earnings at risk analysis, duration gap analysis, stress testing, etc. detailed as follows:

Interest rate sensitivity gap:

The interest rate gap risk, at any given date, is the risk arising from the mismatches in the assets & liabilities over the different time intervals. These mismatches or gaps are arrived at after matching rate sensitive assets and rate sensitive liabilities in the particular time bucket taking into account all assets and liabilities (including off Balance Sheet exposure). The rate sensitive assets and liabilities are grouped in the buckets as per the residual maturity or re-pricing date, whichever is earlier and is reported on monthly basis. The gap indicates whether net interest income is positively or negatively impacted by a change in interest rates and the magnitude of the gap approximates the change in net interest income for any given interest rate shift. Limits are fixed on individual gaps.

Earnings at Risk Analysis (EaR):

The gaps in the report indicates whether the Bank is in a position to benefit from rising interest rates by having a positive gap (RSA > RSL) or whether it is in a position to benefit from declining interest rates by a negative gap (RSL > RSA). The Bank monitors the Earnings at Risk on NII for 1% change in interest rates on the open periodic gaps.

Stress testing:

The Bank measures the impact on NIM/ EaR after taking into account various possible movement in interest rates across tenor and impact on the earnings is calculated for each of these scenarios. These reports are prepared on a quarterly basis for measurement of interest rate risk.

Duration gap analysis:

Movement in the interest rates also have a long-term impact on the market value of equity of the Bank, as the economic value of the Bank's assets, liabilities and off-Balance Sheet positions get affected. Duration is a measure of interest rate sensitivity of assets, liabilities and also equity. It may be defined as the percentage change in the market value of an asset or liability (or equity) for a given change in interest rates. Thus Duration Gap Analysis measures by how much the market value of equity of a firm would change for the possible change in the interest rates.

The following tables show the impact on NII and economic value of equity for a given change in the interest rates. The impact is calculated assuming parallel shifts in the yield curve across all time buckets.

12. General disclosures for exposures related to counterparty credit risk**Counterparty exposure**

Counterparty credit risk in case of derivative contracts arises from the forward contracts. The subsequent credit risk exposures depend on the value of underlying market factors (e.g., interest rates and foreign exchange rates), which can be volatile and uncertain in nature. The Bank does not enter into derivative transactions other than forward transactions.

Credit limits

The credit limit for counterparty bank is fixed based on their financial performance as per the latest audited financials. Various financial parameters such as NPA ratios, liquidity ratios, etc are taken into consideration while assigning the limit. Credit exposure is monitored daily to ensure it does not exceed the approved credit limit. These credit limits are set on the notional exposure basis.

Credit exposures on forward contracts

The Bank enters into the forward contracts in the normal course of business for positioning and arbitrage purposes, as well as for our own risk management needs, including mitigation of interest rate and foreign currency risk. Derivative exposures are calculated according to the current exposures method.

DF 17- Summary comparison of accounting assets vs. leverage ratio exposure measure**Leverage Ratio:**

The leverage ratio is calibrated to act as a credible supplementary measure to the risk based capital requirements.

The Basel III leverage ratio is defined as the capital measure (the numerator) divided by the exposure measure (the denominator), with this ratio expressed as a percentage

$$\text{Leverage Ratio} = \frac{\text{Capital Measure (Tier 1 Capital)}}{\text{Exposure Measure}}$$
